

Come—hash them!

This chilly weather nobody likes a cold dinner—everyone likes a hot, savoury hash made the Edwards' Soup way. This is how to do it:—

First empty Edwards' Soup into a saucepan; let it boil thoroughly for half-an-hour (give it plenty of time), pour the soup over the cold pieces of meat and vegetable; warm up together and—dish up and enjoy.

P.S.—Cook enough for second helpings all round.

EDWARDS' SOUPS

But you MUST give them half-an-hour—worth it.

Edwards' Soup (Tomato variety) makes a grand, rich soup. Edwards' Soup (White variety) is splendid for Irish Stews. Of all wholesale and retail Grocers, etc.

MORE MONEY FOR THE SMALL DEALER

The big man isn't big in spite of the Telephone—its because of it, to a certain extent. If you're satisfied with the profits your great grand father made, if you just want to eke out a bare existence from your business—if more don't look good to you—well, a phone will be just in the way—a bothersome ornament. This phone will bring you business—it will prove its worth in better returns in actual additional cost in your bill. Let Contract Dept. prove these facts to you.

SERVICES SUNDAY, OCT. 26TH.
—Cross Roads, 11 a. m., Subject, Creation Story. The first day in the Sun. Life, Hazelbrook, 3 p. m., Subject, The Simple Life, Alexandria, 7 p. m., Subject, A Perverted Vision.

AN INVITATION.—At a meeting of the Presbyterian congregation of Chipman, N. B., held on Monday, October 20th, an unanimous call was extended to Rev. John T. MacNally, a graduate of McGill University and Westminster Hall, Vancouver. The call will be dealt with at a meeting of the Presbytery of St. John to be held in St. Andrew's Church on Friday, October 24th, at 2.30 o'clock. Rev. Mr. MacNally is a native of Elmdale, P. E. I., and a nephew of Mrs. Robert Campbell of Charlottetown.

BASEBALL LEAGUE.—The indoor baseball movement among the men of the Fourth Battery of H.B.C.A. has evidently inspired a similar undertaking in the H.M.B.A., in connection with which there is a proposal to form an indoor baseball league. It is to be noted that the Y.M.C.A. League will be confined to the Junior members, thus entering for a class of the sporting community that will hardly be actively touched by the Fourth League. Tomorrow afternoon a meeting will be held at the Y. M. C. A., at which the proposal to form this junior league will be discussed. To this meeting all juniors interested in the matter are invited.

AN ECHO FROM FRANCE.—Interest in the fox farming industry, which has its home in this island, is fast becoming world-wide. The industry as becomes its importance in scientific breeding, has attracted the attention of a prominent scientific journal of Paris, the Revue Scientifique, which, in its September issue, states inter alia:—"At the present time the breeding of black and silver foxes is carried on with success in several provinces, notably in Prince Edward Island." After referring to the fact that the breeding of other fur-bearing animals is being undertaken, the Revue has this further to say:—"At present only the breeding of the fox is really well developed. If, by over production, the value of the skin finally becomes depressed—a fatal error—prices will probably not fall below a certain level, which will leave a profit for the breeders. Thus their efforts are of much interest, and besides their speculative value they assure the conservation of certain varieties whose increasing rarity has inspired fears of their complete disappearance."

INTENSIVE AGRICULTURE.—Progressive and up-to-date agriculturists in this country, convinced of the advantages of scientific methods of agriculture, are now directing more attention to the intensive cultivation of the soil. Their efforts will receive some encouragement from the fact that the United States at present agitation is going forward in various quarters for the development of intensive agriculture. As is the case with so many places in this Dominion, the soil is in abundance, but it is not cultivated; soil can be had on small terms which can be made to yield harvests unprecedented, provided farmers learn how to handle it. Farm and Fireside remarks that if American farmers can make any money with an average wheat yield of only thirteen bushels to the acre, "what might they not make with twenty-six." A yield of thirty-six bushels of wheat has for years been secured in several European countries. In regard to the average crop returns of oats, barley and potatoes, the European countries are also far ahead of the American farmers. What can be done in the direction of intensive agriculture almost staggers the imagination. One schoolboy is understood to have raised 237 bushels of corn on one acre of land and the presumption is that this is not a mere lucky experiment. In fact, the evidence is completely convincing that the soil, the climate, the area—all the conditions are at hand in Canada as well as in the United States for maintaining and increasing food products. If only the people are willing to take advantage of these opportunities.

