## Australia Faces Crisis In Communist-Led Strike

### Crazed Factory Worker Kills Three Men Before Turning Gun On Himself

### Violent Death Strikes Twice

SUDBURY, Ont., June 19 (CP)—Violent death has struck twice in six months at the family of Mrs. Edward Terrell.

Mrs. Terrell's brother, William Wilson, was shot last Dec. 9 while defending a girl in a Sudbury home. Wilson's slayer, Gerald Chretien, was convicted last Friday of murder and sentenced to be hanged.

Last night Mrs. Terrell's husband, Constable Ed Terrell of the Sudbury City Police, was shot and killed by Clarence Brousseau.

### Zoot-Suiters Start Riot on Street Car

TORONTO, June 19 (CP)—Police reported Saturday that a gang of "crazy zoot-suited hoodlums" started a riot in a street-car, stripped all the light bulbs from it and stole the motorman's watch. The youths, returning home from a dance, crowded about 150 strong onto the street-car.

SUDBURY, Ont., June 19 (CP)—Running from room to room and floor to floor, Clarence Brousseau Saturday night killed three men and wounded two with rifle fire before committing suicide.

While thousands of Sudbury residents watched, the 46-year-old chemical worker held off a 75-man police and citizens' posse for two hours. His body was found in a pool of blood in the kitchen, a .303-calibre rifle beside it. The spectacular gun battle occurred in a frame house in Sudbury's western outskirts where Brousseau went berserk after a family quarrel.

Last night Mrs. Terrell's husband, Constable Ed Terrell of the Sudbury City Police, was shot and killed by Clarence Brousseau.

### Accidents Claim Lives Of Eight In N.S. and N.B.

SYDNEY, N.S., June 19 (CP)—Two persons died violent deaths in Cape Breton during the weekend.

John Posthewalski, six, drowned in Sydney harbor Saturday when he became panicky and jumped from a dory in which he was sailing with two other youths. The youngster became excited when one of the group jumped overboard to retrieve an oar.

Hugh MacKinnon, 70, was killed Saturday night when struck by an incoming express train at Gillis Lake, about 45 miles from Sydney.

Additional fatalities in Nova Scotia included two-year-old Donna Marie MacArthur, Halifax, believed trampled by a milkman's horse near her home, Shirley Anne Fraser, 13, of Birch Grove, near Halifax, was killed when an automobile struck her bicycle on a highway; and Morris Spencer Couling, 24, of Wellington, drowned in Fletchier's Lake while swimming.

BUYOUCHE, N.B., June 19 (CP)—Drownings claimed the lives of two Kent County, N.B., residents today.

Fredrick Doucet, 9, of Little Aldouane drowned when he attempted to leap into a floating dory from a sand bar in the Little Aldouane River. His brother Leo, 11, also marooned on the bar when the dory drifted away, was rescued.

The body of Mrs. Alfred A. Lager, 33, was found floating in Butoyche Bay a short time after she had left home.

Mr. Lager who had not been in good health recently is believed to have fallen into the bay after suffering a weak spell while walking along a high bank.

FREDERICTON, June 19 (CP)—Playmates who had been swimming with Donna Henderson thought the 11-year-old girl had returned home. Her parents notified police when the young girl failed to appear. Her body was found early Saturday night in the Nashwauk River near her home at Barker's Point.

### More Price Cuts Expected In U.S. Auto Industry

(By David J. Wilkie)  
DETROIT, June 19 (AP)—There will be more price reductions by the United States automobile industry this year.

But even minor cuts—made often enough—can worry competitors. General Motors has demonstrated this, twice this year, it has made \$10 to \$40 cuts on its passenger cars.

Supply shortages of a year ago now are a thing of the past. Auto makers are getting all the steel they are likely to need this year.

There is no shortage of parts. Instead of searching new sources of supply manufacturers are being besieged by salesmen.

The industry watched materials prices rise steadily after the war. But a lot of the things that go into the finished automobile have declined in recent months. Most experts expect further reductions in materials costs.

Moreover the present rate of production is going to create another sizable field stock for most of the industry.

So everything points to some substantial price cuts during the remainder of 1949.

