Too Nervous To Sleep

Nerves Wrecked by Accident—Was Afraid to Go in a Crowd or to Stay Alone.—Tells Of His Cure.

London, Sept. 22.—Much sympathy was felt in this city of Mr. Dorsey, met with a distressing accident when his foot was crushed in an elevator. The shock to the nervous system was so great that Mr. Dorsey was in a pitiable condition for a long time. He was like a child in that he required his mother's care nearly all the time. He feared a crowd, could not stay alone and could not sleep because of the weakened and excited condition of his nerves.

Detroit doctors did what they could for him, but he could not get back his strength and vigor until he fortunately heard of Dr. Chase's Nerve Food. It is no mere accident that Dr. Chase's Nerve Food proved to be exactly what is needed in many cases of exhausted nerves. It is composed of the ingredients which nature requires to form new blood and create new nerve force. For this reason it cannot fail and for this reason it cures when ordinary medicines fail.

Mr. Laurence E. Dorsey, 39 Stables street, London, Ont., writes: "About three years ago I got my foot smashed in an elevator in Detroit, which completely wrecked my nerves. I doctored with the doctors there, but they did not seem to be able to help me. My nerves were in such a state that I could not go down town alone, or go to any place where there was a crowd. Some times my mother would have to sit and watch over me at night, and sometimes I could not get any sleep at all. But one day last winter I commenced using Dr. Chase's Nerve Food and before I had completely used the first box I could see a difference in my condition. I continued using these pills for some time. The result was splendid. I feel so much better, can sleep well at night, can go out in the street and attend gatherings like the rest of people. I am so pleased to be able to tell you what Dr. Chase's Nerve Food has done for me, and to recommend it to other people."

Dr. Chase's Nerve Food, 50 cents a box, a full treatment of 6 boxes for \$2.75, at all dealers, or Edmanston Bates & Co., Limited, Toronto. Do not be talked into accepting a substitute. Imitations only disappoint.

CHILD KILLED BY RUNAWAY.—Mr. Enman McNeill, his wife and child, had been cutting grain in his field last Monday and when returning home down his lane with the binder the horses became fractious. His wife met him in the yard and asked him if he had seen their child, aged a year and half, as it had gone into the lane. Mr. McNeill, however, had seen nothing of the little one and his mother went in search of it. She found it lying on its face in the lane and it died in her arms as she hastened back to the house. It apparently had been struck by one of the horses, as there was no evidence of injuries that might have been caused by the binder. The sad affair has caused the deepest sorrow and sympathy for the esteemed parents, who are almost heart broken.
