

Children Cry for Fletcher's CASTORIA

Fletcher's Castoria is strictly a remedy for Infants and Children. Foods are specially prepared for babies. A baby's medicine is even more essential for babies. Remedies primarily prepared for grown-up; are not interchangeable. It was the need of a remedy for the common ailments of Infants and Children that brought Castoria before the public after years of research, and no claim has been made for it that its use for over 30 years has not proven.

What is CASTORIA?

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is pleasant. It contains neither Opium, Morphine nor other narcotic substance. Its age is its guarantee. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic and Diarrhoea; allaying Feverishness arising therefrom, and by regulating the Stomach and Bowels, aids the assimilation of Food; giving healthy and natural sleep. THE COLONEL'S LADY'S MAID

A young flying officer met a pretty girl—informally at Conroy Island one afternoon. She was dressed awfully swell, and when they separated she gave him a very fashionable New York address; so the next time he was in town he wired her to meet him at the Ritz for dinner. She turned up, looking smarter than ever and after dinner they did a theater. A brother officer sat in a box, and the young airman waved to him, but got a rather quizzical response. "What ails Topper?" he thought, and at the end of the act his question was answered. "Hello, there!" Topper said, coming up to him in the lobby. "I don't mind you taking out my wife's maid, old man, but I wish to goodness you'd ask her to wear her own frock."—London Answer.

THERE ARE STILL PLENTY OF HORSES.

Despite the growing use of the automobile, there were never before so many horses in the United States and they never were before so valuable.

The Block Signals Are Working—

In some respects, human experience is like railroading.

Every moment of the business and social day the block signals are giving right of way to keenness and alertness—while the slow and the heavy must wait on the sidetrack for their chance to move forward.

The ability to "go through" and to "get there" depends much on the poise of body, brain and nerves that comes with correct diet and proper nourishment.

That's why so many choose Grape-Nuts for breakfast and lunch. Served with cream or milk it is completely nourishing, partly pre-digested, and it supplies the vital mineral salts so necessary to full nutrition.

Grape-Nuts has a rich, delightful flavor, is ready to serve on the instant—and is distinctly the food for mental and physical alertness and speed. At all grocers.

FORMER ISLAND LADY.—The death occurred recently of Miss Fisher, wife of the Rev. Geo. Fisher, of Vancouver, B. C. Her husband was for many years minister of St. John's Church, Bathurst, N. B., where Mrs. Fisher was a member. She was formerly Miss Mutch of Hopetown, P. E. I. Her husband, four sons and two daughters survive.

GRANVILLE NOTES.—The weather this fall has been very favourable. Up to the present very little housing of stock has been done. This is saving a large quantity of fodder which is not very plentiful this fall. Farmers have most of their fall work done such as ploughing, fruit picking, gathering in turnips and potatoes, etc. nearly done. Mr. Wm. R. Taylor and Mr. George Weeks have each erected new residences this summer; both have finished their houses outside but are leaving the inside until spring. They intend occupying their homes next summer. Our energetic blacksmith Mr. Wm. Gunn, has greatly improved his premises during the last seven or eight months and is now doing considerable business as anyone could tell by the noise of his engine, hammer, planer, saw, etc. His work is very much appreciated by the general public. Mr. Dave Spears and John Warren are busily engaged in smelt fishing. They report the smelt scarce as yet but hope for better later in the season. Mr. James Burgoyne has the contract of hauling the smelts to the station. Mr. Fred Morris one of our most successful Islanders abroad, who has been visiting his parents, Mr. and Mrs. Cyrus Morris, has returned to his home in the Canadian West. Our school is doing exceptionally good work under the management of Miss Tuplin. She is quite a favourite in the district especially with the young men. Mr. Earl Henry who has been out West for a few months has returned and has taken up his abode at his uncle's Mr. A. K. Henry's. He is not very favourably impressed with the West and says he prefers "peaking" about on the island.

MARTIME PACKERS MET.—Maritime lobster packers met in Amherst last Wednesday in a discussion upon ways and means of improving the quality of canned lobsters. With the packers were Mr. Warren Fisher Eastern representative of the Department of Marine and Fisheries, and Mr. H. R. Thompson, Secretary of the Maritime Branch of the Canadian Manufacturers' Association, with whom the lobster packers were affiliated. The packers present were: Hon. Fred McGee, Port Elgin; H. H. Hornby, Charlottetown; G. S. Lee, Halifax; R. H. Williams, Halifax; W. F. Tidmarsh, Charlottetown; C. R. Savage, Port Elgin; J. G. Arsenault, Cape Edmont; Pascale Gallant, Summerside; J. A. Kelley, Shediac; C. H. Milton, Port Elgin; W. J. Allan, Port Elgin, and others.

REPORT OF WOMEN'S INSTITUTES OF P. E. I.—**Fairview.**—On November 2nd, the Fairview held their regular meeting at the home of Mrs. M. Melsae. There was an attendance of seven members and eight visitors. It was decided to sell ice cream at the political meeting to be held in the Afton Hall to raise funds. One new member was added to the Institute at this meeting.

