CITY TEACHERS WAIT ON COUNCIL

To Urge Their Proposed Increases in the Salaries

Major Weeks also Urges Improvements to Euston Street—Communication re the Market Space, Etc.

The Council Chamber was crowded last night at the regular Council meeting.

Major Weeks appeared before the Council and made an eloquent appeal for the macadamizing of Euston Street from Pownal to the Foundry.

Coun. Paton said he had endeavored to have the street macadamized last year but was voted down.

Coun. Hooper said he, with Coun. Paton, had been pressing some time for this work.

J. D. Seaman on behalf of the Teachers made a plea for increased salaries.

He showed the necessity of skilled labor in the school more than in any other branch of work.

doubt that the teachers are not well paid. Coun. Roddin was in favour of increased pay to the teachers.

Coun. Paton thought as there was a question of the legality, that the matter should not be proceeded with too hastily.

The School Board should go to the Legislature.

Coun. Rogers endorsed fully Mr. Seaman's demands. He would vote for an increase should the Legislature give power to the Council.

Principal Seaman thanked the Council for their kind consideration.

S. C. Moore was heard and said he did not think it was necessary for the Council to have an act from the legislature.

Money had been granted to the School Board last year. Coun. Hooper said the \$1000 had been given last year because there was an unexpended \$700.

He was doubtful whether Mr. Moore's if now a Councilor would take the responsibility of voting the money.

The matter was referred to the School Board to obtain the necessary legislation.

After bills etc had been passed communications were read. Albert Leitch applied for electric inspector.

Catherine Pembroke for part of market basement; Stephen Brown for daily market stand; Robert Van derstee for increase in salary.

Misses Stauffer for \$30 refund in stone sidewalk; Blake Bros for space in market; for lease for five years at \$3.25 per year of south east and north east corners of market by Saunders & Newsom and Von Clure Gay; for heating market by Bruce Stewart & Co., Stanley, Shaw & Peardor. C. B. Webster; for lumber from J. M. P. Hogan, L. M. Poole, Jas. Barrett; from Patrick McKenna for tangible assistance.

W. C. Harris, market architect, appeared and complained that plans were made for the heating that greatly interfered with architecture, of inside of building.

The offer of \$150 from Stephen Brown for market space was discussed at some length and allowed to stand over.

The tender of M. P. Hogan for lumber being the lowest was accepted.

Six cranes costing about \$40 each were ordered from Boston for filling wafering carts at hydrants.

It was ordered that notices for dog taxes be served as notices of other taxes.

Coun. Rogers moved, seconded by Coun. Prowse that tender of Bruce Stewart & Co for heating market at \$4,500 be accepted.

Coun. Brown moved in amendment that the tenders lie on the table.

W. C. Harris said he had a signed tender for less than \$3,500 on his heating plans.

Coun. Hooper said that Mr. Harris' plans always came in too late. It would be risky to reject all the tenders now in.

Coun. Rogers said that Mr. Harris' plan was not workable and Mr. Harris replied his plans were from Prof. Carpenter, Cornell, the highest authority in America.

The plan being adopted was very extravagant.

Coun. Prowse said he had implicit confidence in Mr. Barr who drew the plans and Bruce Stewart & Co.

Coun. Paton thought Mr. Harris was too late in bringing in plans.

After further discussion the tender of Bruce Stewart & Co was accepted, Coun. Brown dissenting.

The clerk was authorized to call for tenders for new suits and extra pants for police force.

The application of P. McKenna was ordered to lie on the table; and the application of R. Van derstee was left over till next meeting.

The by-law relating to duties of Electrical Inspector was read a first and second time, referred to committee of the whole and reported agreed to and set down for third reading this afternoon.

The Recorder submitted a bill to admit the opening of two polls in Ward 5 and also declaring the meaning of the words "seven days" as has been in the past interpreted, and also declaring the last nomination and election to have been valid.

A DASTARDLY DEED.