MOTHER! THE CHILD IS COSTIVE, BILIOUS

IF TONGUE IS COATED, BREATH BAD, STOMACH SOUR, DON'T HESITATE!

Give "California Syrup of Figs" at once—a teaspoonful today often saves a sick child tomorrow. If your little one is out of sorts, half-sick, isn't resting, eating and acting naturally—look, Mother! see if tongue is coated. This is a sure sign that its little stomach, liver and bowels are clogged with waste. When cross, irritable, feverish, stomach sour, breath bad or has stomach-ache, diarrhoea, sore throat, full of cold, give a teaspoonful of "California Syrup of Figs," and in a few hours all the constipated poison, undigested food and sour bile gently moves out of its little bowels without gripping, and you have a well, playful child again. Mothers can rest easy after giving this harmless "fruit laxative," because it never fails to cleanse the little one's liver and bowels and sweeten the stomach and they dearly love its pleasant taste. Full directions for babies, children of all ages and for grown-ups printed on each bottle.

Beware of counterfeit fig syrups. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," then see that it is made by the "California Fig Syrup Company." Don't be fooled!

BOSTON BOAT.—The Plant Line steamer A. W. Perry is due in Charlottetown this morning at seven.

DANGEROUSLY ILL.—Her many friends will regret to learn that Mrs. (Capt.) William McDonald, Souris East, is dangerously ill.

NOTICE.—The list of delegates to the Sunday School Convention to be held on Oct. 28-30, can be seen at Zion Church on this (Friday) evening any time from 7 to 10 p. m. Everyone is asked to call and make a choice.

SCHOONER DUE.—The S. S. City of Sydney sails from Montreal Sunday morning next for Charlottetown direct. She will be due here Tuesday evening. For further particulars see advertisement or apply to Buntain Bell & Co., agents, 2271.

Y.M.C.A. NOTES.—The Y.M.C.A. gymnasium class for young business men will be opened tonight, at eight o'clock. Bank clerks are invited to attend this class. Tomorrow afternoon a game of football among the intermediate members of the Y.M.C.A. will be played on the Abegweit A. A.'s grounds.

LETTER OF CONDOLENCE.—A letter of condolence, signed by John J. McLeod and Malcolm E. McDonald, as a committee for Lion L. O. L., No. 1049, Uigg, was unanimously adopted at their last week and forwarded to their brother John C. Martin, Uigg, who recently suffered the loss of his beloved sister.

FOOTBALL LEAGUE.—Football enthusiasts will be interested in a proposal emanating from the Y. M. C. A., which has as its object the formation of a football league to be known as the Intermediate Football League. A meeting with this proposal a meeting will be held at the Y. M. C. A., building tonight at nine o'clock.

CATTLE SALE.—The sale of D. C. MacKinlay's herd of Shorthorn cattle came off Wednesday. Although the attendance was comparatively small yet all parts of the Province were well represented. Prices were good. Cows ranging from \$100 upwards—young stock bringing proportionate prices. The interest shown indicated the revival of the short-horn business in this province.

WEDDING BELLS.—The marriage of Miss Mary A. McQuillan and Mr. John Keenan, both of Brooklyn, New York, took place on Monday the 20th inst., at 7.30 a. m., in St. Ignace Church, Brooklyn, New York, the ceremony being performed by Rev. Father Murphy. Miss McQuillan formerly belonged to Charlottetown, and is a sister of Father McQuillan of Halifax. Mr. Keenan is an Electrician for the Metropolitan R. R., Brooklyn, N. Y.

