Children Cry for Fletcher's
CASTORIA

Fletcher's Castoria is strictly a remedy for Infants and Children. Foods are specially prepared for babies. A baby's medicine is even more essential for Baby. Remedies primarily prepared for grown-ups are not interchangeable. It was the need of a remedy for the common ailments of Infants and Children that brought Castoria before the public after years of research, and no claim has been made for it that its use for over 30 years has not proven.

What is CASTORIA?

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is pleasant. It contains neither Opium, Morphine nor other narcotic substance. Its age-old guarantee. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind, Colic, and Diarrhoea; allaying Feverishness arising therefrom, and by regulating the Stomach and Bowels, aids the assimilation of Food, giving healthy and natural sleep. Free Records

Free records is a phrase much used now-a-days by some who would have the purchaser believe he is getting something for nothing.

WE DO NOT GIVE ANY FREE RECORDS!

We sell Gramophones and Records at Lowest Prices consistent with fair dealing to our customers and ourselves, and the public may as well understand that in the final analysis THERE IS NO SUCH THING AS FREE RECORDS.

Did we give free records it would be necessary for us to charge more for our gramophones, or furnish AN INSTRUMENT INFERIOR IN QUALITY. In either case the purchaser when he would come to know the truth would be sore, not only on us, but on the music business in general. We believe ours is an honourable business, and are determined to keep it so by selling honest goods at honest prices.

No catch penny offers here, rather

LECTURE ON CALIFORNIA—A very interesting lecture was given in the Hearts Memorial Hall last evening on "San Diego, California" by Mr. E. H. Beer. Some fifty beautiful pictures were thrown on the canvas which gave a fine idea of the buildings and scenery of the San Diego Exposition held in 1915 and to be repeated next season. A male quartette by Messrs Ritchie, Gorbell, Hutchings and Taylor, and a solo by Miss Helen White preceded the lecture. These numbers were much enjoyed by the audience. The chair was occupied by Mr. E. T. Higgs, M. L. A. At the close of the lecture a vote of thanks moved by Mr. J. A. Moore, seconded by Mr. Hutchings was presented to the lecturer to which Mr Beer fittingly replied.