Last Friday night with more than ordinary malignancy some one cut the telephone wire running between Stanhope Corner and Covehead and fastened the severed ends of the wire to a tree through which it passed.

It was thus impossible without minute examination to tell where the break was. The telephone employees were engaged Saturday in locating the break which has been repaired.

The Telephone Company intend sparing no pains to discover the culprits and to that end have offered \$20 reward to any one who will give information which will lead to conviction.

It is sincerely hoped that those guilty of such an act may be discovered and brought to justice.

The penalty for such an offence is two years imprisonment and those who have in the past tampered with wires, insulators, etc. should take warning.

The P. E. I. Telephone Co have given contracts for large extensions in improvements during the coming summer. A large amount of material has been ordered including 50 miles of bronze wire for use in Charlottetown.

The company have ordered two new switch board cables for the long distance switch board in the central office. There will also soon arrive an electric motor for winding wire coils.

Next week a general renovation of the offices on the line between Summerside and Conway will be begun. They will be remodelled and equipped with new telephone etc. A new office will be established at Portage and the week following another at Rollo Bay.

General Manager W. A. Winfield and E. C. Whitlock, Wire Chief of the Telephone Co., leave to-night for Halifax where they will be for several days on business connected with the Telephone Company.

Mrs. Annie Gibbon, 50 years of age, while temporarily insane drowned herself in Courtney Bay.

She leaves a daughter at home and a son in Boston.

ENORMOUS GROWTH.

Ever since Dr. Chase's Kidney-Liver Pills were first introduced to the public the sales have steadily increased, each year being larger than the year preceding.

This is probably the best evidence of their remarkable efficiency, as a treatment for derangements of kidney, liver and bowels. They are valuable as a family medicine.

PEOPLE OF THIS PLACE.

There are people in every town and village of this country who have been cured of itching, bleeding and protruding piles by the use of Dr. Chase's Ointment.

Ask your friends about this great preparation, they can tell you of its great soothing, healing and antiseptic powers. More reputable people have endorsed Dr. Chase's Ointment than any preparation you can mention.

The "Boston Tourist" King of Soft Hats.

GIRLHOOD WOMANHOOD MOTHERHOOD

The first lesson that the young girl has of womanhood is usually a painful one. She learns to know what headache means, and backache, and sometimes is sadly borne down by this new experience of life.

All the pain and misery which young girls commonly experience at such a time may, in almost every instance, be entirely prevented or cured by the use of Doctor Pierce's Favorite Prescription. It establishes regularity, it tones up the general health, and cures headache, backache, nervousness and other consequences of womanly weakness or disease.

The anxious mother of the family often-times carries the whole burden of responsibility so far as the home medication of common ailments of the girls or boys are concerned. The cost of the doctor's visits is very often much too great. At such times the mother is invited to write to Dr. R. V. Pierce, of Buffalo, N. Y., for medical advice, which is given free. Correspondence is held strictly confidential.

Backed up by over a third of a century of remarkable and uniform cures, a record such as no other remedy for the disease and weaknesses peculiar to women ever attained, the proprietors and makers of Dr. Pierce's Favorite Prescription now feel fully warranted in offering to pay \$50 in legal money of the United States for any case of Leucorrhoea, Female Weakness, Protrusion, or Falling of Womb, which they cannot cure. All the World's Dispensary Medical Association, Proprietors, of Buffalo, N. Y., ask is a fair and reasonable trial of their means of cure.

"Your wonderful medicine, 'Favorite Prescription,' has helped me greatly in time of suffering," writes Mrs. Minta Wright, of Edwards, Ind. "Last winter I was unable to do my work, was to be confined in February, and a lady in Illinois wrote and told me about your medicine. I used three bottles of 'Favorite Prescription,' and will say I had the easiest and quickest confinement I ever had. Had three children before and would suffer from twenty-four to thirty-six hours before birth, but this time only two hours. Have a fine baby girl and she is the most healthy one of all. I am still using the 'Favorite Prescription' as a tonic."
