INSULL AWAITS TRIAL IN CHICAGO JAIL

Former Utilities Financier Fails to Raise \$200,000 Bond For Bail.

By Robert M. Yoder, Associated Press Staff Writer. (By Guardian's Special Wire) CHICAGO, May 8.—Samuel Insull was to go to jail tonight in the city where his name and his millions once were a name and a sceptre.

That was the crashing climax of the story of Insull, the end of his long flight from justice, and the bottom of his heading fall. It came about less than two years from the time he left Chicago, still, for all the public knew, a wizard of business who had applied a midas touch to the utilities.

Fails to Put Up Bond

He was in jail because he did not put up bond for his freedom to await trial on the Federal Government's charges against him—one a charge of using the mails to defraud and another of fraudulent practices in bankruptcy.

His bond was set three hours after he had arrived under guard from the east at \$200,000. Insull said through his attorney, that he could not raise that amount; Insull's son, Samuel junior, said it was impossible, and the attorney said they would "pass the hat" any further money Insull's Chicago friends.

To please that the bond was too high, Federal Judge John P. Barnes said shortly, "that's my best judgment." Insull then—he had spent the morning in the U. S. Marshall's office and in court—sent out for a lunch and waited for a taxi which was to take him to jail.

The contrasts of the day—Insull

- Dr. Redding, Dentist, will be in Georgetown Friday, Mt. Stewart Saturday. L-4278.

National Gov't. Plans Re Disarmament Uncertain

(A. P. by Guardian's Special Wire) LONDON, May 8.—The National Government, which has stood solidly united on domestic issues, is struggling with the disarmament problem today in the face of reports that a "critical split" among the ministers is imminent.

The cabinet committee on disarmament deferred announcement of policy after a lengthy session at which it was understood the two lines of thought were discussed thoroughly.

One group in the cabinet—led by Prime Minister Ramsay MacDonald and Stanley Baldwin, Lord President of Council—was represented as favoring continuation of efforts to find a basis for international accord.

Foreign Secretary Sir John Simon, Lord Halifax, Secretary of

SAUD SENDS PEACE TERMS CLAIMS REPORT

Saudian Monarch Disclaims Any Intention of Continuing Arabian Conquests.

(A. P. by Guardian's Special Wire) CAIRO, Egypt, May 8.—King Ibn Saud of Saudi Arabia was reported today to have sent peace terms to the Imam Yahya of Yemen, whose forces were conquered at several strategic points in southwest Arabia by Ibn Saud's modernized army.

This information was contained in a despatch received from Jidda, Arabia, which also quoted the Saudian monarch as disclaiming any intention of continuing his Arabian conquests into the trans-Jordan area.

Advance Beyond Port

Saudian troops were said to have advanced from Hodeidah, important Yemeni port on the Red Sea which was taken last week, into the mountainous region beyond without meeting serious opposition. They captured arms, ammunition, and camels laden with supplies.

A report reaching Aden said today Ibn Saud's son, the Emir Faisal concentrated his troops at Hodeidah preparatory to an advance on Sana, Yemna capital.

The Cairo Arab Union, meanwhile, telegraphed Ibn Saud and appealed to the king to fulfill his promise of making peace with the British. "Since the latter has shown his peaceful intentions by withdrawing his troops."

GULF STREAM AGAIN SHIFTED

Captain of U. S. Ship Claims Stream Farther North.

NEW YORK, May 8.—The Gulf Stream has shifted its course again, farther north. At least that's what Captain Charles Jostad of the Dollar Liner, President Monroe, says.

He arrived here today and described a fantastic summer conditions off Newfoundland as his ship was delayed 1-2 hours by the strong current of the Gulf Stream.

"I was amazed to find it 50 miles farther north than I had ever found it before," he said. "The temperature of the Labrador current instead of being 45 or 50 degrees was up to 75 and 80."

Dr. James Kimball of the United States weather bureau was skeptical.

He said that must have happened was that unusually strong winds had skinned the top of the Gulf Stream and carried it shoreward. The cold currents from the north had caused it to fan out and this had something to do with the recent hot wave in New York.

Captain Jostad said he would report his findings to the geodesic survey. "There's no question about it," he said. "The Gulf Stream shifted and it all came about in two hours."

Judgment Reserved

OTTAWA, May 8.—Whether a voluntary subscription to a university may be collected after the death of the subscriber from his estate is the question at issue in a case argued in the Supreme Court of Canada today. The governors of Dalhousie University, Halifax, are seeking to collect \$50,000 from the estate of Arthur Boutiller and judgment was reserved.

