ITALIANS INFLICT HEAVY LOSSES

(Special to the Guardian.)

LONDON, May 29.— Verdun Region in France and the Southern Tyrol continue the Theatres where the most sanguinary battles are taking place. While the Italians are holding back the Austrians from further advances and inflicting heavy losses on them in counter attacks their German Allies have been able to make another gain in the capture of about 300 meters of French trenches northwest of the village of Cumiers on the left bank of the Meuse near Verdun. Fighting of great intensity is in progress around Hill 304 and between Lemort Homme and Cumieres but except near Cumieres the vicious German onslaughts were all set at naught by the vigorous counter offensive of the French. The sectors east and west of Fort Douaumont, Northeast of Verdun, witnessed another artillery duel but no infantry attacks. Artillery on both sides was busy along the remainder of the front in France and Belgium.

In the Tyrol the Austrians in Lagarina Valley and South of Posina Torrent threw heavy assaults against Italian positions but the Italians stood their ground and repulsed the attackers with considerable losses.

ALLIES DECREE BREAK UP OF TWO EMPIRES

CHICAGO, May 27—In a communication to the Chicago Daily News from Florence, Italy, dated April 14, Edgar Ansel Mowrer, a staff correspondent of that newspaper, says the Allies have already framed terms of peace in accordance with a compact entered into last year. He says Great Britain, France, Russia and Italy last year, entered 'into a compact of 14 years' duration, which contemplates as a provision for peace the disintegrati on the German Empire, Austria-Hungary and Turkey to be wiped off the map, an independent nation to be made of Bohemia and the cession of Constantinople to Russia.

Mr. Mowrer says his information comes from a diplomat of high standing and adds:

"According to my informant, between April 25 and April 27, 1915, representatives of the four larger nations now on the side of the Allies, sitting in conference in Paris, drew up an agreement, some of the conditions of which deserve to be made known.

"The four nations bound themselves in close alliance for 14 years from the date of signing; that is, until approximately May 1, 1929.

"If completely successful in the present war, they are determined to impose stringent and definite conditions of peace which result decidedly to the advantage of all of them.

"Germany will be compelled to relinquish certain parts of Schleswig to Denmark.

"Heligoland passes to Great Britain. "Belgium, restored, annexes the grand duchy of Luxemburg and perhaps slightly extends territory on the east.

"France takes possession of Alsace-Lorraine.

"Germany cedes all that was Poland to Poland, newly reconstituted.

"Prussia restores to the old states of the German confederacy their former governments and relinquishes all domination over them. German-speaking Austria enters the confederacy as an offset to Prussia.

"Austria-Hungary is partitioned among several nations, and so ceases to be. Germanic Austria returns to the German confederation. Italy 'redeems' the Trentino as far north as the mountain divide, annexs the ancient duchy of Goritz as far as Laibach, and the valley of the Sava, takes possession of Istria with Triete, seizes part of the Delmatian coast with many of the important islands, and such cities as Zara, formerely Italian, and to this day bearing the indelible stamp of the once mighty Republic of Venice. This, with the possession of Aviona, gives to the Italian monarchy undisptued sway in the Adriatic.

"Serbia absorbs Croatia, Bosnia, Herzegovina and those parts of southern Hungary, where the population is predominantly Slavic.

"Bohemia is reconstituted an independent state.

"Poland, re-established and autonamous under some sort of Russian control, to extend over Galicia, Bukowina and a part of northern Hungary."

How You May Throw Away Your Glasses

The statement is made that thousands wear eyeglasses who do not really need them. If you are one of these unfortunates, then these glasses may be ruining your eyes instead of helping them. Thousands who wear these "windows" may prove for themselves that they can dispense with glasses if they will get the following prescription filled at once: Go to any active drug store and get a bottle of Bon-Opto tablets. Dissolve one Bon-Opto tablet in ¼ glass of water. With this harmless liquid solution bathe the eyes two to four times daily, and you are likely to be astonished at the results right from the start. Many who have been told that they have astigmatism, eye-strain, cataract, sore eyelids, weak eyes, conjunctivitis and other eye disorders, report wonderful benefits from the use of this prescription. Get this prescription filled and use it; you may so strengthen your eyes that glasses will not be necessary. Thousands who are blind, or nearly so, or who wear glasses might never have required them if they had cared for their eyes in time. Save your eyes before it is too late! Do not become one of these victims of neglect. Eyeglasses are only like crutches and every few years they must be changed to fit the ever-increasing weakened condition, so better see if you can, like many others, get clear, healthy, strong magnetic eyes through the prescription here given. The Valmas Drug Co., of Toronto, will fill the above prescription by mail, if your druggist cannot.

A prominent City Physician to whom the above article was submitted, said: "Bon-Opto is a very remarkable remedy. Its constituent ingredients are well known to eminent eye specialists and widely prescribed by them. It can be obtained from any good druggist and is one of the very few preparations, I feel should be kept on hand for regular use in almost every family."

"E. A. Foster and Reddin Bros. fill many Bon Opto prescriptions, and will gladly fill yours!"
