**CONDEMN CARCASSES**  
Thirteen carcasses of geese at the  
local market were condemned by  
the City Food Inspector Dr. I. E.  
Croken at last Friday's market, it  
was learned. The carcasses were  
kept too long in a warm place, Dr.  
Croken explained. There was no  
sign of disease of any kind.

**MONTCALM ENROUTE HERE**  
—The C. G. S. Montcalm is en-  
route here from Quebec to assist  
the S. S. Karmoy leave this port  
when she completes discharging  
cargo of fertilizer, it was learned  
yesterday. The Karmoy will take  
on produce cargo at Souris and  
Georgetown.

**ATTEND YACHT SESSION**  
—Stipendiary Magistrate K. M.  
Martin and Mr. Mac Irwin are re-  
presenting the Charlottetown  
Yacht Club at a meeting of the  
Northumberland Straits Yachting  
Association at Moncton. Sessions  
opened yesterday. Mr. Fred Morris  
of this city, Commodore of the  
organization is in Florida and Mr.  
F. Commodore presided.

**BIRD OFFICER HERE** — Mr.  
R. W. Tufus of Wolfville, N. S.,  
Migratory Bird Officer for the  
Maritime Provinces, will visit  
Charlottetown today. He is sched-  
uled to meet members of the Prince  
Edward Island Government and  
Fish and Game Association here  
tonight to discuss proposed changes  
of dates of the open season on  
migratory birds, particularly geese.

**FUNERAL ON SUNDAY** — The  
funeral of John MacQuarrie was  
held from the residence of his  
daughter, Mrs. James Ford, Dou-  
glas Street, Charlottetown, Sat-  
urday evening on Sunday Janu-  
ary 1. Services at home and grave-  
side were conducted by the Rev.  
H. L. Denton of the Baptist  
Church, Fall River. The officiating  
clergyman was Henry Mac-  
Innis, William Castord, Angus  
MacInnis, William J. Cudmore  
and Percy J. Proud.

**PRESENTATION** — Miss Lily  
Aitken of the office staff of Frost  
& Wood, at Charlottetown, and  
Truro, severed her connection with  
the company this morning when  
she will leave this month for  
Toronto to spend the winter.  
On Saturday evening, New Year's  
Eve, Miss Aitken was presented  
with a leather handbag and  
Wattman's fountain pen and  
pencil by the managers and office  
staffs of the two offices. Mr. H.  
S. Callbeck, Charlottetown man-  
ager, made the presentation check-  
ing highly on her faithful ser-  
vice which Miss Aitken had ren-  
dered to the company. A letter  
was received from B. C. Holden,  
the Truro manager, who also paid  
a high tribute to Miss Aitken.

**FIRE DAMAGES APARTMENT**  
—Yesterday's early morning fire at  
the grocery store building on Mr.  
P. J. McDonald, corner Kent and  
Prince Streets caused considerable  
damage in an apartment on the  
second floor leased by Mr. Fred  
Budd, it was learned yesterday.  
The fire was kept following the blaze.  
In the grocery store below damage  
was slight confined to that caused  
by water. No smoke or fire af-  
fected that portion of the build-  
ing. The fire was extinguished by  
City firemen who spread tarpau-  
lins over goods on display. Two  
apartments adjacent to the Budd  
apartment escaped with very slight  
damage.

**KNIGHTS OF  
COLUMBUS  
FUNERAL NOTICE**  
Members are  
requested to meet at  
the residence, Brighton  
Avenue, Wednesday  
morning at 8:30 to at-  
tend the funeral of our  
late brother Matthew  
McCourt.

**Canon Haslam  
Is Speaker At  
Prayer Service**  
Last night the second meeting  
of the Week of Prayer was held  
in St. James Presbyterian Church.  
Rev. Dr. R. Moorhead Legate con-  
ducted the service of worship.  
Rev. Canon Haslam brought an  
inspiring message on the theme,  
"The Church Universal in the  
World."  
The speaker introduced the sub-  
ject by referring to Paul's  
conception of the Church found  
in Ephesians Chap. 1. Christ is  
the Head and the Church is His  
Body—This was followed by a  
reference to the message made by  
the prophet, "I will be to the  
Madras Conference. "Though  
we are assembled at one of the  
most fateful moments in the life  
of mankind, we are gathered here  
in despair because we know Him in  
Whom we have believed. Our atti-  
tude must be that of forward look-  
ing and forward moving."

