Ask your doctor how long he has known Ayer's Cherry Pectoral. Ask him if he uses it himself, in his own family. Ask him if he can recommend anything better for throat and lung troubles, such as hard coughs and colds, hoarseness, bronchitis, weak lungs. Do as he says, at any rate. We are willing.

As a result of the decision of the Local Government to remove the present poorhouse building it is expected that there will be an end to the objections to having the mill race encamped at Brighton each summer.

There will then be plenty of room available, as the land on which the poorhouse is built is owned by the Dominion Government.

This will therefore be the means of permitting the attraction at the Mill Race Camp to remain near Charlottetown, as there will be no real excuse for its removal, which was threatened some time ago.
