Hard of Hearing Canadian Praises Aurine Ear Balsam

A simple home treatment which is bringing new hope and happiness to sufferers everywhere. H. E. Blasieck of New Brunswick, writes: "I have used one bottle of AURINE EAR BALSAM, and it has been a wonderful help to me, for some months I have not been able to hear plainly. My family talk at the table was a jumble to me and had to have repeats so often that I feared I would never hear plainly again. I have not heard the clock strike for months, the radio was a thing of the past. Now after using one bottle of AURINE EAR BALSAM I can converse with the family as in the good old days, hear the clock striking and listen in on the programmes presented over the air and beginning to enjoy the life in the past. I would highly recommend AURINE EAR BALSAM to anyone who is hard of hearing for I know it will do them good. Before you invest in expensive hearing devices try one bottle of AURINE EAR BALSAM. See if it doesn't help you too. If you are hard of hearing, have ringing and buzzing in the ears, AURINE EAR BALSAM today. Relief is quick. Costs only a few cents a day. Money back if it does not help you. For sale.

In Memoriam

WILLIAM STEWART
The death occurred at the Sacred Heart Home on April 23rd, 1939 of William Stewart, aged 82 years. Although in failing health for some time, he was only confined to his bed one month. He spent the last two winters in the Sacred Heart Home. Last May he returned to his old home in Fairview to spend the summer months. Last October he returned to the Sacred Heart Home where he remained until his death. He was fortified by the rites of the Catholic Church, of which he was a devoted member. He was highly respected in the community in which he lived and will be greatly missed by old and young. He always had a kind word and joke for all.

MRS. MARGARET KENYON

The death occurred at her home in Lawrence, Mass., on Thursday, April 6th, of Mrs. Margaret Kenyon after a short illness, although being in failing health for a number of months. She received all that medical skill and kind nursing could give, but the end came suddenly hastened by a paralytic stroke. The deceased was born at North Lake, Prince Edward Island, 76 years ago, the daughter of the late Mr. and Mrs. John P. Campbell. At an early age she moved to the United States, where she met the late Michael Kenyon, whom she made her life partner until his demise. After the death of her husband, she made her home with her daughter, Mrs. William F. Hickey, who tenderly cared for her until her death.

Rotary District Conference

Chairmen of the different committees met with District Governor "Laurie" Alline last night in the Canadian National Hotel to discuss arrangements for the District Conference to be held here June 7th and 8th. The publicity committee reported that each Rotarian in the district would receive the attractive folder prepared for the Travel Bureau in addition to literature pertaining to the conference. Rotarian P. W. Clark said the present he had no difficulty in having an extra crossing of the car ferry on the evening of June 6th should the volume of traffic make this advisable.

MR. THOMAS CAMPBELL
The death occurred at his home in the city yesterday of Thomas Campbell, one of Charlottetown's best known residents in his 89th year. Taken suddenly ill on Easter Sunday, the late Mr. Campbell gradually grew weaker until his end came shortly after noon yesterday. Born in North Wiltshire, he entered the contracting business with his father the late Thomas Campbell, after completing his studies. The late Mr. Campbell by his industry and intelligence achieved marked success and had acquired considerable property in this city. He was a man of honesty and integrity and during his long career had made many friendships. His passing will be learned with regret, not only in this city but throughout the province. He was one of the original contractors of the P. E. Island Railway long before Confederation. He opened the first gravel pit in the city and was the owner of the large stone quarry, which was later purchased by the city for the wharf at Launceston.

Place Names of Island Province Rich in History

(By The Canadian Press)
CHARLOTTETOWN, April 22.—In Prince Edward Island, Canada's most thickly settled province, the place-names originate from three sources—the Micmac Indians, the French and the British. Most of the Indian names, however, have been given a French form of spelling. The island itself was called "Epigawit" or "Abegawit" by the Micmacs, meaning "cradled on the waves." With the advent of the French occupation it was called Isle St. Jean. When the English took possession of the province they translated the name to St. John's Island. But this clashed with Saint John of New Brunswick and St. John's of Newfoundland so it was renamed Prince Edward Island.

Place Names of Island Province Rich in History

Indian names surviving on Prince Edward Island today include Bedeque Bay, Casumpeque Bay, Malpeque Bay, Mimmegash Pond, Paspeque River, Tracadie Bay and Tracadie Bay. The French influence is revealed in the spelling, Bedeque for Bedec and Malpeque for Malpek. The Micmac names were highly descriptive. Bedeque is a corruption of the Indian word meaning "a hot place." Casumpeque is a "bold sandy shore"; Malpeque is a "large bay." Mimmegash freely translated describes a "portage place"; Paspeque means "the forks of a river," or "entering at right angles." English means a "paddle." "Large bay" is derived from a word meaning "camping ground." Names surviving from the French regime, untranslated, include Courbin Island, Courpaud Settlement, Doroche Point, Fortune Bay, Fortune Cove, Gasparus Settlement, Morel River, Naufrage Pond, Rustico Settlement and Souris River. A few French names are in use today in translated form, such as St. Peter's Bay, once known as St. Pierre.

Place Names of Island Province Rich in History

After the ratification of the treaty of peace with France in 1763, the British Government set about to colonize the fertile island. Captain Samuel Holland, an army officer detailed to survey the colony, named about 160 places. Most of the names he designated were personal ones. Such names as Wolfe Cape, Monckton Cove, Goolvie Bay and River, and Murray River and Harbour, which survive today, were named after distinguished soldiers and sailors with whom Captain Holland served at the sieges of Louisbourg and Quebec. After Holland's survey only smaller features remained to be named. Most of the names of these later settlements, such as Belfast, Cavendish and Dundee, indicate the hopes of the Irish, English and Scotch ancestors of the citizens living here today. Perhaps the more beautiful names were conferred on settlements by the Scotch settlers. A wealth of folk tales and romance lies behind such names as Dunstaffnage, Gairloch, Glendale, Glenfanning, Glenfinnan, Gleggarry and Stratgartney.

LAYERS' RATIONS
—THE IMPORTANCE OF THEIR PROTEIN AND MINERAL CONTENT
Every 3 oz. egg demands over 1/2 oz. of protein and certain minerals from the layer—in addition more protein and minerals must be provided to maintain condition. Obviously, therefore, the source of the minerals and protein in the laying ration must be absolutely reliable, and no better guarantee can be had than the addition of a suitable quantity of FASTERFAT to the mash. FASTERFAT is consistently high in protein and minerals and uniformly low in fat content. The protein content of FASTERFAT is over 90% digestible by all stock.

TWINS MEET AGAIN ON GOOD FRIDAY

CLACE BAY, N. S., April 20.—(OP)—Good Friday 20 years ago saw the reunion of twin sisters, Mrs. Marie Landis and Mrs. Malcolm Campbell, and this year on the same day they met again for the first time since 1919. On that occasion Mrs. Campbell, a young bride accompanying her soldier husband, landed in Canada and was greeted by her twin, Mrs. Landis. This Good Friday, Mrs. Landis arrived from England to visit her sister and brother-in-law here.