ISLAND CATTLE.—A drove of a dozen head of Prince Edward Island cattle arrived at the wharf here the first of the week, says a New Glasgow N.S. exchange. Upon inquiries it was learned they were purchased during exhibition week by William P. Reid, a hustling butcher whose place of business is located at Lower Sutherland's River. Mr. Reid will butcher them for his local retail trade as well as for his wholesale business in Sydney, C. B. They were driven over the road by two men, and attracted much attention as they passed out of town by the Merigomish Road.

SUCCESSFUL MEDICAL STUDENTS.—Montreal advices state that of the seventy-one candidates who presented themselves for this, the first examination, under the Canada Medical Act, forty-four proved equal to the occasion. Eight were referred back to the Council, having failed in not more than two subjects and nineteen were rejected. The following Islanders are amongst the successful forty-four: Dr. F. H. McKay, Mount Stewart; Dr. Louis W. MacNutt, Charlottetown; Dr. L. G. Houle, Charlottetown; Congratulations. The young physicians are now enrolled in the Medical Register and are entitled to practice anywhere in Canada.

THE LORD'S DAY ALLIANCE.—Rev. S. W. Mingle, General Secretary of the Lord's Day Alliance for the Province of Quebec and the Maritime Provinces, will preach in St. James' Church at 11 a. m. on Sunday 26th inst., and in the Baptist Church at 7 p. m., and he will address the Sabbath School of Grace Church at the close of the School on the same day. He will be at Vernon River on Monday 27 Oct.; Murray Harbour, Tuesday 28th; Cornwall, Wednesday 29th; Montague, Thursday 30th; Georgetown, Friday 1 Nov.; Summerside, Sunday 2nd; Kensington, Monday 3rd; Malpeque, Tuesday 4th; Beloeue, Wednesday 5th; Alberton, Thursday 6th; Summerside, Friday 7th.

SATISFACTORY CONCLUSION.—By the express on Wednesday night returned to Charlottetown, Messrs. W. H. Aitken and Horace Hazard, who, as a delegation from the Charlottetown Board of Trade, visited Moncton on Wednesday with the object of interviewing the officials of the I. C. R. controlling the P. E. I. railway concerning the charges made for goods in storage at Charlottetown for carriage on the P. E. I. railway. The Board of Trade's delegates interviewed Mr. Hayes, the Traffic Manager, and Mr. Storey, in charge of the freight department, to whom they made the representations with which they were charged, which in effect were for the abolition for rest of this season of certain charges for demurrage which have been made on the P. E. I. R. Seen yesterday by a Guardian representative, the returned delegates stated that their interview had had a satisfactory termination but were not in a position to disclose any details about it.

DAILY SELECTIONS FOR GUARDIAN READERS

Published by W. S. Louson

THE PATIENCE OF THE OLD.
The patience of the old—a blest com-
pleteness
That crowns the tide of years when
ebbing mild and low!
Unto his latter days it gives a
noiseless sweetness,
Like slipped feet that travel soft
and slow.
For all the ties of life that bind
them here
Have weaker grown from fleeting
year to year;
The hearing gone the eyesight dim,
And trembling seen in hand and
limb!

The patience of the old—'tis thus I
reason;
Their grinding work in life is al-
most, almost done;
Their constant toil sustained through
every changing season,
Their burdens borne in building
rain and sun;
And then there comes the gentle
healing calm
Of victories nobly won, a precious
balm,
That soothes the chastened, ling-
ering soul
While life's remaining moments
roll!

The patience of the old—ah, blessed
A life serene, at peace, it tells to
me and you,
Of harvest gathered in, life's duties
high unbroken,
And then the waiting for the last
adieu:
God's peace is like a river deep,
'tis said,
And they submerged from foot to
silver head;
The soul made all in sweet accord,
This is the spirit of the Lord!

