To Put on Flesh And Increase Weight

GOOD ADVICE FOR THIN PEOPLE

"I'd certainly give most anything to be able to gain a few pounds and stay that way," declare many thin men and women. Such a result is usually not impossible despite past failures. Most thin people are victims of malnutrition, a condition which prevents the fatty elements of food from being taken up by the blood as they are when the powers of nutrition are normal. Instead of getting into the blood much of the fat and flesh producing elements stay in the intestines until they pass from the body as waste.

To correct this condition and to produce a healthy, normal amount of fat the flesh making food elements must be so prepared in the digestive processes that the blood will accept and distribute them throughout the body. There is a preparation called Sargol, which works on this basis and which is sold by nearly every druggist on a positive guarantee of weight increase or money back. Hundreds have testified to weight increase from its use. Sargol does not of itself make fat but is simply a combination of ingredients of acknowledged merit that, taken with meals seems to better enable the digestive organs to separate the fattening elements of the food and to prepare them in a form which the blood can readily absorb. Sargol comes in tablet form, is pleasant and easy to take and its action is perfectly natural and harmless. Sargol is sold by all druggists to whom you are authorized to refund the full purchase price if weight increase is not obtained.

NOTE.—Sargol is recommended only as a flesh builder and while it has produced excellent results in cases of nervous indigestion and general stomach disorders care should be taken by those using it who do not want to increase weight.

Socks, 5 pr. towels, 10 handkerchiefs, 200 dressing-covers, 200 mouth-wipes, roll bandages. Mrs. W. S. Found, President; Mrs. M. Constable, Secretary.

THE GARDEN'S FLORAL TRIUMPHS.—September still sees some gorgeous patches of colour in the square. Ovals of scarlet geraniums in front of the Post Office still delight the eye, while the more subdued but harmonious blending of white, grey, blue and brown in the geometrical parterres in front of the Government building is certainly a masterpiece of floral art.

TAKING SPECIAL COURSE.—Farrier Sergt. J. Gordon Worth of the R. E. I. Heavy Battery left Saturday morning for Halifax where he will take a special course of military instruction. Some of his friends remembered him Friday evening by making him the guest of a supper at the Grand Cafe where he was presented with an appropriate gift as a slight token of the regard in which he is held by the boys.

PATRIOTIC WORK.—The ladies of Cumberland Institute held an ice-cream festival, also sale of candy, drinks etc., at Elliott Hall, Rocky Point on Wednesday, Sept. 1st. The night being fine a goodly crowd assembled from neighboring district and elsewhere, thus making the festival a success in every way. The proceeds amounted to \$40.00 which go to the aid of the Red Cross Society in their noble work. Much credit is due the President, Mrs. John McMillan in her untiring efforts to make the festival a success. Miss Jean Kelly Charlottetown, greatly pleased the crowd by dancing the "Highland Fling."

There is more catarh in this section of the country than all other diseases put together and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circular and testimonials. Address: F. J. CHENEY & CO., Toledo, Ohio. Sold by druggists, 75c.
