hands for persons still feared to be buried. Jews at the scene immediately after the blast blamed it on A.P.C. members of an R.A.P. regiment and one soldier was killed in gunfire not far away.

No official estimate of damage was issued, but one Jewish source said it amounted to "millions of pounds."

A statement from Arab military sources said the bomb was placed by seven Arab commandoes in Palestine police uniform.

The blast levelled two small hotels, three apartment buildings and at least a dozen stores. Streets were littered with glass.

A British police report said that prior to the business district blast a convoy of three motor trucks and one armored car passed the Mustapha Police Station on the way to Ben Yehuda Street.

In the turret of the armored car was a man wearing a brown great coat and a blue police cap, and two persons dressed as soldiers occupied the cab of each truck, the report added.
