Irlam And Grant Combine For 70-yard Touchdown To Give P. W. C. Rugby Title

Old Stunts Work In Modern Rugby

(By The Canadian Press) COLORADO SPRINGS, Col. Nov. 20—Lateral-passing, hailed as an innovation these last few seasons in United States football, was old stuff in the American game 50 years ago, the records say. At that time the young game still bore some hereditary traits of the English rugby family, lost in later years through intermarriage with tug-of-war and javelin throwing, and now coming back as coaching-school inventions. Basketball hadn't been thought of in 1887, but the method of putting a football back into play was a cross between the side-line throw-in and a rugby line-out, the historians say. The record in this case is a magazine article written in that year by one Alexander Johnson, dug out of the files by a composing room employee of a Colorado Springs newspaper. Mr. Johnson records that a tackler was compelled to cry "held!" as he laid hands on the ball earlier, but the latter could keep fighting forward until he yelled "down!" generally from underneath 21 other players. "It is not uncommon to see a first-rate half-back carry the ball almost or quite the length of the field," he wrote, "dodging one opponent here, another there, thrown headlong again and again, but up and away before the tackle can be completed, and finally score a touchdown." He thought a lot of lateral passes for spectacular effects—"Each player taking his turn carrying the ball and, when hard pressed, passing it over the head of an opponent to one of his own side, who carries it farther."

May Fulfill Wish For Dead Turfman

(By The Canadian Press) GUILDSBOROUGH, England, Nov. 20—Lord Woolavington's life-long ambition to win the Derby three times may yet be achieved, though the veteran sportsman died with only two victories credited to his stable. He left his racing stock, brood mares and stallions, and a wealth of turf advice to his daughter, Mrs. Catherine Macdonald-Buchanan. It is understood she will continue the stable's turf activity and try to bring the old peer's colors home in front at Epsom at least once more. Lord Woolavington, whose home was at Lavington Park, Petworth, Sussex, was 85 when he died a few weeks ago. His total estate was more than \$35,000,000 and Mrs. Macdonald-Buchanan inherited most of it—nearly \$20,000,000 when duties are paid. He made a fortune in whiskey after starting business as a commercial traveller. His first Derby success was in 1922, when Steve Donoghue brought Captain Cuttle home in front. The stable repeated in 1926. This time Coronach, with J. Childs up, was first in a field of 19. Both Captain Cuttle and Coronach were sons of the great Hurry On.

Maple Leafs Meet Black Hawks Tonight

(C. P. by Guardian's Special Wire) Feature of tonight's National Hockey League programme is the clash at Chicago where Toronto Maple Leafs meet the Black Hawks in a battle of the League's section leaders. Neither has lost a game yet though both have tied one. Another contest will bring together the Maroons and Canadiens of Montreal in an intra-city tilt. Although they won the Stanley Cup last spring Canadiens took the season's series from Tommy Gorman's men and despite their 7-2 loss to Toronto Tuesday Canadians are sure they can rise to heights against the Maroon clan. After three successive ties Detroit Red Wings hope to score their first victory of the season at New York when they tangle with Americans in the third of the night's games. Americans have yet to win a game though they earned a 5-5 tie with the powerful Toronto squad in Leafs opening game. The breaks will probably decide the game between the rivals at Chicago while Maroons scoring punch should carry them to their second win of the season. Detroit should break into the win column against Americans if their forward ranks display the sniping ability they possess.

