

Resolution Of  
Condolence

The following resolution of condolence to the family of late Mr. D. K. Currie, was unanimously passed at a meeting of the Summerside Board of Trade on March 17th:

Whereas, Almighty God, in His Providence, has seen fit to remove by death, the former member of this Board in the person of the late Mr. D. K. Currie;

And whereas, the late Mr. Currie was a Charter Member of this organization, and for a number of years, its very active and efficient Secretary;

And whereas, Mr. Currie was, for many years, a prominent and highly respected citizen of the Town of Summerside, where, particularly in his position as editor of the "Pioneer," he attracted the attention of his clear common sense, his moderation and the love of decency and fair play which was inherent in his character, the unshaken friendship and admiration of our citizens;

Therefore resolved that this Summerside Board of Trade hereby place on record its sense of the loss sustained, not only by the Board, but by the Town, and even the Province, through the passing of a citizen whose sincere and heartfelt sympathy of the members of this Board be extended to the members of the late Mr. Currie's family; and that the Secretary forward to them a copy of this resolution.

**Gives Views On Drinking Problem**  
TORONTO, March 22 (CP)—Basing his views on findings in laboratory tests, Dr. Oliver Lohr, noted Michigan pathologist, here to attend the American College of Surgeon convention, said today:

More people were drinking themselves to death today than ever.

So-called good liquor now sold legally is killing more people than "bootleg booze" taken during prohibition.

Beer is more damaging to health than other alcohols and whiskey is the least damaging. Whiskey's stimulating effect is beneficial at times.

"If a man who drinks three quarts of beer a day thinks this is causing him no harm he doesn't know his own body," Dr. Lohr said. "It will get him in the end."

He branded the marijuana drug as a "new and terrible problem in morals and health."

### Borden And Cape Traverse Play To Draw

On Monday, March 21, Borden Terraplanes and Cape Traverse Three Stars battled to a 3-3 overtime tie.

Although the ice was covered with water and later very heavy, the two teams were "in high gear" all the way.

When the first 20 minutes were over the Terraplanes were nursing, what looked to be a safe 3-0 lead but the Three Stars who were a fighting aggregation, rallied before the 30 minutes were up, and tied it up.

These teams are playing off for the Tip Top Trophy, and as it is a best three in five series, neither team will carry an advantage into the next game.

O. Campbell: very capably refereed.

**LINEUPS**  
Three Stars: Goal, D. Carver; Defence, L. McAleer, E. McInnis, F. McWilliams, J. McWilliams, J. McWilliams, J. McWilliams; Forward, D. Baird, W. McAleer; Referee, O. Campbell.

**SUMMARY**  
First Period  
1-Terraplanes, "Trapper" Oatway 3:50  
2-Terraplanes, C. Love (W. Mulholland) 10:25  
3-Terraplanes, "Trapper" Oatway 12:15  
Penalty: D. Baird.

Second Period  
4-Three Stars, E. McInnis (E. Campbell) 6:00  
Penalty: D. Baird.

Third Period  
5-Three Stars, E. Campbell (F. McWilliams) 3:30  
6-Three Stars, E. Campbell 7:20  
Penalty: F. McWilliams.

Scoring: None.  
Penalties: None.

**NOTES**  
E. Campbell gets first call as one of the many stars of the game. He scored the last two goals that tied up the game and made the play for his team's first goal.

D. Carver got second place because he saved his team time and again and was especially good when his team was a man short.

J. McAleer was a "stone wall" on numerous occasions and certainly was the cause of his team earning a tie, especially in the dying moments of the game.

"Trapper" Oatway deserves honorable mention because of his two solo efforts which resulted in goals for the Terraplanes, and also because of his effective back-scoring by which he broke up numerous plays.

Rodgers and Bell deserve credit for their coaching ability.

Athol is right there with the oranges.

**Would Give City Power To Fix Housing Standards**  
(By The Canadian Press) HALIFAX, March 22—Power to fix housing standards by a bill introduced in Nova Scotia's Legislature today by Dr. W. D. Forrest (Lib. Party).

To enable landlords to keep houses up to the standard the city would be empowered to lend them money for repairs at a rate not exceeding five per cent. The amount could not exceed \$50 a month but additional sums would be allowed for plumbing and heating.

Power to order destruction of premises considered unfit for human habitation would be vested in an official to be appointed by the city. He would also be given authority to have ordered vacated premises considered unfit.

The measure, authorized by Halifax City Council, has two purposes. It would provide employment, anticipated as a result of landlords' efforts to repair their buildings, and it would improve housing conditions. Similar legislation was said to be in force in the City of Toronto.

### Disgraceful Brawl In Quebec Legislature

QUEBEC, March 22 (CP)—Quebec's legislative assembly was thrown into an uproar today when labor minister Tremblay and Cleophas (Lib. Berthier) became embroiled in a bitter argument that arose over a small item in the budget estimates.

