BRITISHERS MAY WHISTLE TO KEEP UP COURAGE

Rev. Dr. McKay Says There is Great Unrest in India—Influence of the Jaqanese in the East.

TORONTO, Feb. 11.—Rev. Dr. MacKay, Secretary Presbyterian Foreign Missionary Society, who has spent about a year and a half in the Orient and has just returned, in a recent interview spoke as follows:—

"The trip was delightful throughout I have been favored both on land and sea by favorable weather, enjoyed good health and received boundless kindness from missionaries everywhere; everything they could do to make my visit profitable they were ready to do.

"Yes, I was away four months longer than I had expected to be when I started but I found the time too short for the work that ought to be done in order to make such a visit effective. Impressions are not enduring if the transitions are too quickly made from one country to another. One would like to stay long enough in a place to become somewhat familiar with the conditions and relations of society, but that takes time."

"What is the general impression as to conditions in the East?"

"The most distinctly felt impression is that the East is throbbing with new life. The East and the West have met at a hundred points and they are absorbing all we have to give. That is especially true in China, and as usual the pendulum swings too far. What we call democracy they are apt to interpret a anarchy: There are many thousands of young men in China that are in a dangerous as well as interesting condition,"

"What about the unrest in India?"

"It is felt everywhere, It is talked about everywhere, and is the cause of much anxiety, however much Britishers may whistle to keep up courage. It is another phase of new life that is stirring in all the East, 'India for the Indians,' 'China for the Chinese,' and 'Japan for the Japanese.' No people of three hundred millions wants foreign domination. Great Britain is educating India away from the colonial up to the independent estate, and it ought to be said that Britain is doing it magnanimously and honorably. A British official in India said to me, 'England has her faults, and no doubt made mistakes in India, but there is not in the world today a more righteous government than that of the Brit on in India.'

"I believe that is literally true. No other nation has such a colonial record as that of Britain in India, and if it should mean by and by an independent India educated to self-government, so much the better for the world and so much more honor to the nation that has brought it to pass."

FOWLER MAKES SAVAGE ATTACK

Says United States Currency System Is Worst in the World

WASHINGTON, Feb, 11.—Addressing the house on the financial question. Mr. Fowler, chairman of the committee on banking and currency, declared that the United States had the worst financial and currency process in the world, instead of the best. "What is the acute question?" he required: "It is a bond-secured currency?" If that were a wise and proper form of currency, he asked, why had not some nation adopted it by this time? Japan tried it over night, he said, but quickly gave it up.

Mr. Fowler favored gold coin reserves. United States notes, he said, were "mere promises to pay." They were issued during the war, he said, and they had never been retired because neither the Republican nor the Democratic party had the political courage to do its duty.

The subtreasury system of the government was attacked by Mr. Fowler as a curse to trade and commerce. "It is a source of suspicion?" he declared, "a source of hatred, a source of sectional rivalry."

They Are Seeking A New Place To Emigrate To

VICTORIA, B.C., Feb. 11.—News was brought by the Empress of India from Yokohama that since the restrictive measures against migration to America the Japanese emigration companies are looking to South America. The steamer Itsu Kushama has been chartered by the America Emigration Company to take 1,000 Japanese to Peru, and another emigration company has been permitted to despatch 500 to Callao. Representatives sent to Brazil by the Kokoku Emigration Company have returned after making arrangements to send 3,000 Japanese yearly to that country.
