Winnipeg Grain

WINNIPEG, Aug. 25 (CP)—Coarse grain continued to show a firm trend in today's trading on Winnipeg Grain Exchange. Proat warnings in the northern sectors of Alberta and Saskatchewan were reflected in the oats and barley markets. Buying was stimulated with locals and covering orders with a few shipper orders to the fore. Hedging pressure was again light. In the rye there was some outside buying which absorbed the heavy volume of offerings and hedging sales which appeared. Proat grain continued to show a firm trend in today's trading on Winnipeg Grain Exchange.