Their words almost drowned in the din raised by the members of the House, Tremblay and Bastien shouted at each other and finally the minister was heard to roar: "Well, don't run around naked in hotels, when I go out, I go out with my wife, not my cousins."

Bastien, chubby, bespectacled, almost was on his feet. He held up a clenched fist and with his other hand he pointed to the carpet in front of his desk.

"Just come here and say that," he shouted and he dared the minister to repeat the words outside the House. The House was a pandemonium. Chairman Dr. Marc Trudeau, chairman of the committee, the whole House, was pounding furiously over the hollering "Order, order!" But calm was restored to the minister by the minister's labor minister dunk in hotels on more than one occasion.

Quiet permitted Premier Duplessis to warn the House he would not tolerate any more spectacles as this and the chairman reported Bastien to the Speaker.

Bastien was ordered by Speaker Paul Sauve to retract the "injurious words" and he expressed his regret for such a spectacle. He also added: "If I was unparliamentary it was because I was provoked."

But the Speaker insisted Bastien withdraw his remarks "according to the rules and without comment."

"I withdraw," agreed Bastien quietly.

Protest that the minister was not forced to withdraw, also, was expressed by Liberal House Leader Bouchard. "Such scenes like this, always are regrettable," he said. "The Berthier member was insulted by the minister for 15 minutes but the chairman said nothing. I think both should withdraw their statements. I think scenes such as this would never come if committee chairmen saw to it that all speakers always were in order."

### Benedicts Win From Bachelors At Montague

An event which was watched eagerly all season took place on Wednesday night, March 16th, when the married men crossed sticks with the single men in a game of hockey which produced plenty of action from start to finish and was much enjoyed by the large number of fans present. The Benedicts won 7-5.

The first two periods were very fast and evenly contested, with the third period producing the roughest hockey of the encounter. The Benedicts flared and several fights occurred. The single men were forward of the game. The Benedicts which drew down a minor and two major penalties along with his opponent, McEwen, of the Benedicts.

F. McKenzie refereed the game.

LONDON, March 22 (CP Cable)—A suggestion that an Empire police force, semi-military in training, be raised in the lines of the Royal Canadian Mounted Police, was established to meet defence requirements was raised in the House of Commons today.

Secretary of State for War, Mr. J. R. MacNamara, Conservative, said establishment of such a force would only mean another force competing for recruits in the United Kingdom.

Mr. MacNamara, speaking during consideration of army estimates, reviewed strategic problems and said the lower of the British Army was kept in India while the four or five divisions in the United Kingdom were mostly composed of boys and young men.

**DARTMOUTH MAN HOLDS LUCKY TICKET**  
Brother Won \$123,000 In Same Draw Three Years Ago.

(By The Canadian Press) Lightning is said never to strike twice in the same spot, but that doesn't mean sweepstakes tickets won't be held by the same family twice. Ask Gordon Horne of Dartmouth, N.S., who holds a ticket on a starter in Friday's Grand National Sweepstakes.

Only three years ago Gordon's brother Clyde won \$123,000 in the same draw. Gordon has "Promising Lead" and is one of 61 Canadian holders of a chance to win first prize of \$150,000, second prize of \$75,000 or third of \$50,000. Fifty-three others will receive \$2,300 for drawing non-starters.

More owners of lucky tickets came to light yesterday. A hotel manager, bookkeeper, and a bank messenger were among the fortunate. But the majority of the 104 winning Canadians still remained unidentified.

Walter Kyles, 38-year-old hotel manager near Calgary, wasn't taking any chances on Bachelor Prince finishing out of the money \$0. He held a ticket in his ticket to Sydney Freeman of New York for \$3,800.

But three Ottawa girls, unidentified, who held a ticket on "On Parade" and W. Johnson, Fred Shield and George Simpson of Sudbury decided to gamble for the big money themselves. Both parties refused offers of \$3,800 for a half share in their tickets. The Sudbury men have "Invisible," a 33-1 shot.

So excited has already had to take a half-day off from work with a Toronto automobile firm, "Blue Prince", co-favorite with Royal Mail to win the event. Candidates failed to draw a ticket on Royal Mail.

Horne used the same non-declined as his brother did three years ago—"Poor Bum". Horne is a 38-year-old shipwright.

Thomas Lackey, a Toronto school caretaker, went into section and one knew whether he accepted an offer of \$4,500 for a half share in his ticket on "Under Bid."

After three cheers led by Mrs. Edith Gostick (S.C. Calgary) for the members and those in the gallery "For He's a Jolly Good Fellow", Social Credit members joined in a single file procession around the chambers.

Order of "We want Powell" were raised after Mr. Urwin declared: "I demand immediate release of Powell."

It was the voice of the people that won his release, Urwin said.

NEW YORK, March 22 (AP)—A new vaccine for yellow fever was announced today by the Rockefeller Foundation.

The vaccine is the first for yellow fever ever available for the general public. Previously the