### Dr. Bonnell Chief Speaker At Halifax

HALIFAX, June 19 (Special)—At the great Bicentennial Thanksgiving Service at the Halifax Forum Sunday afternoon, a noteworthy son of Prince Edward Island, Rev. John Sutherland Bonnell, D.D., minister of Fifth Ave. Presbyterian Church, New York, was the special speaker. Dr. Bonnell made special reference to the sailing out of Halifax harbor of the 5th Siege Battery from Prince Edward Island during World War I. He stated that one of the most deeply moving memories he had of Halifax, was the early morning departure of the battery, of which he was a Sergeant, to the sound of the "fog horn" on Macdonald's Island signalling "Good bye, good luck!"

"There is no more powerful incentive for the youth of a city or nation than a clear recollection of a noble past," said the preacher.

"A city without a past is rootless—its life is fragmentary and superficial. A city or nation which has no reverence for its tradition will have little regard for its future."

Participating in service were Hon. J. A. D. McCurdy, Lieutenant Governor of Nova Scotia and Most Rev. G. F. Kingston, D.D., Primate of the Church of England.

The musical service was led by a massed choir and H.M.C.S. Stadacona Band.

### "Now-Or-Never" Week For Party Candidates

### Recount Gives Macdonald Gov't Another Seat

HALIFAX, N.S., June 19 (CP)—A recount in the Provincial riding of Hans West Saturday gave Premier Macdonald's Liberal administration another seat today. Elected following a recount in which returning officer Charles E. Fleming had to cast the deciding ballot was George B. Cole, Liberal, with a one vote majority over George H. Wilson, Progressive Conservative.

The recount gave Cole 2,529 and Wilson the same number as what tallied after the polls closed June 9, but the returning officer's ballot, called upon to break the tie, gave the seat to Cole.

This changed the standing in the 37-seat Legislature to 28 Liberals and seven Progressive Conservatives.

A.C.F. and Independent Liberal candidate also ran in Hans West.

The change brings the Liberal representation up to the same number as in the 1945 election. A redistribution of seats added seven new seats in the Provincial House.

### RETAIL SALES UP

OTTAWA, June 19 (CP)—Easter trade this year helped Canada's retail stores ring up total sales of \$669,000 in April, the Bureau of Statistics reported today. This is an increase of 17 per cent over total sales in April, 1948. Easter trade occurred in March. Increases in total trade amounted to 50 per cent in Saskatchewan, 50 per cent in other parts of Canada ranged from eight per cent in the Maritimes to 16 per cent in Ontario.

Newfoundland has 1,300 communities scattered along its 6,000 mile coastline.

### Fashions in Perfume

PARIS, June 19 (Reuters)—Fashions in perfume, like fashions in dress, are constantly changing.

The new rage is flower scents—tantalizing, spicy, but without the "femme fatale" touch of the sophisticated perfumes of yesterday.

Most of the new perfumes in Paris this season are elusive, feminine and haunting.

### Communist Hecklers Stop Czech Archbishop In Midst Of Sermon

### Moves 800-lb. Load 9 Miles On A Bet

CLEVELAND, June 19 (AP)—On a bet, husky Jim Strong shoved and pulled an 800-pound load of sand Saturday from Painesville to Cleveland's public square.

That's 23.2 miles. Strong, 38, thought he could do it in 12 hours. It took 15, but sympathetic Harold Morgan, a neighbor, paid off the crowd because of the obstacles involved.

For one thing, the soft asphalt pavement slowed down the 100-pound truck he was pushing. For another, one of the wheels on the truck locked due to friction.

### Increase Reported In Unemployment Fund

OTTAWA, June 19 (CP)—An increase of more than \$80,000,000 in Canada's Unemployment Insurance Fund was announced today in a report by the Unemployment Insurance Commission. New balance at March 31 was \$529,535,437, compared with \$447,734,939 at March 31, 1948.

### Coal Supplies Short As Mine Strike Approaches

By Anthony Whitlock  
(Canadian Press Correspondent)  
SYDNEY, Australia, June 19 (CP)—Australia today faces her gravest coal crisis in history with depleted stockpiles and threat of a country-wide coal strike nine days away.

Employers in New South Wales estimate that 100,000 workers will be laid off this week and nearly 300,000 will be out of work if the strike starts as scheduled June 27.