**Livestock**  
MONTREAL, Jan. 3 (CP)—  
Receipts today on Montreal live-  
stock markets were: Cattle 1,136,  
calves 416, sheep 507, hogs 629.  
Calves and hogs were higher,  
cattle about steady and lambs  
easier.  
Cows were firm at \$4.50 to  
\$4.75 for good with an odd lot at  
around \$4.50 to \$4.25 for medium.  
Common butcher cows sold be-  
tween \$2.25 and \$2.75. Good heif-  
ers made from \$5.25 to \$5.50,  
medium \$4.50 to \$5 and common  
around \$4. Steers were moving  
slowly. A few lots of good steers  
making \$6.35 to \$6.75 with a few  
medium steers around \$5.50 to  
\$6. Good bulls made \$4.50 to \$5-  
25. Common bulls \$3.50 to \$4.  
The calf market was 25 cents  
higher. Good veals made \$10, to  
\$11.50 with medium kinds from  
\$10 to \$10.50 and common light  
weals down to \$8.50. Drinkers \$5  
to \$8 and grassers \$4 to \$4.50.  
Lambs were easier. A few good  
ewes and wethers made \$8 to \$8-  
50. The bulk of the lambs were  
sold in mixed lots with a large  
percentage of bucks at \$6.25, with  
an odd sale up to \$6.75. Sheep  
were \$2.25 to \$4.50, mostly \$3-  
80 to \$4.

Hogs were stronger at \$10 for  
medium fed and watered, and \$10  
to \$10.25 for trucks. Selects drew \$11  
per hog premium with the usual cuts  
on off grades. Sows were \$7.50 to  
\$9.50. Hoes sold at light grade  
brought \$18.65 cold weight.

top position since April last.  
Trading was inclined to slug-  
gishness at times and the western  
oils were fairly quiet also until  
the final hour when prices were  
stepped up quickly on good vol-  
ume. Home sold up to 3.50 and  
closed at 3.45 for a net gain of 23  
cents. Foothills firm 15 cents to  
1.20, Calgary-Edmonton added 10  
cents and issues finishing 3 to 6  
cents up for the day included  
Anglo-Canadian, Calmont, High-  
wood-Sarcee, Prairie Royalties,  
Model and Dalhousie. East-Crest  
and Davies firm narrowly. Roy-  
alties tightened up a small frac-  
tion.

Preston was a feature of the  
secondary golds, trading in good  
volume at an advance of 6 cents  
to 1.97. A few penny issues also  
came out in volume at better  
prices. Senior golds boarded few  
changes. McInyre was off 1-2  
cents. The base metal share market  
was dull with International Nickel  
selling down 1-2 and Noranda  
and Hudson Bay off minor frac-  
tions. Pender Orelle, Sudbury Basin  
and Sheratt dropped 1 to 8 cents.  
Butte, Combridge, Ventures and  
Waite-Amulet held to the up side.

merce 10.  
William Tidmarsh, Charlottetown:  
Distinction in Chemistry 1,  
English 10, German 1A,  
Philosophy 1, Physics 1.

