FINANCIAL NEWS BRIEFS

(Received over Pitfield and Co's Private Wire)

Alberta Oils—Richland No. 3 drilling 4,400 feet in the lime was practically completed on Thursday. Its total depth is 6,047 feet. It is estimated production should exceed 300 barrels daily. The gas flow is around 5,000,00 cubic feet, only daylight towers have been operated recently. Richland No. 2 is drilling below 5,200 feet and carrying eight inch casing. Work will be resumed first of next week at Richland No. 1 at 3,100 feet. Essex well no 1 is below 1,700 feet.

NEW YORK, Aug 20—The far eastern situation shows no improvement this morning. After a few weeks of discussion the brotherhood of railwaymen have failed to come to an agreement with the management of the railroads in regard to an increase in wages. It is reported that last night the administration leaders in the House abandoned hope of getting the Wage and Hour Bill considered at this session of Congress. The probability is that Congress will adjourn tomorrow. There is no overnight news which would help the market except the strong probability that Congress will adjourn tomorrow. However, yesterday was the fourth successive day of the sell off, but the probability is that there will be fewer declines than there were yesterday. Poor formation at this time would be a lower market today with only a slight improvement in averages tomorrow. A good formation would be a rather sharp rally today or tomorrow in fair volume. American Chain and Cable declared a 50 cent dividend on the common, a similar dividend was paid in June.

CROP REPORT

WINNIPEG, Aug. 19—Harvesting operations halted in Manitoba and Saskatchewan by rains bring the wheat cutting average up to 83 per cent in Manitoba, 63 per cent in Saskatchewan with Alberta low at only 19 per cent. Threshing of wheat has begun everywhere in Manitoba in several districts of Alberta and in northeast, east and central Saskatchewan. Cutting of both wheat and coarse grains is later than last year in all provinces, coarse grains show a high percentage harvested in Manitoba with Saskatchewan a close second. Threshing of wheat by provinces is estimated by Agricultural Department in the weekly report made today as follows—Manitoba, Marquette, Carberry sub. division 30 bushels to the acre. Whistbourne Miner 28 bushels to the acre. Little change in crop outlook is reported by this department as compared with last week. Manitoba recording still the best crops with the northern section of east central and northeastern Saskatchewan and southwestern and west and north central parts of Alberta next in line. In these latter sections warm weather is needed to hasten the ripening process of late crops.

NEW YORK, Aug. 20—Standard Oil of Kentucky declares extra dividend of 15 cents and regular quarterly dividend of 25 cents both payable Sept. 15 record Aug. 31.

Striking employees of Canadian Cottons Limited at Cornwall have voted to return to work Monday on basis of settlement negotiated by Premier Hepburn and both company and employees will await findings of Ontario trade and industry board in inquiry into textile industry in Province.

TORONTO, Aug. 20—Consolidated Chibougamau—In commenting on the action of Cons. Smelters in taking up a block of "CC U" stock last week Financial Counsel this morning says in part—The exercise of its options to acquire new stock at $1 share has been on a different basis from the ordinary option holder. Usually if a group continued to take up options on a mining stock this action implied probably not only a continued faith in the enterprise but growing evidence of a favorable character. When Cons. Smelters, however, took up options from time to time it was merely paying itself for its expenditures previously made on the property on the basis of stock at $1 a share and to this effect the taking up was not of the usual significance.

TORONTO, Aug. 20—Selling has been coming into the copper stocks in New York. This has been reflected in uneasiness in the Toronto market.

MONTREAL, Aug. 20—General Steel Wares—General Steel Wares directors have approved plan for payment arrears on preferred. It is anticipated that 60 days notice of a meeting will be given in order to have full representation of shareholders. It is expected notice will go to shareholders in about three weeks. No details given out.
