The Mystery of The Singing Walls

(Continued)

As the Irishman waddled up the great stone steps, Graham swung open the heavy polished door of the unabout and played his flash over the complicated dash. Then, queezing in behind the driving wheel, he was starting to sit back against the soft cushions when he uttered a grunt of pain. Gingerly backing out again to the sidewalk he carefully removed from his high, the fine, delicate point of a hypodermic needle.

"Here's what did the bus'ness" he grumbled, playing the disk of his flash on the tiny thread of steel. "In spite of his analysis, Darraell was wrong about Mr. Warburton's not being attacked with morphine. Probably the reason the flash around the punctures on the wrist did not react to his morphine test was that some hours had elapsed from the time of injection until leath set in and the injection had time to carry the poison away from its point of entrance into the blood stream."

"And there's another thing sure, George," Busby added, turning over his shoulder to his colleague, "and that is that Mr. Warburton wasn't driving when he was attacked. For, even though he was an old man, there must have been quite a struggle and, if he had been driving, the car would have swerved, furthermore, there isn't a sign of spattered blood except down there on the floor where his finger was hanging. Therefore, either Mr. Warburton was assaulted somewhere else and carried into the machine, or he was 'tacked when it was standing still."

Graham nodded in agreement. "In either case," he pointed out,

Gossiping Neighbor Set Her Stomach Right

New York City Mrs. Emily Uehla writes—"It was terrible to stay away from foods I loved simply because they made me bilious, upset my stomach, and made me constipated. A neighbor recommended Carter's Little Liver Pills. They helped her wonderfully. I gave them a trial and now when the fancy goodies come around I enjoy them immensely."

When the bowels move daily, the system is generally in good condition. Carter's Little Liver Pills relieve chronic constipation. Druggists: 25 & 75c red packages.

Ease Sore Muscles

SORENESS and lameness disappear when Absorbine, Jr. gets on the job. No second-day stiffness when you use the magic balm! Get the quick relief of this antiseptic liniment—it relieves aches and pains—and restores limberness. Pack in your grip when going away.

Baby Fretful? Avoid Constipation

Remember your baby is helpless, unable to point out that constipation is making its life miserable. You must be able to recognize the symptoms.

Convulsions, night terrors, grinding the teeth in sleep, feverishness, fretfulness—all indicate that poisons from baby's stagnant intestine are flooding the little body.

Constipation is dangerous for anybody. Nujol is safe for everybody. It does not affect the stomach, and is not absorbed by the body. Medical authorities approve Nujol because it is so safe, so gentle and so natural in its action.

Nujol makes up for a deficiency of natural lubricant in the intestine. It softens the waste matter, and thus permits thorough and regular bowel movements without gripping.

Nujol can be taken for any length of time without ill effects. Unlike laxatives, it does not form a habit, and can be discontinued at any time.

Ask your druggist for Nujol.

"the assault did not occur on a thoroughfare like this street and the assassin and not Mr. Warburton drove the car back here."

Busby took from his colleague the delicate filament of the broken needle and turned it over gingerly in his fingers. Then he handed it back and pulled the end of his nose vigorously.

SMILES

DECIDEDLY IDLE

Reggie: I poured out my heart to her, Miss Sharpe. I cried, "My life's dull!"

Miss Sharpe: Decidedly idle Mr. Sapp—you should find something to do.

THE POOR NUT

"He's hard-shelled, talks with a burr, got almond eyes!"

"Oh, quit talking about the poor nut!"

She: I hear you've gone into the real estate business.

He: Not exactly, I'm a reporter. I'm picking up dirt for the news papers now.

"Say Joe, did you know Mike Byfles' wife had lockjaw?"

"Well the Irish always were lucky."

Girls Who Work

A GIRL who earns her living—whether in store, office, factory or home—realizes the necessity of regular attendance at her place of employment. For this reason she works on day after day. She is exposed to all kinds of weather. Her feet are often wet. She suffers from such minor ailments as headache, backache, cramps or pains in her side. When these things are allowed to continue, some more serious ailment usually develops.

Do you know that thousands of girls have found in Lydia E. Pinkham's Vegetable Compound just the help they need? It relieves pain and congestion, strengthens the system, and restores the girl to a normal physical condition which makes her fit for work. These two women testify to that fact.

Healthy, Strong Now

Salem, Oregon.—"I am writing to tell you how much your medicine has helped me. Beginning when I was 14, I suffered for five years with cramps. I had pains in my back, both sides and in my limbs, and my stomach was always upset at those times. I had to lay off from work for four to five days, almost every time. I was doing canery work, canning, sealing, etc., but had to quit work when sick as I would be so weak I could hardly walk across the room. I tried all kinds of medicines without help, so a woman friend of mine told me of Lydia E. Pinkham's Vegetable Compound. I have found relief every time while sick and it helps me more each time. Every one says I am a healthier and stronger girl. I am recommending the Vegetable Compound to all my friends."—JULIA SCHMIDT, 652 North Front Street, Salem, Oregon.

Like a New Person

Newark, N. J.—"I was troubled with pains in my back and was tired and drowsy with sick headaches. When I was sick I would have dreadful dragging-down pains, and I must have looked badly from what they told me. I was single at the time and had to give up work. At that time I ran a sewing machine in a shoe factory. I doctored with some of the best doctors in Newark, and they advised an operation. My cousin told me to try Lydia E. Pinkham's Vegetable Compound, and after I had taken five bottles of it my troubles were gone and I felt like a new person. Now my daughter is taking it for similar troubles and I recommend it whenever I can."—Mrs. H. BEACH, 512 15th Avenue, Newark, New Jersey.

Such letters should induce all women who need it to try this famous medicine. Sold by druggists everywhere.

Don't Lose the Riding Comfort of True Low-Pressure Inflation

When you inflate Balloon Tires hard in order to save undue wear of the tire, you lose the riding comfort of true low-pressure inflation.

Dominion Royal Cord Balloon Tires are built with a specially designed Low-Pressure Tread that can be kept at a true low-pressure inflation without shortening the life of the tires. Dominion Royal Cord Low-Pressure Treads, with their six rows of tread blocks, enable you to have all the riding comfort of Balloon Tires with—better traction, greater safety and longer life to the tire.

This extra advantage in Dominion Royal Cord Balloon Tires is without extra cost.

Dominion Royal Cord Balloon Tires, too, add to the appearance—and value—of your car.

Latex-Treated Web Cords

Patented and used exclusively in Dominion Royal Cord Tires. Each cord is saturated with pure Latex (milk of rubber) and the cords are held together flat and evenly in a web of Latex without cross-tie threads. Friction and internal heat, the greatest enemies of tires, are eliminated. Latex-Treated Web Cords add to the life and mileage of Royal Cord Tires and this extra advantage costs the user nothing.
