

CREOSOLE ANTISEPTIC TABLETS
A simple and effective remedy for SORE THROATS AND COUGHS

The Company of the Policy-Holders

When you take out insurance in The Mutual Life, you become one of the owners of the company.

You have a voice in mapping out the policy of the company—a vote for the directors who appoint the officers—and you share equitably in all the profits.

There are no stock-holders—no enormous salaries—no expensive branch office buildings.

It is a MUTUAL Company—owned and controlled by the policy-holders.

Write to the Company Head Office, Waterloo, Ont., for report showing the wonderful growth of this popular company, or call on

J. O. ARSENAULT, General Agent

You have Not One Reason for Not Using Zutoo

Some people think that all headache cures are alike—that they all undermine the health, even if not perceived at the time of taking them.

Well, we'll admit that some cures do this, those, for example, which contain opium, morphine, antipyrine or chloral.

Zutoo Tablets do not contain one iota of any of the drugs above mentioned. They do not contain a single ingredient that does not come from Old Mother Earth herself.

One ingredient is soda—just old-fashioned soda that our grandmothers used to take to settle the stomach when they had sick headache.

There is not one ingredient in Zutoo tablets that is not approved by both the British and American Pharmacopias.

Your family physician, even if a personal friend, would approve of and prescribe every ingredient.

There is absolutely no reason why you should not use Zutoo.

If you suffer from headache there is every reason why you should.

Taken in time, two tablets will ward off a headache. Taken later, they will stop it in twenty minutes, and leave you feeling bright and well in both mind and body.

It is Harmless as Soda

MATHIESON & McDONALD BARRISTERS, SOLICITORS, Notaries Public etc.

THE GUARDIAN COVERS THE FIELD

The Guardian covers the City and Province within which it is published more fully and completely than any other newspaper printed in Canada.

With a daily circulation of five mornings and rural edition now about 8,000 and growing from day to day, it has broken all records for a daily publication in a small community.

Charlottetown has a population of 13,000 and Prince Edward Island has 103,000. The Guardian's daily circulation is therefore 1 to 13 of population in the city in which it is published, or 1 to 13 of the population of the Province. This is, the management believe, unequalled by any daily newspaper published in Canada.

Take one or two comparisons with other leading newspapers in other cities and Provinces.

St. John has a population of 40,000 and the Province of New Brunswick 330,000. St. John has five newspapers and among these The Telegraph and The Sun are perhaps the foremost. Each claims a circulation of about 8,000 or say as 1 to 5 of the population of that city and 1 to 40 of the population of the Province.

Or again, Toronto has a population of some 250,000 and the Province of Ontario but 2,225,000. The Toronto Globe is a great Canadian newspaper, known all over the world as one of the foremost journals. The Globe's published daily circulation is slightly under 50,000. That is as 1 to 5 of the population of Toronto and 1 to 44 of the population of Ontario.

The point is that The Guardian covers the field of its circulation three and a half times as well, if compared with population of the city, and over the times as well, taking the population of its Province, as the best New Brunswick and Ontario daily newspapers, and these are admittedly among the best in Canada.

These facts are printed in no spirit of boasting, but for the satisfaction of Guardian readers and advertising patrons alike. They have a right to know how completely their favorite Journal's endorsement by the reading public among whom it circulates and how completely it covers the field as an advertising medium in this City and Province.

To Suffer From Headaches Makes Life Miserable...

It takes a person that has had and is subject to headaches to describe the suffering which attends them.

The majority of cases are caused by constipation and dyspepsia. The dull throbbing, the intense pain, sometimes in one part, sometimes in another, and then over the whole head, varying in its severity by the cause which brings it on, purely indicates that there is something the matter with the stomach or bowels. To the fact that Burdock Blood Bitters reaches every part of the system is due its success in relieving and permanently curing headache. It has proven a specific for the malady in all its forms.

Mr. Wm. R. Gilchrist, New Mills, N.B., writes: "I was troubled for years with constipation and headaches, but after using four bottles of Burdock Blood Bitters I am completely cured."

Mr. John T. Kidner, Red Deer, Alta., writes: "I was troubled for several years with headache. I tried a number of remedies but they did me no good. I tried a bottle of Burdock Blood Bitters and it cured me completely."

For sale at all Druggists and Dealers.

PAIN OVER THE HEART.

FLUTTERING AND PALPITATION Dangerous Symptoms of a Dangerous Disease.

Heart pains rarely come from a diseased heart—but from an irritated Heart or "Stomach Heart."

The cause of the trouble lies with a bad stomach or non-action of the bowels. If you have pains over the heart, palpitation and fluttering of the heart, pains running down the left side, you know, too, that you have indigestion and that the bowels are not regular.

"Heart-tonics" won't cure because the trouble is not with the heart. "Fruit-a-lives" cure irritated heart—stop palpitation, pain and weak spells—because they act on stomach, liver and kidneys—improve digestion—regularize the bowels—tone up the appetite and build up the whole system.

"I had a nasty pain over my heart, which alarmed me. I consulted several physicians, but nothing did me any good. After taking 'Fruit-a-lives' I am entirely well." Mrs. A. Sutherland, Taylorville, Ont.

"Fruit-a-lives" are fruit juices in which the medicinal action is greatly intensified by the wonderful process of making them. Tonics and internal antiseptics are also added, and the new compound then made into tablets.

"Fruit-a-lives" never fail to cure irritated Heart. Take them on that guarantee. 50c a box; 6 for \$2.50. Sent on receipt of price if your druggist does not have them. Fruit-a-lives Limited, - Ottawa, Ont.

Stanfield's Underwear

(Chapter 6) After the best wool has been selected, washed, shrunk, combed, spun and knitted—the pure woolen fabrics go to the cutting room. Just as the tailor and dressmaker cut out garments by hand, so in the Stanfield mills, all the cutting is done by hand.

Some Underwear is cut out by machinery. Now, we have machines which do what human hands can't do. 18 of our spinning machines spin as much yarn as 16,546 spinning wheels. 88 of our knitting machines knit as much underwear as 17,234 women with needles—and do it without a dropped stitch or broken thread.

But we have never seen a machine that could cut out cloth as well as it can be done with shears in the hands of a skilled cutter. This is why Stanfield's Underwear is cut by hand.

On the other hand, all Stanfield's Underwear is sewed by machinery. It is quicker and better, because the sewing machines are run by electricity and because they sew inter-locking stitches, which make it impossible for seams to ravel.

As fast as garments are completed, they go to the laundry, to be washed by being revolved in big machines for an hour to determine that they are absolutely unshrinkable. Then each garment is tested on models—which range in size from 22 to 70 inches chest or bust measure—and its size thus exactly determined.

When you buy Stanfield's Underwear, you know that you are getting Underwear—made of the purest, strongest wool—that can't rip or ravel—that won't shrink or stretch—that fits perfectly—that wears longer.

Your dealer has all sizes and weights or can easily get them for you.

STANFIELDS LIMITED TRURO, N.S. 154

Cutting and Sewing

After the best wool has been selected, washed, shrunk, combed, spun and knitted—the pure woolen fabrics go to the cutting room. Just as the tailor and dressmaker cut out garments by hand, so in the Stanfield mills, all the cutting is done by hand.
