ALL NEWS OF LOCAL INTEREST

Reporters and Correspondents Everyw here.

Dr. Clift, late of P. E. I. and Nova Scotia, has been called to Charlottetown. Address inquiries P. O. Box 276. Nov 13 d w 3 m

No changes of ads can be received after one p. m. each day. Do not blame the management if your ad is not in before the above hour, as it is simply impossible to handle it later.

HALIFAX will have three good representatives in the All-Canadian team which will go to England. Yesterday "Cam" Macdonald, Dalhousie's stalwart forward, accepted the offer of a place on the team. The other two Halifax representatives are Bauld and Fenery both of the Wanderers.

REV. G. P. Raymond, held a very successful meeting at Hampton on Tuesday evening last in the interests of Sunday school work. A normal class was started with a good membership, and will meet in future on Thursday evenings. Mr Raymond spoke at Bonshaw last night and this evening holds a meeting at Appin Road.

J. B. Moore, the well-known barber, received a telegram yesterday informing him of the death of his father. John B. Moore, a well-known resident of Alberton P. E. Island. Deceased who passed away on Sunday, leaves a wife, besides three sons and one daughter grown up. Mr. Moore crossed to the island yesterday to attend the funeral.—Moncton Times.

FOR FARMERS TO THINK ABOUT.—An important letter from Mr. H. G. Wade, of the Dominion Shorthorn Breeders' Association appears in the Family Herald and Weekly Star of Montreal this week. It reads as follows: "It has been my privilege to read for a number of years from time to time, the farming papers not only of our own country but of the United States and Great Britain, and I beg to say that the agricultural news in the Family Herald and Weekly Star is alone worth many times the subscriptions price. Your Agricultural Editor is a good one and he appears to be thoroughly versed in all agricultural matters," signed H. G. Wade, Office Register of Live Stock, Toronto. Mr. Wade accompanied his letter with a year's subscription, one dollar. The Family Herald and Weekly Star is recognized as the best agricultural paper in America and as a family paper it excels in every department.

DIFFERENT reasons have given to Halifax merchants for the shortage in P. E. Island produce. One reason was that the farmers were looking for higher prices and were holding, the other was that there was a shortage in the crop. Last week the Herald wrote to a prominent Island man and received a reply stating that the potato crop of P. E. Island is not a large one this year by any means. Some farmers have good returns, it is true; but others have very poor ones. In some cases farmers are known, whose whole crop has missed. The spring was cold and wet and the seed failed to germinate. The markets opened at twenty cents, but few were handled at that place. Farmers would not neglect their ploughing to haul their potatoes to market. The price quickly went to 22, 23, 24, 25 and in some cases 26 cents. Merchants on the Island state, however, that the outside markets will not justify this price, but a number of Nova Scotia vessels await cargoes in King's county, and will have to pay these figures or higher ones or go without. The farmers have visions of high prices in the spring, and as they have a fall of full and plenty they are not obliged to sell.—Halifax Herald.

Splitting Headaches.

CAN BE STOPPED AND THE CONDITIONS WHICH CAUSE THEM CURED BY FERROZ-ONE.

Poisons accumulated in the blood and spread with it every moment to all parts of the body. The brain becomes congested, the nerves irritated and the result is that awful headache so well known to the female sex.

Most of these poisons are absorbed into the blood from the waste matter that has accumulated in the intestines resulting from indigestion. Matter which should be promptly passed from the system through natural channels. Ferrozone cleanses the entire intestinal tract, and the liver and kidneys as well. It cures constipation and its many attendant evils. It makes the body strong and the blood pure, induces natural sleep, and enables one to eat and drink anything at any time without risk of headache, nervousness or skin eruptions. Ferrozone is nature's own remedy for headaches. It is a lasting potent tonic and the greatest health maker the world has ever seen. It masters all female arrangements, and restores weak, sickly women to a healthy vigorous condition of mind and body. No other remedy so effectually meets the requirements of a health giving tonic and regulator as Ferrozone. Every woman and growing girl can derive marvellous benefit from its regular use, and if you suffer from Chlorosis, Anaemia, Indigestion, Dyspepsia, Poor Appetite, Nervousness of female disorders of any kind, you can make no mistake in selecting Ferrozone for a cure. Every reliable druggist recommends and sells Ferrozone for 50 cents a box. Be sure you get the genuine article, and refuse a substitute. Remember the name and insist on only Ferrozone. Sent to your address if price is forwarded to N. C. Poisson & Co., Kingston, Ont.

A GRAND literary entertainment—and basket social will be held in Afton Hall on the evening of Friday 28th inst. City talent will contribute—doors open at 7 o'clock, admission 10 cents. Ladies with baskets free. Should the evening prove unfavorable it will take place the following evening, proceeds in aid of repairs on Long Creek Baptist church.

A CORRESPONDENT writes: It might be well for the travelling public to know that the condition of Connors' Bridge on the Fristan Road and Clow's Bridge on Suffolk Road is most unsatisfactory, the railing in both cases being broken down. Thus it is almost impossible for teams to pass each other especially after night. As the road taxes have been increased the people naturally want to see the bridges made safe at least for ordinary traffic.

To-night our citizens will have the pleasure of listening to one of Canada's foremost public speakers, one who has many friends in Charlottetown and one who is well qualified to do justice to a patriotic subject such as "Canada in Picture and Story," upon which Rev. G. M. Campbell will speak in Kindergarten Hall this evening. The Rev. gentleman's eloquence and depth of thought has established his reputation as an orator second to none in our Dominion. The object of the lecture is also an excellent one—in aid of the P. E. Island Hospital and there is no doubt that the ladies having the affair in charge will be greeted with a crowded house.

REMARKABLE SUCCESS.

Of a New Catarrh Cure.

A large and constantly increasing majority of the American people are catarrh sufferers. This is not entirely the result of our changeable climate, but because modern investigation has clearly proven that many diseases, known by other names, are really catarrh. Formerly the name catarrh was applied almost exclusively to the common nasal catarrh, but the throat, stomach, liver, bladder, kidneys and intestines are subject to catarrhal diseases as well as the nasal passages.

In fact, wherever there is mucous membranes there is a feeding ground for catarrh. The usual remedies, inhalers, sprays, douches or powders, have been practically failures, as far as anything more than temporary relief was concerned, because they simply dry up the mucous secretions, without having the remotest effect upon the blood and liver, which are the real sources of catarrhal diseases.

It has been known for some years that the radical cure of catarrh could never come from local applications, but from an internal remedy, acting on the blood and expelling the catarrhal poison from the system.

A new internal preparation which has been on the market only a short time, has met with remarkable success as a genuine, radical cure for catarrh.

It may be found in any drug store, sold under the name of Stuart's Catarrh Tablets, large pleasant tasting lozenges, composed principally of antiseptic ingredients, Blood root, Red Gum and similar catarrh specifics.

Dr. Ainslee in speaking of the new catarrh cure says: "I have tried the new catarrh remedy, Stuart's Catarrh Tablets, upon thirty or forty patients with remarkable satisfactory results. They clear the head and throat more effectually and lastingly than any douche or inhaler that I have ever seen, and although they are what is called a patent medicine and sold by druggists, I do not hesitate to recommend them as I know them to be free from cocaine and opiates, and that even a little child may use them with entire safety."

Any sufferer from nasal catarrh, throat or bronchial trouble, catarrh of the stomach, liver or bladder will find Stuart's Catarrh Tablets remarkably effective, pleasant and convenient, and your druggist will tell you they are absolutely free from any injurious drug.