War, and others are understood to be ready to admit frankly that hopes of an agreement have vanished and to advocate a policy of strengthening British defenses.

A decision on policy will not be made, it was indicated until after the meeting of the League of Nations Council at Geneva late in May.

PARIS, May 8.—The French Government's immediate disarmament project, it was revealed today, is an arms and aeroplane embargo which would keep these products out of Germany.

France was represented as urging Great Britain to enter a bilateral agreement to this effect, which has been under discussion for several months. Smuggling as well as legitimate trade would be taken into consideration in the proposed agreement.

N. S. MINERS VOTE TO RETURN TO WORK

Coal Mining Operations Will Begin First of Next Week Says Manager.

(C. P. by Guardian's Special Wire) HALIFAX, May 8.—Coal mining operations will be resumed within a week at the Acadia Coal Company's mines, it was announced officially tonight after a majority of the United Mines workers in the County had voted to go back to work under new wage proposals.

The announcement, made by F. H. M. Jones, General Manager of the Eastern Trust Company, one of the receiver-liquidators of Acadia's parent company, signalled the approaching end of the wage deadlock which has tied up the County's three collieries since March 1.

"We expect to re-open by next Monday or Tuesday," Mr. Jones said. "It will be weeks of course," he added, "before the mines get back to full capacity, for it will take time to get up production. But everything will be done as soon as possible."

MARKETING UNDER PROBE

(C. P. by Guardian's Special Wire) OTTAWA, May 8.—A blockade developed in the House of Commons today when Liberals swung their strength against the compulsory features of the Government Marketing Bill. After a long day of debate, not one clause passed through committee and the blockade seemed strong enough to last several days.

"Have we reached the time in Canada when we Canadians, who have boasted of our freedom are going to go around with a number on our backs?" asked Ross Gray, Liberal member for Lambton West. He said there were 23 clauses in the bill that meant compulsion, from forcing a farmer or producer to take out a license to telling him when and how he should market his goods, in what quantities and at what price.

"I think this House will agree," replied Hon. Robert Weir, Minister of Agriculture, "that no controlled marketing can be effected without control or compulsion in a degree."

At the same time, the Minister said he believed marketing schemes could be established that would not entail compulsion.

Employment to be Extended

The plan upon which they voted contemplates weekly wage rebates by the miners totalling \$100,000 during the coming year, to be applied to the company's anticipated operating deficit. The deficit is expected to total more than \$200,000, and the remainder is to be borne by the company.

The scheme is one which was proposed by the miners themselves a few weeks ago, though modified somewhat at conferences between

NO NEED TO WORRY...

Take it easy! When your bakings are in the oven, there's no need to spend the time on tentacles, wondering what the results will be. Use Schwartz Baking Powder, following good recipes carefully, and you're sure to have biscuits and cakes of which you'll be proud. You'll save money, too, for it costs but 29c lb.

Publicity Campaign To Aid Tourist Industry Advocated In Senate

\$200,000 Federal Advertising Urged To Stimulate Tourist Travel Throughout Dominion.

(C. P. by Guardian's Special Wire) OTTAWA, May 8.—A \$200,000 Federal advertising and publicity campaign in support of the tourist industry throughout the Dominion, to start immediately, was advocated today before the Senate tourist committee by Theodore G. Morgan, Montreal, chairman of the executive committee of the Canadian Association of Tourist and Publicity Bureaus.

The Senate committee, under the chairmanship of Senator W. H. Dennis, Halifax, is engaged in formulating a plan for national consideration of the tourist industry, supplementing the present activities of the provinces transportation companies, automobile clubs and various individual organizations.

Federal Department

It had been suggested that a Federal tourist department of advertising, publicity and development be established to supplement the activities of the provinces and local organizations.

The campaign for this year should be pushed immediately, said Mr. Morgan. The summer tourist traffic only commences in May and builds up throughout June, July and August. An immediate campaign would not only be effective this year, but would stimulate Fall and Winter business, and should be continued into 1935.

Based upon financial returns to Montreal from the expenditures of the Montreal Tourist Bureau, Mr. Morgan advanced \$200,000 as a minimum amount that should be appropriated for a 1934 campaign. He further suggested that \$500,000 be expended annually by the Dominion in newspaper and magazine advertising for tourist trade expansion would be more than justified by the increased business that would follow.

Brit. Guiana Governor Off To England

(C. P. Cable by Guardian's Special Wire) GEORGETOWN, British Guiana, May 8.—Sir Edward Denham, K.C.B., for four years governor of British Guiana, left by airplane today for Trinidad en route to England, where he will spend a three months holiday.

