THE LADIES TAKE THE LEAD - Walter Winchell, news commentator would say, "Orchids to the ladies of the Women's Institutes of Prince Edward Island for their splendid co-operation in helping the Salvation Army Red Shield Appeal reach their objective." No sooner had the request for assistance gone out from Campaign Headquarters to the Women's Institutes, when reports began to pile in, all signifying their whole hearted co-operation in the campaign, and some even forwarding donations from the canvass in their respective district. Our ladies certainly get the pot boiling in a hurry when it comes to assisting the Salvation Army, for they know the need is great. All donations will be acknowledged in the press at a later date.

THE BAPTIST CHURCH - Morning worship at 11 a.m. was conducted by the minister, the Rev. James D. Davison, B.A., B.D. The sermon was "Every Christian a Priest." In the message of Saint John in the Revelation are the words "And hath made us kings and priests unto God." To the people of that time doubtless this saying was strange and curious but time has proven their victory, great and enduring their success. In those early days religion was a matter of order and ceremony. The priesthood of believers involves and demands a new life, a conversion and conversion is a very vital matter. Bunyan's hero travelled the road alone. Religion is what a Christian does with his solitariness. Jesus in Gethsemane, Jesus on the cross knew the lonely walk with God. "Has thou believed in the Lord Jesus Christ to the saving of thy soul? without this, nothing; with this the germ of everything." The priesthood of believers is the acceptance of Christ's command to send out the gospel. Each church member is a living partaker in the ministry of Christ. Priests for ourselves, priests for others, we must be at home with God. Mr. Barry Bugden sang very expressively and priests unto God.

Charlottetown

By John of "The Lilacs"

Here Nature etched indeed a place of beauty With restful vistas viewed on every hand; With panoramic scenes of sky and water; Of red, red cliffs, of trees and fertile land; Nursed gently on the breast of gulf's blue waters, Upon this Crescent Isle - this land of home, Here is the wanderer's rest! The artist's glori, This jewel radiant within the ocean's foam.

Historic buildings aging, grace our city, Church steeples and cathedral's stately spires; With sundrenched streets, a wealth of leafy shade - Green foliage that flames with autumn fires. Here parklands greet the whispering tides of ocean With scent of leafy mould - of flower and fern; The summer's fragrance - the autumn's fiery grandeur - All blend where thoughts' great pyre of memories burn

Within time's loom in Charlottetown were woven The robes of nationhood that gown our land! The golden bonds of unity from North to South - From East to West which nation's form have spanned! This lullaby with ocean's ebb and flowing, Sings of our Island dear where beauties blend! For here within this peaceful cherished haven Is Charlottetown - Her Capital - your friend!