The patience of the old—oh, grant it,
heaven,
When earthly scenes grow dim my
fading sight before,
To me may this contentment, e'en to
me be given,
And may I go with me unto the
father shore,
Then down the jeweled aisles I'll
walk enraptured,
My new-found senses blest, my new
heart captured,
And see at last, no cloud between,
All wondrous patience and all love
serene!

ELEVATOR WILL BE A TOTAL LOSS.

WINNIPEG, Oct. 22.—Held in check
by a wall of earth which was forced
up when the collapse started, the
huge Canadian Pacific elevator at
Trancona is in about the same position
as it was after the accident oc-
curred on Saturday.
The building will, however, be a
total loss and men are now at work
taking the grain out of it. Engineers
do not think that the building will
slide any more as it is now packed in
by the mud around it.

Back Was Lame For Two Years

Stomach Troubles and Weakness of
Kidneys Cured by Dr. Chase's Kid-
ney-Liver Pills.

There is an enormous amount of
suffering from liver and kidney de-
rangements and stomach troubles
that could easily be avoided by using
Dr. Chase's Kidney-Liver Pills.
If you could not realize the scores of
terrible ills that arise from a slug-
gish condition of the kidneys, liver
and bowels you would not be long in
giving this medicine a trial.
Mrs. Edward Stewart, New Rich-
mond West, Que., writes: I want to
tell you how thankful I am for us-
ing your Dr. Chase's Kidney-Liver
Pills for stomach troubles and back-
ache caused by weak kidneys. I was
unable to wash any clothes for over
two years on account of my back be-
ing lame. I read the Almanac and
began using these pills. Two boxes
made a complete cure. I can do my
own washing and other work now,
and want to say to lady friends that
they do not know how much I appre-
ciate Dr. Chase's Kidney-Liver Pills.

REV. SCOTT CURRIE MISSING IN LABELLE.

BUCKINGHAM, Que., Oct. 22.—The Rev. Scott Currie, Anglican clergyman at Glen Almond, in Labelle county, has been missing since Saturday last when he got separated from a hunting companion, and it is feared that he accidentally shot himself.

With Herbert Hall, a young man of Halls' Corners, Labelle County, Mr. Currie started on Saturday morning at five o'clock on a hunting trip in the mountains. Neither had much knowledge of the country and in a short time they had lost their way. For several hours they wandered about finally becoming separated.

Hall heard a shot as he was trying to find the clergyman, and thinks the latter may have fallen and accidentally killed himself. Hall reached Perkins Mills about five o'clock on Sunday morning with his story, and since that time search parties have been scouring the woods in the district in search of the missing man. The Rev. Mr. Currie came to his charges at Glen Almond and Hall's Corner last May and was arranging to bring his wife and child out from England shortly. His inexperience in the woods lends to the belief that he has perished.

MISSISSIPPI VALLEY MEDICS.

NEW ORLEANS, La., Oct. 23.—The annual meeting of the Mississippi Valley Medical Association began a three days' session in this city today. President Albert E. Sterne, of Indianapolis, made his annual address at the opening session. At the conclusion of the meeting Saturday the members of the association and their families will start on a trip to Sunday morning with his story, and

To Piano Buyers who are Looking for A BARGAIN

There are about 30 different makes of Pianos IN CANADA

There are pianos whose only selling attraction is THEIR APPEARANCE

There are pianos fairly well made, and are just good commercial pianos, but cannot be called a MUSICAL INSTRUMENT

There are pianos who have fought their way to the front, through long years of hard work. They have made for themselves A REPUTATION

WHICH GRADE OF INSTRUMENT ARE YOU MOST LIKELY TO GET A BARGAIN OF?

EVERYBODY KNOWS HEINTZMAN & CO. KARN-MORRIS, MENDELSSOHN, SHERLOCK-MANNING.

FOR VALUE RECEIVED

Competitors are using as a canvas that we do not sell as cheaply as they, but this is no test of value, or of what is a REAL BARGAIN

We invite a comparison of our prices on the above named instruments, with any dealer in any city of this Dominion. If you cannot get as good value for your money here, don't deal with us.
