Mt'l. Power Climbs To New High

(C. P. By Guardian's Special Wire) MONTREAL, Aug. 11—Bouncing ahead in a wave of buying, Montreal Power climbed to a new high for the year of 33 1-2 on the Montreal Stock Exchange during Saturday's short session. A few minutes before the close the issue slipped back to 33 1-4, up 1 1-8 points.

Observers stated investment demand was the chief reason for the heavy buying of Montreal Power shares. Increasing demand for these issues had been noted for the past several days. The debentures which yesterday advanced to a new 1935 high of 50 5-8, slipped 1-4 to 50 3-8.

Weakness of shares of Bank of Canada was attributed by traders to uncertainties in connection with the forthcoming Dominion elections. The stock, found another new low for the year when it slipped 7-8 of a point to 53 1-2. Canadian Bank of Commerce was down a point to 141.

Dominion Steel and Coal advanced 1-4 to 5 and Dominion Coal Preferred slipped to a new low of 16 7-8, off 1-8.

Total sales were 11,317; bond \$5,750.

Lively Session On New York Exchange

(By Frank MacMillan, Associated Press Financial Writer)

(A. P. By Guardian's Special Wire) NEW YORK, Aug. 11—The stock market again leaped over profit-taking barriers in Saturday's brief session and penetrated new high ground for 1935.

It was the liveliest Saturday trading since Feb. 24, 1934, transfers totalling 1,210,770 shares. The Associated Press average of 60 advanced 4 1/2 points at 48.8, another 1935 peak.

Bullish sentiment predominated from the start. Scattered news developments with a bearish tinge were ignored as the commission house customers piled up orders. "Blue chip" stocks still attracted wide followings, but a few low-priced stocks came to life for the first time in several weeks. Gains, however, were generally restricted to around a point or less.

Washington happenings continued to be overshadowed by bright hopes for fall and winter trade improvement.

Shares reaching New Year's tops with gains of fractions to a point or so, included American Telephone at 135 3-8, Western Union at 50 3-4, International Telephone at 12 1/2, Central at 22 3-8, Consolidated Gas at 32 1-4, North American at 22 3-8, Columbia Gas at 11, Public Service of New Jersey at 42 1-2, U. S. Steel at 44 1-2, Chrysler at 28 and General Motors at 45 3-8.

A few not very active Canadian issues made substantial advances. Ford of Canada B and St. Regis Paper Preferred each jumped three points. International Hydro-Electric Preferred was up a point. Fractional gainers included Canadian Pacific Dome Mines, Distillers-Segrams, Hiram Walker and Imperial Oil.

Characteristic Hepburn Speech At Oakville, Ont.

(C. P. by Guardian's Special Wire) OAKVILLE, Ont., Aug. 11—Revenues for Ontario at the end of the year will show an increase of between \$10,000,000 and \$15,000,000, Premier Hepburn announced at a Liberal rally here in favor of Hughes Cleaver, Liberal candidate for Halton constituency in the forthcoming Dominion election.

The added revenue, he told the meeting last night, to be secured by retrenchment in Government expenditures, increased amusement taxes and a determined effort to get more than heretofore in succession dues, was a mere bagatelle so long as the province's annual relief cost stood at \$36,000,000.

His speech marked the Premier's debut in the present federal campaign. He characterized Hon. H. H. Stevens, Reconstruction Party Leader, as a "political opportunist," and a "pretender."

Of Premier Bennett he said his trade policy, or lack of policy, had spelled the ruin of the country during the past five years.

Every time a Conservative Government was in power depression had settled over Canada. So much so "there's many a Tory today who hangs his head in shame for contributing to the defeat of Sir Wilfrid Laurier over the reciprocity issue," Mr. Hepburn said.

The Premier promised if Liberal leader Mackenzie King were returned to power "he will readjust our tangled affairs and make Canada a happier place in which to live." Mr. King would negotiate trade treaties with the United States and Ontario agriculture and lumber interests would prosper as a consequence.

The only Conservative Government in the country at present was that of Premier Bennett and "that will soon be down," the Premier proceeded. Of the recent election result in Prince Edward Island he said the little Island had been tipped over and "all the Tories dumped into the sea."

"What a fine thing it will be when nine Liberal Provincial Premiers can sit around a table with Mackenzie King at the head to map out policies bound to improve conditions generally throughout the land. Right now I am hampered through getting no co-operation at Ottawa from Premier Bennett."

Figures were then quoted by Premier Hepburn to show he said how Canada's trade was adversely affected during the Bennett regime.