**Judgment Given  
In County Court**  
Frank McEroy, plaintiff in an  
action in Queen's County Court,  
Judge C. Gavin Duffy presiding,  
was awarded judgment for \$26.90  
when the case concluded last week.  
Lyman Tremere was defendant.  
Mr. David L. Mathieson was At-  
torney for the plaintiff and Mr.  
Gordon H. Holmes, attorney for  
the defendant.  
In delivering judgment Judge  
Duffy explained the case was an  
action for thirty-nine dollars being  
the price of three hundred bushels  
of turnips at thirty cents per bushel.  
In September 1938 the plaintiff  
sold to the defendant one hundred  
bushels of turnips which passed  
inspection and were shipped.  
The defendant refused to pay for  
these he offered to sell three  
hundred bushels of turnips out of  
the same field to the defendant at  
the above price. Defendant agreed  
to accept the same and a few days  
later sent 300 bags to the Plain-  
tiff to contain the turnips which  
the defendant agreed to take a  
few days later. The bags were  
filled up shortly after with turnips  
which the plaintiff swears were in  
first class condition and equal in  
quality to the first lot shipped. He  
swears that a full bushel was put  
in each bag and the turnips were  
piled in the turnip field. This is  
not contradicted.  
The defendant did not notify  
the plaintiff to bring in the  
turnips but three weeks later ar-  
rived at the plaintiff's field with  
two motor trucks to take away  
the turnips. The weather had been  
very warm and the turnips were  
found to be soft and shrunken in  
weight, and were not taken away  
on that day. A few bags loaded on  
the trucks were taken off again.  
Some days later the defendant re-  
fused to take any more turnips  
and refused to pay for them, and this  
action was brought to recover the  
price.  
The case of Aldridge v Johnson  
(1887) 7 E. and R 885 seems to  
cover the point. There is of the  
plaintiff's sack were filled with  
barley from a bulk in pursuance  
of an agreement to sell 200 sacks  
out of the same bulk.  
Carnell v. J. in delivering  
judgment said: "As soon as each  
sack was filled with barley so  
instantly the property in the barley  
vested in the plaintiff."  
Sec. 53 of the Sale of Goods  
Act (P. E. I. 1927) is as follows:—  
"Where under a contract of sale  
the property in the goods has pas-  
sed to the buyer and the buyer  
wrongfully refuses or refuses to  
pay for the goods according to the  
terms of the contract the seller  
may maintain an action against  
him for the price of the goods." I  
hold that the property passed and  
the plaintiff is entitled to recover  
the price less cost of delivery which  
he was to bear and which he  
places at four dollars.  
Judgment will therefore be  
entered for the plaintiff for thirty-  
five dollars and cost.

**In Memoriam**  
MISS NELLIE LAWSON  
Mrs. Keith S. Rogers of this  
city received a wire from her bro-  
ther, Mr. Harry Smith, Principal  
of the High School at Victoria, B.  
C., conveying the sad news of the  
death in Victoria of their aunt,  
Miss Nellie Lawson, retired school  
teacher.  
Miss Lawson had been in failing  
health for the past seven years.  
She came of a highly respected  
family who were very prominent in  
the field of education, both in  
Charlottetown and in British Col-  
umbia, where they have been re-  
siding for a number of years.  
Miss Lawson, a lady of many  
estimable qualities of mind and  
heart was a daughter of the late  
Henry Lawson, formerly Editor of the  
Colonist of Victoria, and prior to  
that, Editor of the Charlot-  
tewtown Patriot.  
There are left to mourn one bro-  
ther, John, in Chicago, and three  
sisters, Miss Maria, Miss Marianne  
and Miss Flora, all in Victoria, B.  
C.  
The relatives sorely bereaved in  
the New Year will have the deep  
sympathy of friends both in this  
province and in the west.

**Will Celebrate  
Anniversary Of  
Confederation Idea**  
Prince Edward Island will be in  
the limelight this coming summer.  
Beginning the week of July 17th  
the 75th Anniversary of the first  
meeting of Canadian delegates  
which led to Confederation will be  
celebrated.  
The Federal Government has  
promised its cooperation to this  
celebration which will continue for  
the whole week.  
Professor D. C. Harvey, M. A.,  
F. R. S. C., Halifax, one of the  
Maritime's representatives on the  
Historic Sites and Monuments  
Board of Canada, has announced  
that the Board has in preparation  
seven Tablets to the Fathers of  
Confederation, five of which will  
be erected in Charlottetown and  
Queens County, one in Sumner-  
side in Prince County and one in  
Georgetown in Kings County.  
It is hoped that these Tablets  
will be erected in Charlottetown  
and Queens County, one in Sumner-  
side in Prince County and one in  
Georgetown in Kings County.  
The celebration will be a Na-  
tional event, at which the Govern-  
ment General, the Prime Minister of  
Canada, the Lieutenant Governors  
and the Premiers of the several  
Provinces of Canada will be in-  
vited to be present.  
A central Committee to take  
charge of the event will be named  
as an early date.  
It is probable that besides a pro-  
gram of sports, historical pageants  
and floats will be prepared, as well  
as a National broadcast.