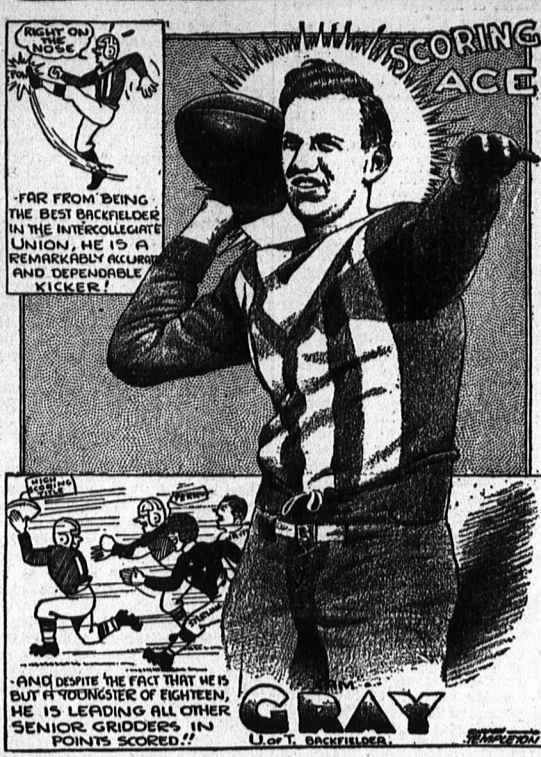

Red Sox And Athletics In Player Deal

(A. P. by Guardian's Special Wire) BOSTON, Nov. 20.—The Globe says it has learned Jimmy Fox, Roger Cramer and Eric McNair of Philadelphia Athletics will be turned over to the American League Red Sox in a baseball trade involving "a generous chunk" of Red Sox cash. Bill Warber, rated the American League's best third baseman two years ago, and cash will go as the Red Sox's part of the transaction, The Globe says. A deal between the two clubs has been rumored many times, and has been denied previously by the Red Sox management. The paper says Fox and McNair will play in their respective first base and shortstop positions, while Manager Joe Cronin of the Red Sox will shift to third base.

Sharkey Set For Comeback

(C.P. By Guardian's Special Wire) BOSTON, Nov. 20.—Jack Sharkey, former heavyweight champion attempting a comeback, was pronounced from his training quarters tonight to be in prime condition for his 10 round scrap here Friday night against Eddie "Unknown" Winston of Hartford, Conn. The aged Boston Gob, who was outpointed by Tommy Loughran in his last ring start before announcing his retirement in Sept. 1933, says his comeback attempt is based on a belief that Joe Louis is "soft pickings." After the negro sensation from Detroit had smothered Max Baer under a deluge of left hands, Sharkey came out with the statement that he did not consider Louis such a world-beater. To prove his assumed point, Jack let it be known he would resume ring activities in the hope of fighting his way up to a bout with Louis.

Chuck Templeton's SPORTRAITS

ON THE SIDELINES

Football games this season have all been closely contested affairs but the tid-bit has been reserved until the last and today it will be served piping hot when Queen Square and West Kent clash in the deciding game for the Interscholastic title and McMillan Trophy. The game brings together two of the most evenly matched school teams in Island rugby history. They may not be the best squads ever to battle for the title but what they lack in ability they more than make up for in courage and the earnest efforts they put into each contest. The score of the game is of little import to these two smart teams; they simply action every minute, never letting up a ceaseless attack and today with the title at stake it is a safe 2 to 1 bet that said action will be increased two-fold. Neither coach, Jim McCallum of Queen Square or Lou Campbell of West Kent would venture an opinion on the ultimate outcome of the game. Each mentor is not under-estimating their opponents by any means and realizes full well that it will be a battle right from the opening kickoff with the breaks very apt to play an important part. Victoria Park is to be the scene of conflict with starting time set at 3.30.

U. S. To Try Out Olympic Material

(A. P. by Guardian's Special Wire) NEW YORK, Nov. 20.—Twenty-nine of the foremost United States amateur hockey players, including representatives from practically every section of the country, were named today as the squad from which 13 players will be picked to represent the Stars and Stripes in the Olympic games at Garmisch-Partenkirchen, Germany, Feb. 6-16, 1936. The players have been notified to report to Walter Brown of Boston at the New Haven, Conn., arena Dec. 7 to begin a series of three tryout games. The first will be played that night against the Yale University sextet. The second game will be played Dec. 8 in Madison Square Garden with the St. Nicholas Hockey Club. The third is booked for Princeton, N. J., Dec. 9, against Princeton University. After the series, the Olympic personnel will be selected by the Olympic Hockey Committee. The team will sail Jan. 3 and play a series of games in London, Paris and Switzerland before going into Olympic competition.

