"One Meatless Meal a Day" is a good food slogan for war time, or any time—better make it two meatless meals a day—it would mean health and strength for the nation. But be sure and get the right substitute for meat in a digestible form. Shredded Wheat Biscuit is the ideal substitute for meat. It is 100 per cent. whole wheat prepared in a digestible form. Two or three of these little loaves of baked whole wheat make a nourishing, satisfying meal at a cost of only a few cents. Delicious with milk or cream or fruits of any kind. Made in Canada.

HOME A GAIN Written by Dr. Henry Van Dyke, American Minister to Holland, inspired by U-boat attacks on his return voyage

Home, for my heart still calls me; Home, though the danger zone; Home, whatever befalls me, I will sail again to my own.

Wolves of the sea are hiding Closely along the way. Under the water bidding Their moment to rend and slay.

Black is the eagle that brands them, Black are their hearts as the night, Black is the hate that sends them To murder, but not to fight.

Flower of the German culture, Boast of the Kaiser's marine, Choose for your emblem the culture, Cowardly, cruel obscene.

North from her sheltered haven Our peaceful ship glides slow, Noiseless in flight as a raven, Gray as the hooded crow.

She doubles and turns in her bearing, Like a visiting plover she goes; The way of her westward faring, Only the captain knows.

In a lonely bay concealing She lingers for days and slips At dark, from her covert, stealing Through channels feared by the ships.

Brave are the men, and steady, Who guide her over the deep, British mariners, ready To face the sea wolf's leap.

Lord of the winds and waters, Bring our ship to her mark, Safe from this game of hide-and-seek With murderers in the dark. A KNOT OF BLUE.

In olden days, for lady's praise, A knight went forth to war With arms complete, his charger fleet.

And pennon fluttering far; While on the field of blazoned shield Hung, pure and fair to view, A simple band from woman's hand. A tiny knot of blue: A true knot, A blue knot, A lover's knot of blue.

Did foeman bold or robber's gold Or Paynim blade appear "For God, St. Clair, and lady fair!" Went forth the ringing cheer "Mid weapons' flash and deafening clash

As man and beast he slew, An omen clear danced ever near— A tiny knot of blue; A true knot, A blue knot, With your sweet knot of blue— L'envoi.

To-day your night goes forth to fight Oh, love, my love, so true! God gives him grace his toes to face With your sweet knot of blue.— True knot, Blue knot, A lover's knot of blue. —William R. A. Wilson.

CREATING A ROOM IS INTERESTING. A Valuable Suggestion for Making Your Home More Attractive.

To create a room, one may commence, perhaps, with one interesting

CASTORIA For Infants and Children In Use For Over 30 Years Always bears the Signature of Chas. H. Littleton

piece of furniture, and build the whole room about it. It may be a beautiful desk or chair, but whatever it is, study the history of its time, find what used to be used with it, and hunt for the pieces you need most. If these are not to be found in the original, good reproductions of the original can be made.

Having decided upon the type of room you wish to create, study the special one you have in mind—its size and shape. Perhaps it is a room with a low ceiling; if so, it will have many charms, but in its furnishing many difficulties will be encountered. Where the ceilings are very low they should be tinted to match the side walls. The trend today is toward painting and painting the walls, but this is not always possible, as much depends upon the shape and size of the room and the condition of the walls. There are many beautiful wall papers made now, and in some instances their use is preferable to any other mode of wall decoration. Instead of painting the walls of formal rooms very often fabrics such as silks or damasks are used in the panels. Beautiful tapestries, too, are set in. I know of a delightful room where a tolle de jour (printed linen made in France) is put into the panels and heavily varnished. The effect is novel and charming.

A sense of greater space, as well as a decided leading on of interest, may be obtained by making every doorway of a room a vista. There may be only a passageway beyond but by carrying the color scheme through, or placing directly opposite the doorway a good picture, or a mirror with a console table beneath it, the imagination is immediately taken beyond the confines of that one room.

HURL A 9-INCH SHELL ---FROM CANADA--- All cannot go to the trenches! That's obvious. Some are too old, some are too young, others have ties which prevent. But who wouldn't take a shot at the enemy, if that shot could be fired right here at home? Wouldn't YOU strike a blow for victory and hasten the end of the war? And you CAN.

LOAD A GUN FOR A GUNNER BY BUYING VICTORY BONDS Canada's splendid sons have won undying fame at Ypres and Vimy Ridge, and elsewhere. Their glorious deeds of valor and acts of sacrifice have also won the love and admiration of all the freedom-loving peoples of the world. Perhaps your boy, near relative or friend is over there in France or Flanders now. Think of the thrill of pride we feel to own or even know him. But, shall it stop at that? Have we—have YOU no part to play—no duty? Shall we not make it clear to German despotism that Canada marshals not alone her fighting men? Shall we at home not make it clear that solidly behind our soldiers are massed battalions of finance—the total of our individual wealth? You may NOT pull the trigger but you CAN buy the bullets.