**MINING**  
TORONTO, Jan. 3 (CP)—  
Western oil stocks saluted the new  
year with a smart advance but  
other groups were inclined to lag.  
The gold group showed a minor  
gain at noon and in the slow  
action of the afternoon the gain  
was dropped. Industrial shares  
lost 1.10 in the index. The base  
metals led the golds 13. Western  
oil gains ported a net advance of  
1.72, going to 41.98 in the index.

**BIRTHS**  
MCLEOD—At South Granville  
Dec. 27, 1938, to Mr. and Mrs.  
John Haig McLeod, a son, Donald  
Calvin.

**MARRIAGES**  
JARDINE-HOOLEY—At St. Pauls  
Anglican Church, Halifax, N. S., on  
Dec. 7th, 1938 by the Rev. R. J.  
Dunlop, Hector D. Jardine, of  
Belle River, P. E. I. to Sylvia  
Hooley, also of Belle River, P. E.  
I.

**NICHOLSON—MACGOWAN**—At  
the Baptist Parsonage, Montague,  
on Dec. 8, 1938, by Rev. H.  
Plannigan, Mary S. Nicholson,  
Valleyfield to Angus M. Mac-  
Gowan, Pinette, P. E. I.

**RED CROSS EXECUTIVE  
MEETING**  
A meeting of the Executive of  
the Prince Edward Island Division  
of the Canadian Red Cross So-  
ciety was held at the Headquar-  
ters, Great George Street, Mon-  
day, December 30th, with the Presi-  
dent, Dr. W. J. P. MacMillan, in  
the chair. Other members present  
were:—Mrs. J. M. McFadyen, Dr.  
H. D. Johnson, Messrs G. J.  
Tweedy, W. R. Aitken, C. F.  
Hutchison, W. F. Tidmarsh, R. H.  
Rogers and the Misses MacLean,  
Dunbrack and Arsenault.  
Miss Catherine MacLean who is  
now spending sometime in the  
Prince Edward Island office re-  
ported that in September she had  
attended eight local Teachers'  
Conventions with Miss Verna Dar-  
rach, the Assistant Director of  
Junior Red Cross. Miss Darrach  
stated that during the autumn  
she had visited 339 schools and  
had talked to the pupils of 488  
classrooms. The Junior Red Cross  
membership and activities are be-  
ing well maintained. Miss Arsen-  
ault reported that 166 children had  
been examined by Dr. Acker at the  
Crippled Children's Clinics held  
in Charlottetown and Sum-  
merside in November. The opera-  
tions and manipulations had been  
performed. Of the 168 cases ex-  
amined 50 were new cases. The  
new cases were mostly infants or  
young children. There had been  
12 cases of club feet, 11 cases of  
limbs with club feet, while 3  
others had dislocated hips. Chris-  
mas boxes of gifts contributed by  
Junior Branches were sent to 89  
crippled children throughout the  
Province.  
Plans were made for the Annual