Steel mills in New South Wales' industrial area Saturday started closing down following imposition of coal rationing by the Government in an effort to conserve supplies.

The Labor Government of New South Wales is reliably reported to have joined the Federal Government in fighting the Communist-led Miners Federation which demands long-service leaves, a 35-hour week and a 30s (about \$4.80) weekly wage increase for the Commonwealth's 24,000 coal miners.

Observers say the drastic cuts ordered Friday night by the Government are backed by members of the New South Wales Coal Board and that the Government is preparing for a long siege.

While the combined mining unions were seeking help of other unions, Idris Williams, president of the Miners' Federation, repeated his warning of a walkout to the Coal Board and the Government.

So far, mine owners have taken no action on the miners' defiance of an order by the coal tribunal not to hold strike meetings last Friday. It was at those meetings that the miners voted to call the walkout if their demands are not met by the June 27 deadline.

The tribunal order permitted prosecution of miners who did not work that day. It is believed that mine operators now are hopeful that the Government will be sympathetic to their side.

### Annual Corpus Christi Procession Yesterday

In what Rev. L. Unger, O.M.I., last night described as "the most impressive and best organized religious procession he had ever witnessed," the congregations of St. Dunstan's Basilica and Holy Redeemer parish held their annual Corpus Christi procession yesterday morning.

The ceremonies began with Solemn High Mass celebrated at St. Dunstan's Basilica by Rev. R.V. MacKenzie at 10 o'clock. He was assisted by Rev. William McCabe as Deacon and Rev. P.F. MacDonald as Sub-Deacon. The sermon was preached by Rev. B. Quinn, O.M.I.

Immediately after Mass the procession formed in front of the Basilica with Monsignor MacKenzie carrying the Blessed Sacrament. Approximately fifty minutes later when all had arrived at Notre Dame Convent, Monsignor MacKenzie gave Benediction on the altar erected on the richly decorated convent steps to the huge throng which knelt on the lawn in Hillsborough Square.

Following Benediction the congregations proceeded back to the Basilica. Both to and from the Church appropriate hymns were played by the Recce Band.

His Honor Lieutenant-Governor J.A. Bernard and Hon. Dr. W.J.P. MacMillan, K.C.S.G., and members of the Fourth Degree Knights of Columbus formed a guard of honor for the Blessed Sacrament.

Other clergymen who took part in the procession besides those mentioned were Very Rev. Edward

### No Rain In Sight For Maritime Provinces

HALIFAX, June 19 (CP)—Maritimers have been assured of a hot time which won't be damped in the foreseeable future.

While everybody piled sudden handkerchiefs across sweaty brows, for the seventh straight day the Weather Bureau summed it up tonight by saying: "There's not much happening."

That's the way it will be until at least Tuesday when a rain centre near Lake Superior may slide south in its eastward march and bring showers to Northern

### News In Brief

LO'NDON, June 19 (CP)—Britain today had normal Sunday train service for the first time in five weeks as railway workers on the state-owned railways abandoned their week-end strikes.

PARIS, June 19 (AP)—An authoritative source tonight said the Big Four foreign ministers have reached a working arrangement on Berlin. Specifically, they are said to have agreed on a "modus vivendi" which is diplomatic language for a temporary agreement pending a formal treaty.

LONDON, June 19 (Reuters)—Airmen of the five Western Union powers will test modern "air cover" tactics during naval manoeuvres of the five countries starting June 30. The aircraft, including fighters from Britain, France, The Netherlands, Belgium and Luxembourg will begin their role in exercise "Verity" July 4.

PRINCE ALBERT, Sask., June 19 (CP)—George Chupluk, 26, Saturday was sentenced to be hanged Oct. 3 for the bludgeoning slaying of Irene Gobelos, 16, at her farm home last Dec. 29. The jury brought in its verdict after 17 hours.

### Newsman Given Warm Welcome

HALIFAX, June 19 (Special)—In its overwhelming welcome to some fifty Canadian newsmen from across the Dominion who formed the National Press Club of Canada, the citizens of Halifax gave a preview of the hospitality which visitors to the bicentenary festivities may expect during the coming twelve weeks celebration.

