## Thaw Tells Of Killing White

### Dr. Evans Repeated the Prisoner's Own Words to the Jury—Delmas Succeeded in Having Thaw's Will Admitted As Evidence

New York, Feb. 18.—"I never wanted to shoot the creature. I never wanted to kill him. I knew he was a foul creature, destroying the mothers and daughters of America, but I wanted through legal means to bring him to trial. I wanted to get him into court—to bring him to justice. But providence took charge of it, it was an act of providence."

This is Harry Thaw's own story of the killing of Stanford White. It was told by him to Dr. B. D. Evans, the alienist, last August in the Tombs. Today Dr. Evans repeated the prisoner's own words to the jury which is trying Thaw for his life.

Mr. Jerome fought hard last week against the introduction of this evidence which the defence believes conclusive proof that Thaw did not know his act was wrong. Only the testifying physicians had declared that in their opinion Thaw was insane at the time he made the statement to them, however, the rules of evidence permitted the introduction of the prisoner's words.

#### THAW'S WILL ADMITTED.

In further bulwarking their contention that Thaw was insane when he shot Stanford White, the defendant's counsel succeeded today in placing before the jury the will executed by Thaw the night of his marriage in April, 1905, and a council to the will executed at the same time. Again Mr. Jerome fought the evidence, but he significantly withdrew his objections after Dr. Evans had given it as his expert opinion that Thaw was insane at the time he executed the will. The fact that the District Attorney seems disposed to let in testimony of every character provided there is a preliminary opinion from the witness that the man was of unsound mind at the time, to which the testimony refers, was taken today as further indication that Mr. Jerome may, at the psychological moment, if he deems his hand strong enough, demand the appointment of a commission to pass upon Thaw's state of mind at the present moment.

#### PROVISIONS OF THE WILL.

The will and the codicil, as read to the jurors today, were offered in evidence as cumulative testimony of Thaw's mental unsoundness prior to the killing of White. In his will Thaw provided that the executor should set apart the sum of \$50,000 for the investigation of his death in case of a violent or suspicious end, and for the prosecution of the person suspected of having had a hand in his taking off. In the codicil Thaw left to a lawyer in Pittsburgh the sum of \$7,000 to be used in securing legal redress from Stanford White and one other person, whose name was not allowed to be used, for the benefit of young women, who, Thaw declared, had been the victims of Stanford White and other inhuman scoundrels.

#### THAW FEARED CONSPIRACY.

Thaw told the physician that, in his attempt to bring Stanford White to justice, he had complained to District At-

### LETTERS FROM MOTHERS.

Every day we get letters from mothers telling of the benefit of Baby's Own Tablets have been to their little ones. Some praise them for constipation, stomach and bowel troubles; others for breaking up colds and simple fevers; some as a great help to teething babies, while others go so far as to say that the Tablets have saved their little one's life. We have thousands of letters all praising the Tablets for they never do harm—always good. Mrs. Robert Farnes, Bell's Rapids, Ont., writes: "I would not be without Baby's Own Tablets in the house for a day. When anything ails my little one I give her a Tablet and she is soon alright. I am sure other mothers will find them quite as satisfactory." Sold by druggists or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

New Valencia Oranges for Marmalade 20 cents a dozen at Bear & God's. 2-2231.

## Poor Show for The Dyspeptic

Poisoned Stomach, Clogged Brain, Wavering Ambition, Failure—Unless He Seizes His Opportunity.

There's no good reason for any man's remaining a dyspeptic—a burden to himself and family, when he should be a producer.

There's only one reason why he has been a dyspeptic and that is because he has overworked his stomach so that it cannot secrete the juices and work the muscles necessary to digest the food.

What the dyspeptic must do is to help the stomach out. It is full of a poisonous pile of fermenting, nauseating food. Instead of being assimilated and carried by the blood to make nerve and muscle and rebuild the waste tissues, it lies there in active.

First, take an unobtrusive cathartic and get rid of this food.

Second, get a 50-cent package of Stuart's Dyspepsia Tablets from any druggist and take one at each meal and at bed time. The tablet will do the digesting while the stomach is regaining its force. Before the box is gone, your stomach will be vastly relieved if not cured. Why? Because Stuart's Dyspepsia Tablets contain the very elements which your stomach possessed when it was healthy—pepsin, diastase, golden seal and others. It was because your stomach kept losing its supply of these digestive ferments that you became dyspeptic.

Stuart's Dyspepsia Tablets do the work simply, surely, and without injury. They are not a medicine, but the working out of a scientific principle upon the food you eat.

Hundreds of sufferers in far worse condition than you have been positively cured of dyspepsia by these wonderful little tablets. Forty thousand physicians in the United States and Canada recommend them.

If you are uncertain and wish further proof, send us your name and address today for a free trial package, which we will gladly mail you at once. F. A. Stuart Co., 74 Stuart Bldg., Marshall, Mich.

For sale at all druggists.

## NEW BRUNSWICK FORESTERS MEET

FREDERICTON, Feb. 19.—Owing to the communication irregularities, Mr. Dr. Burke has had to decline the invitation of the New Brunswick Government to participate in the Forestry Convention now taking place at Fredericton.

Dr. Schenek of Baltimore, one of the striking figures of the Ottawa Council of last January, and America's foremost forester, just back to the University from his native Germany, writing his regrets at not being able to attend, says: "I shall never forget the interesting address of Rev. Dr. Burke at the various Canadian meetings, and often quote that happy saying of his, 'we have to dig out at the mouth of the river the fawns washed away its sources.'"

New Brunswick Foresters greatly regret Father Burke's absence. A delegation for the C. F. A. from Ottawa is present.

Much of consequence to Maritime forestry is being deliberated.