Harrington.—This institute was reorganized on the evening of November 14. The meeting was held at the school. The following officers were elected, President, Miss Rebecca Stewart; Vice Pres. Mrs. W. Rodd; Secretary, Miss Mason. Directors, Mrs. Wise, Mrs. Newson, Mrs. Houston; Auditors, Mrs. Bryenton and Mrs. Rattray. A collection of canned goods and apples was made for the Prince Edward Island Hospital. The fourth Monday of each month was chosen as the regular day of meeting. The next meeting will be held at the school on the afternoon of November 28th.

Sherbrook.—The regular meeting of the Sherbrook Women's Institute was held at the home of Mrs. George Pickering on the afternoon of November 16th. There were twenty two women present. It was decided to have Miss MacPadden lecture in the school on the evening of Tuesday, Nov. 22, at which a sale of candy will be held. A globe has been purchased for the school by the Institute, and the buying of measures for the school and a new map of the Dominion of Canada was considered. Five new members are added to the Institute. A fine collection of articles for the Orphanage was made at this meeting, consisting of 9 pairs mitts, stockings, boots and slippers, underwear two knitted caps and one woolen scarf, soap, one boy's coat, skates, petticoats, night gowns, books, one puff and two quilts. A Demonstration on First Aid was given by Miss Carruthers. Lunch was served and a very pleasant time was spent.

New Annapolis.—The regular meeting of this institute was held at the home of Mrs. N. J. McNeil on the evening of November 16th. About thirty-five were present at this meeting. After the singing of the Institute Ode and "Oh Canada," the school committee gave their report. It was decided to buy a bell for the school. A discussion followed as to the advisability of buying individual drinking cups for the children. A demonstration on First Aid was given by Miss Carruthers. The next meeting

WELL MERITED HONOR.—The sermon of Montreal and Ottawa was so favorable to the pastor, Principal D. J. Fraser of Montreal College, that it passed a resolution ordering that it should be printed for wider circulation. The sermon is spoken of as "a courageous plea for the spiritual ministry unfettered by tradition, trying to express the eternal realities into language and thought forms of today." In the absence of Dr. Fraser through illness, the sermon was read by Rev. J. W. Woodside, pastor of the synod church, Chaleurs Church, Ottawa.

ASBESTOS IN QUEBEC.—Large quantities of asbestos are used in the manufacture of pipe coverings. Asbestos piston rod covering, made of long fibre asbestos spun into strands, is used extensively on warships. Great quantities of asbestos millboard are used in the stove industry for lining oven doors. Asbestos for sheeting papers are used between floors and walls in roofing not only as a protection against fire but because an asbestos sheeting between walls prevents sounds from passing from room to room. IN MEMORIAM

MRS. GEORGE MADDEN

Bessie M. Bentley, beloved wife of George Madden, passed peacefully into eternity at Portland, Oregon, Oct. 12. Her illness had lasted through a considerable space, and defied all medical skill. At her death she had attained the age of thirty-nine years. She was a woman of sterling character, unselfish in her devotion to duty. To know her was to love her. Left to mourn are husband and a little daughter Frances, aged three years, her father, James T. Bentley, also her stepmother, Mrs. James Bentley, Kensington and four sisters, Mrs. Geo. H. McKay, Mrs. Irene Hinshel, both of Portland, Ore., Mrs. Fred Shaw, Beachmont, Mass., Jane Bentley, Los Angeles, Cal., who was with her in her last illness. Her remains were laid to rest in the Mt. Scott Cemetery, Portland, Ore.

Group Domination A Menace

to the development of Canada
and the unity of our people

THE original movement out of which the Crerar policy has developed, was set in motion by a group of grain traders in the West, headed by Wood, a Missourian, for the sole purpose of controlling Western wheat. The main interest of both Crerar and Wood, is not the raising of, but the exploitation of wheat.

As selfish interests were the foundation of the movement, so in its development selfishness continued to be its chief characteristic.

In fact, so selfish and dangerous has Crerar's policy become that a number of the men who originally took a leading part in the movement, men highly respected in farming communities, such public-spirited and patriotic men as Clark, Fletcher, Henders, Ferguson and others, have withdrawn from Crerar's group and have repudiated his plans as a step towards national suicide.

Crerar advocates everything for the special benefit of his group without regard to the great majority of the people and with no thought for the welfare of the Dominion as a whole.

He is committed to his group to destroy every vestige of the Tariff and introduce Free Trade—which would surely destroy the industries of our towns and cities, throwing many thousands of Canadian men and women out of work and driving them to the United States for a livelihood.

Crerar's policy presents Group Domination in a most menacing form, and as Fletcher said:—

"We must stamp out this system as we would deal with a dreaded disease and we have a right to expect the assistance of all people who respect Canadian institutions."