MRS. E. N. RHODES LAID TO REST

(C. P. by Guardian's Special Wire) OTTAWA, May 8.—Christ Church Cathedral, the stately edifice of the Anglican Church in the capital, was filled with sorrowing men and women today drawn from every part of Canada. They attended the funeral of Mrs. Edgar N. Rhodes, wife of the Minister of Finance, who died suddenly on Sunday.

Dies From Gunshot Wounds

(C. P. by Guardian's Special Wire) AMHERST, N. S., May 8.—Suffering from gunshot wounds in the back of his neck, James McGillivray of Allan's Hall, N. S., died in hospital here today. How the wounds were received remained a mystery, and a coroner's jury was summoned to hold an inquiry.

Little is known about the tragedy victim, except that he had been a resident of the United States for several years, had accumulated some money there, but had lost most of it in a bank crash last year. He had been residing with his brother George at Allan's Hall.

Fines For Infringements Of Bank Act Increased

(C. P. by Guardian's Special Wire) OTTAWA, May 8.—Prime Minister R. B. Bennett, sitting on the Banking and Commerce Committee in the absence of Hon. E. N. Rhodes, Minister of Finance, moved to put teeth in the revised Bank Act today. Dealing with clauses respecting penalties provided for infringements of certain sections the Prime Minister approved a motion for increased fines, and added an amendment of his own aimed at directors.

The new act will stipulate a bank director must not sit in at a meeting at which the board is passing upon a loan to himself or a company which he is a member. Under Mr. Bennett's amendment, which was unopposed except by representa-

Tourist Business

This estimate was based upon an appropriation for advertising and publicity of five percent of the total annually expended by tourists from outside the Dominion, apart from inter-provincial tourist traffic. The Dominion Bureau of Statistics estimated the 1933 tourist business at \$100,000,000.

J. Van Wyck, General manager of the Canadian National Hotel's Department, told the committee that summer tourists from the United States spent \$350,000 in Canadian National hotels last year. Newspaper and magazine advertising to attract this business had been \$15,000.

"Right now is the time for Canada to be sold to United States tourists," said Mr. Van Wyck. "Also for a campaign of inter-provincial tourist traffic. People don't begin to make up their minds where they want to go until it gets warm. Federal participation in tourist trade advertising at the present time would do a tremendous amount of good."

Hotel Accommodation

Mr. Van Wyck estimated that 20 percent of the hotel accommodations in Canada in May each year was occupied by tourists, 40 percent in June, 50 percent in August, 40 percent in September, and a proportionate decrease in the late fall until the winter sports began.

D. Leo Dolan, director of the New Brunswick Bureau of Information and Tourist Travel, laid a comprehensive brief before the committee, emphasizing the need of Federal direction to the activities of the various organizations now functioning.

T. Morris Longstreth, Ottawa, urged that any national supervisory committee should give attention to Canadian authors writing about scenic and historical sites.

Third Day on Stand

His salary was \$25,000 per year the tall grey-haired witness was having his third day on the stand informed the inquiry. Bonuses of \$45,446 for 1929, \$61,253 for 1930, \$40,419 for 1931, \$32,339 for 1932 and \$40,487 for 1933 had been received by him in addition.

H. P. Bull, Vice-President, received \$40,000 salary per annum. The bonuses paid to his executive had been \$75,744 in 1929, \$102,082 in 1930, \$67,364 in 1931 and \$53,893 in 1932. Last year, Mr. Patterson was paid a salary of \$10,000 on becoming chairman of the board.

PRINCELY SALARIES TO EXECUTIVES

House Committee Surprised at Salaries and Bonuses Paid Tobacco Co. Officials.

(C. P. by Guardian's Special Wire) OTTAWA, May 8.—Revelations of salaries and bonuses paid to executives of the Imperial Tobacco Co. of Canada caused members of the Stevens price spreads and mass buying probe to prick up their ears and sit alertly in their seats today.

In a soft southern drawl and as nonchalantly as a golfer would check his score card, Gray Miller, company head, told the committee of the remunerations received by himself and fellow executives.

Third Day on Stand

His salary was \$25,000 per year the tall grey-haired witness was having his third day on the stand informed the inquiry. Bonuses of \$45,446 for 1929, \$61,253 for 1930, \$40,419 for 1931, \$32,339 for 1932 and \$40,487 for 1933 had been received by him in addition.

H. P. Bull, Vice-President, received \$40,000 salary per annum. The bonuses paid to his executive had been \$75,744 in 1929, \$102,082 in 1930, \$67,364 in 1931 and \$53,893 in 1932. Last year, Mr. Patterson was paid a salary of \$10,000 on becoming chairman of the board.