In regard to relief Premier Hepburn declared the number of jobless had increased steadily since

ST. PETERS CATHEDRAL

The Rev. Father Cotton who last week returned on leave from the Mission field in South Africa celebrated the Holy Eucharist in the Chapel of St. Peter's Cathedral at 8 a.m. yesterday. The Rev. Father was celebrated at 10 o'clock when Father Cotton preached the first part of the Collect for the day, viz. "Oh God, whose never-failing providence ordereth all things both in heaven and earth."

The Rev. Dr. Hunt officiated at seven o'clock in the morning from the words of the second verse of the 17th chapter of Saint Matthew, "And he was transfigured before them."

TRINITY UNITED CHURCH

At this holiday season of the year and with such gorgeous weather as we are enjoying it is not only helpful but encouraging to have such a good congregation as was present at the morning service yesterday. Among the visitors present were several advance delegates to attend the Odd Fellows festivities this week.

Mr. Horace McEwen presided at the organ and will also be the organist at both services next Sunday. The guest speaker was Miss Gwyneth Fry whose singing of "Jesus the Very Thought of Thee," by Ward, was listened to with great pleasure.

Rev. J. W. Barbour, B.A., B.D., preached in the morning on "The Foundation of Society." The Scriptures he used were Psalm 37, 1 to 11, and 1 Corinthians, 3, 1 to 23. His text was from 11 Sam. 18-8. He pictured the confusion incident to the civil war between David and his son Absalom. The confusion existing today when all sorts of experiments are being tried in government and in civil life. The situation in Germany, Italy and other countries and claimed that "unless we can establish a basis for our faith and of conduct we cannot hope to save civilization. He referred to isolationism as an experiment that "confusion may become the road to recovery and a vision of something better may lead us to better living." If our present unrest drives us to a closer relationship with God through penitence and consecration we may overcome our troubles. The things that are confused today are only on the surface. There are deep underlying principles that remain unshaken. Two of these basic factors are the Fatherhood of God and the brotherhood of man. He rested on his own position of the rights of others. In our society we must recognize these basic principles of common sources and common ends. We have one God—one Father—and we must recognize the brotherhood of man.

Rev. W. E. Aitken of St. Peter's Bay was the preacher at the evening service and delivered an excellent sermon from the text Joel 2-28, "Your young men shall see visions."

HOLY REDEEMER CHURCH

Holy Name Sunday was observed yesterday at Holy Redeemer Church, the members of the Society receiving Holy Communion in a body at the 7:30 o'clock Mass. The Rector, Rev. H. I. Fleming, C.S.B., preached very inspiring and eloquent sermons at all the Masses. He spoke of the real presence of Our Lord in the Blessed Sacrament. He also strongly urged every parishioner to co-operate with His Excellency, the Bishop and the priests of the diocese in making this year's "Eucharistic Congress a great success. The Congress opened in the diocese yesterday.

In the evening Holy Hour was held. It was conducted by Rev. Father Fleming.

Premier Bennett's election. Hon. Duncan Marshall, provincial Minister of Agriculture, on his return from England recently had told him the old country was definitely antagonistic to Premier Bennett, Mr. Hepburn reported.

Appointments In Western Provinces Are Announced

(C. P. by Guardian's Special Wire)

OTTAWA, Aug. 11—Four Saskatchewan Bench appointments, the chairmanship of the Vancouver Harbor Commission and reorganization of the civil service commission, were completed and announced by Prime Minister R. B. Bennett in the course of his preparations for dissolution of Parliament and calling of a general election.

Charles H. Bland, former Secretary of the civil service commission and recently appointed a commissioner, was elevated to the chairmanship succeeding Dr. W. J. Roche whose retirement has been long expected.

Robert J. Hamilton, a native of Ontario but long a resident of Vancouver where he had been a prominent lumber merchant until his retirement four years ago, was appointed chairman and president of the Vancouver Harbor Commission. He succeeds Dean Brock who was killed recently in an aeroplane accident.

P. H. Gordon, K. C., was appointed to the Saskatchewan Appeal Court vacancy. He is a native of Qu'Appelle where he was born in 1884. He is well known in the east having maintained law offices both in Regina and Toronto, and he appeared for the Saskatchewan Government in the recent inquiry by Royal Commission on the restoration by the Dominion of that Province's natural resources.

C. J. M. Patrick, Yorkton, was appointed judge for the judicial district of Mooseomin. He was born in Hilderton, Ont., but has practiced law in the west for 34 years.