Reversing their normal positions, the newsmen settled down in the sweltering heat to enjoy their new roles as visiting firemen and considered their reception as "out of this world."

In an action packed itinerary during the four day convention, the newsmen were met by the Halifax Press Club, bicentenary committee, Provincial Government, Canadian Broadcasting Corporation, the Canadian National and Canadian Pacific Railways, the Imperial Oil Co., the three armed services and citizens generally.

Police with screening sirens escorted the newsmen to the convention.

### One Man In Hospital, Two Uninjured

An automobile accident five miles from Hunter River on the Hunter River-Rustico Road over the week-end took the life of Mr. Peter H. Dolron, 61, of Toronto Road in the Hope River Parish. Mr. Ralph (Hank) Trainor of Charlottetown is in hospital with injured ribs but the two others in the car, Elmer J. Costello and his brother, Aloysius Costello, also of Charlottetown, did not require hospital treatment.

Coroner Dr. J. D. McGuigan ordered an inquest and after a jury had viewed the body the hearing was adjourned until Wednesday evening. It will be held at the A. A. Hennessey Funeral Home.

Members of the jury are: P. R. McCormac, foreman, Frank Currie, Monroe McLeod, G. McDonald, Louis McMahon, Emmett McDonald and Gerald Nates.

Royal Canadian Mounted Police said the accident was discovered by Mr. Jeremiah Doucette of Hunter River. He noticed a car in his field early Sunday morning, and when he investigated he found four men in it. Mr. Dolron was dead in the back seat. He had severe injuries about the head and face. Trainor was in the back seat with him, while the Costello brothers were in front. Apparently Elmer, owner of the car, a 1937 Buick, had been driving.

The car when it left the road crossed a ditch and landed right side up in the field.

It was believed Mr. Dolron had gone to Charlottetown with his nephews, the Costello brothers, and that they were driving him home when the accident occurred. It was not known how long the men were in the car before Mr. Doucette found them.

Mr. Dolron is survived by his wife and several children.

### College Men Are Learning It's Not The Sheepskin That Counts; It's The Shoe Leather!

HALIFAX, June 19 (CP)—Official forecasts issued by the Dominion Public Weather office Friday night and valid until midnight Monday.

Synopsis: Sunday evening there were widely scattered thunderstorms over Nova Scotia. Earlier in the day hot humid air had covered most of the district and afternoon temperatures were mostly in the 80's. But then a mass of cooler and drier air from Labrador pushed southward across the Maritimes. There were thunderstorms at its leading edge in New Brunswick and Prince Edward Island during the day but these had ended by mid-evening. During the night the cooler air will cover the rest of the district and temperatures will be lower in all regions.

High pressure area moving eastward from Ontario will give fine weather in all regions on Monday.

Prince Edward Island: Clear during the night and most of Monday but some cloudiness in the afternoon. Cooler Monday. Light winds. Low and high Monday at Charlottetown 55 and 70.

High tide today at 5:31 A. M. and 6:07 P. M.

Lowest tide this morning at 4:26 and sets at 8:02.

Summer tide eighteen minutes later than Charlottetown.

Approximately fifty minutes later when all had arrived at Notre Dame Convent, Monsignor MacKenzie gave Benediction on the altar erected on the richly decorated convent steps to the huge throng which knelt on the lawn in Hillsborough Square.

Following Benediction the congregations proceeded back to the Basilica. Both to and from the Church appropriate hymns were played by the Recce Band.

His Honor Lieutenant-Governor J.A. Bernard and Hon. Dr. W.J.P. MacMillan, K.C.S.G., and members of the Fourth Degree Knights of Columbus formed a guard of honor for the Blessed Sacrament.

Other clergymen who took part in the procession besides those mentioned were Very Rev. Edward

### No Rain In Sight For Maritime Provinces

HALIFAX, June 19 (CP)—Maritimers have been assured of a hot time which won't be damped in the foreseeable future.

While everybody piled sudden handkerchiefs across sweaty brows, for the seventh straight day the Weather Bureau summed it up tonight by saying: "There's not much happening."

That's the way it will be until at least Tuesday when a rain centre near Lake Superior may slide south in its eastward march and bring showers to Northern