**Million Volt  
X-ray Tube  
Announced**  
(By HOWARD W. BLAKENLEK  
Associated Press Science Editor)

SCIENCE CITY, N. Y., Jan. 2  
(AP)—A new kind of 1,000,000 volt  
tube, equal to \$80,000,000  
worth of radium, its structure the  
result of discovery of a new electri-  
cal principle, was announced here  
today.  
This tube was made for treat-  
ment of human cancer, but is also  
designed for industry, and gives  
both a new tool, and a new method  
of curing, far in excess of anything  
previously known.  
For industry it is the first of  
these 1,000,000-volt giants that can  
be carried on a truck. Such rays,  
useful for looking through steel,  
have been available for only "jobs"  
which could be transported to them.  
The tube was built by scientists of  
the General Electric Company's re-  
search laboratory for installation by  
the General Electric X-Ray Corpora-  
tion. It will be placed this spring  
in the new 14,000-sq.-meter  
hospital now nearing completion  
at 88th Street and York Avenue,  
New York City. This hospital is de-  
signed to be the world's most com-  
pletely equipped cancer institute.  
The director of cancer work,  
James Ewing, M. D., one of the  
leading United States cancer  
scientists, said the greater amperage  
will be useful to try on "resistant"  
types of cancer.  
"No one," he explained, "knows  
what the effect will be because no  
such amperage has been available."  
The amperage is about 10 times  
that usually available, and can be  
run up to 100, although on humans  
a much smaller current is required  
than this maximum. Another ad-  
vantage of the great rays is their  
"pulseness," something already dem-  
onstrated on the half dozen other  
types of 1,000,000-volt tubes in the  
United States.  
The completed tube is a steel  
pill-bottle less than a man's height,  
with a lead-lined projecting from its  
bottom. This tail is the lower end  
of the vacuum tube in which the rays  
are made. The bottle is four feet  
eight inches long, much of it hous-  
ed inside the pill-bottle.  
The tail, which is working end,  
where the rays come out for human  
use and industrial photography.  
The new electrical principle em-  
ploys the fact that when an ordi-  
nary low frequency current, that is,  
it could be plugged in on an ordinary  
60 cycle electric light socket.

**Civic Election  
Change Urged**  
HALIFAX, Jan. 2 (CP)—  
Members of Halifax City Council  
today studied a report submitted  
by the Citizens Research Institute  
to Canada following an inquiry  
into the city's administration.  
Abolition of the ward system, in  
favor of electing six aldermen at  
large is one of the main recom-  
mendations of the report.  
The Institute, headed by Dr. H.  
I. Brittain of Toronto, "an ex-  
pensive luxury" which tends to  
sacrifice the interests of the city  
as a whole to special ward and  
local interests.  
The Institute also recommended  
annual independent audits of the  
present accounts in addition to the  
present internal audit conducted  
by officials. It urged wider public  
debate be given reports of public de-  
partments and more detail be con-  
tained in the annual reports pre-  
sented to council and taxpayers.

**In Memoriam**  
In loving memory of our be-  
loved daughter, Dorothy Arlene Mc-  
Leod McKay, who departed this  
life Jan. 4, 1937.  
A loving thought  
A silent tear  
A beautiful memory always.

**PERSONALS**  
Miss Anna Bennett, R. N.,  
leaves this morning to resume her  
studies in the Graduate School of  
Nurses at McGill University.

Mr. Hector D. Jardine, Belle  
River left yesterday morning for  
Montreal, Que., where he will com-  
plete course in mechanics and  
general engineering.

Miss Muriel Weeks, of Char-  
lottetown, P. E. I., arrived Thurs-  
day to spend the New Year with  
her brother and sister-in-law,  
Major and Mrs. Ernest Geoffrey  
Weeks. (Ottawa Journal).

**Eastern Guardian**  
\*This column is reserved for news of  
local interest but advertising of a  
newspaper nature may be inserted  
at 4 cents a word strictly pay-  
able in advance.

\*SUBSCRIPTIONS to the  
Charlottetown Guardian may be  
handed to their Rep. Archie Hume

\*ROBIN HOOD FLOUR is bet-  
ter than more loaves of better  
bread from each bag.

\*FIRE ALARM—Fire from a  
defective flue damaged the resid-  
ence of Mr. Guy Nelson, Mont-  
ague, about noon yesterday. There  
was some insurance.

\*DURING THE entire season  
pells are received for shipment to  
the Prince Edward Island Fur Pool  
Limited by R. W. Stewart, Clark  
Brothers Store, Montague.  
L-216-11-21-4

\*FOX PELTING PLANT of the  
Charlottetown Fur Sales 55 Queen  
Street, Charlottetown will be in  
operation daily throughout the  
season. This is the most up-to-date  
pelting and cleaning plant in Can-  
ada. All curing and drying is done  
by electricity. It costs no more and  
is done right. Now open for busi-  
ness.