Fredericton Team Defaults To Caledonia

(C. P. By Guardian's Special Wire) FREDERICTON, N.B., Nov. 20.—The Fredericton City rugby team have decided they will be unable to meet the Caledonia fifteen, Nova Scotia finalists, for the McCurdy Cup, emblematic of the Maritime Senior championship. Word to this effect was sent by telegram today to Fred Kelly, Wolfville, N.S., President of the Maritime Rugby Union, by Robin Kilburn, Manager of the Fredericton team. Thus the Capital squad may be considered to have defaulted. Kelly ruled last week that the game be played on Fredericton's home field last Saturday. College field here had been ploughed, however, so this was impossible. The local team then offered to meet Caledonia on the neutral field and the Cape Bretoners expressed a willingness to do this, if Fredericton gave a guarantee of all expenses, or to play at Glace Bay, giving Fredericton the net gate. Fredericton felt that at this season of the year it was too risky to accept the offer, which they considered not enough to make the trip by train. There was too much of a risk to make it by car, they said, and they did not feel like giving a guarantee to play on a neutral field.

Rumors Pass Unconfirmed At Meeting

(By Paul Mikkelsen Associated Press Sports Writer) DAYTON, O., Nov. 20.—Rumors and denials fought to a noisy 24-hour draw today at the annual minor league baseball meeting. Except for an admission by New York Giants and St. Louis Cardinals that they had made a deal, and a few minor league swaps, every rumor was up in the stratosphere with the managers firing at them with denials. Managers Bill Terry of the Giants and Frankie Frisch of the Cardinals said their deal would not be the Card bench by manager Mickey Cochrane of Detroit until a huddle with the White Sox officials, ostensibly to discuss a deal whereby Simmons would go to the world's champs for outfielder Gerald Walker, a pitcher and third baseman Gilbert Engleish.

TO CAPTAIN MIDDLESEX

LONDON—R. W. V. Robins, all-round international cricketer, has been appointed captain of the Middlesex County Club for 1936. He gave several fine displays for his country against South Africa last summer. Robins was a member of Sir Julian Cahn's side that visited Canada a few years ago.

CASH ONLY

DUBLIN—The Hospitals Trust, Ltd., operator of the Irish sweepstakes, won't accept "coon skins, caribou hides, dried fish-meal, apples, bacon, turpis, corn or oats in exchange for counterfoils. Rejecting these odd items—and more—Lord Powerscourt ruled only ten shillings or the equivalent in currency would do.

Hockey Officials Fail To Reach A Decision Re Canada's Olympic Team

(C. P. By Guardian's Special Wire) HALIFAX, N.S., Nov. 20.—Officials of the Canadian Amateur Hockey Association, together with P. J. Mulqueen, chairman of the Canadian Olympic Committee and John H. Conn, President and Manager of the Halifax Wolverines, 1935 Allan Cup winners, gathered in closed meeting here this afternoon in an effort to select a satisfactory hockey group to represent the Dominion in the Olympic Games next February. After a two-hour session they announced no decision had been reached and another meeting had been called for tomorrow. Wolverines, as 1935 national champions, were the logical choice but the team has been split by desertion of players to Central Canada and raids from professional clubs. Determined to consider every possible angle, hockey officials were loath to discuss the situation outside their meetings but said they had hope of making a satisfactory selection. The press has been barred from the sessions, but E. A. Gilroy, President of the C. A. H. A. had promised a comprehensive summary will be released immediately after a decision is reached. Rumors that Port Arthur Bearcats, 1935 Allan Cup finalists, would be named, that Bearcats and Montreal Royals would stage a playoff series to decide a representative of that the remaining Wolverines players would be strengthened by outstanding men from other parts of the Dominion, were neither denied nor confirmed by the officials, who have adopted an attitude of complete silence regarding the whole matter.

Mrs. Sterling Re-elected President Of W.A.A.F.

(By Arthur Merkel Canadian Press Staff Writer) HALIFAX, Nov. 20.—Mrs. W. E. Stirling of Halifax was re-elected President of the Women's Amateur Athletic Federation of Canada today at the 10th annual meeting which was concluded a whole day later than it was scheduled to close. Delayed by the withdrawal of Ontario and Quebec delegates because of a question of proxies which gave the Maritime Provinces branch control of the meeting, the convention was held over a third day for the first time in history. Much of the legislation of the Federation was held up because of the withdrawal of the central Canadians, and it was not until today, when the advisory committee of the Amateur Athletic Union of Canada confronted the Q. A. A. F., and told them they would have to come together once more or be disconnected from the A. A. U., that the Ontario and Quebec branches agreed to return with the delegates.
