**HORRORS OFF NOVA SCOTIA IN MIDWINTER.**  
BOSTON, Jan 26—Their gaunt faces and emaciated bodies testifying to the horrors through which they passed, while clinging to a sinking ship for four days and subsisting only on raw meat and condensed milk, six men of the British schooner, "Helen Shafner," were brought into port yesterday aboard the fishing schooner, "Phoenix."

The fishing schooner picked up the men about forty miles west of Seal Island, off the Nova Scotia coast on Friday last.

**TWO RAILWAYMEN KILLED YESTERDAY.**

BOSTON, Jan 26—The engineer and fireman of the Boston and Maine shifting engine were killed when a string of empty passenger cars, being backed out of North Station, crashed into the shunter and demolished it.

**TWO MEN FOUND DEAD.**

HALIFAX, Jan 26—Since Sunday last, nearly every able bodied man at Tangier, fifty miles east of Halifax, has been engaged in searching, night and day, for two brothers-in-law, Bain Mason and Freeman Beaver, fishermen.

They went shooting birds on Saturday morning, intending to return at noon. They had not come back on Sunday, search parties were organized. Their boat was found on the shore and the whole countryside was searched.

Attention was attracted to tracks made by Mason's dog on the ice,

### HORSE NOTES OF LOCAL INTEREST

Of the living sires Ashland Wilkes leads in the number of standard performers with 155, 83 trotters and 72 pacers to his credit. Baron Wilkes is second with 145, 112 trotters and 33 pacers.

Dannie Steele has a nice stable of horses this winter, in fact they are choice, and in our next notes we will endeavor to name each horse.

Doctor Johnson, Tignish, reports his stable wintering splendidly, with two green prospects, besides Baby Logan.

The Tryon horsemen are about to try conclusions on the Cape Traverse ice, a date which will be named later on. S. N. Dawson proposes to accept a challenge and match his Brazilian stallion Rex. B. dam Parkwood, full sister to Leewood, 2.27, against Loafer Jr., a promising young Brazilian trotter, whose dam is by French Sporter, for the sum of \$50.00 a side. Loafer Jr. is an exceptionally clean gaited trotter and said to possess much natural speed and is owned by Miss Ida Dawson, Tryon. Wilbur Trainor has trained Loafer and will bring him to the post quite likely on race day. Much interest centres in this contest, which will attract a large gathering of sports.

We are pleased to hear of Perfection's win and sorry to learn of Fleet's defeat. Should Perfection's owners desire to race King Brazilian in a friendly way and for a sum of money sufficient to cover all expenses, mile heats, three in five, kindly get into communication at once with Fred Walsh, Maple Plains, P. E. Island.

If you want to "sour" a colt until he detests a track and won't try to trot, just give him plenty of jogging every day, one after another, on the track and you will soon have him fixed. A sensible colt, like a sensible boy, likes to see that he accomplishes something when he works, and if he can't do this he loses all interest in the job and everyone knows what that means. A colt needs not only a change of speed rate, but a change of scenery to insure the best results. Give him variety, give him the track one day and a nice country drive the next, or better still, two or three country drives to one track drive, and when you strike the track don't jog him four or six miles as fast as he can go and then turn him around and try and see how much speed you can get him to show. This will make a duffer out of any colt. The better plan is to jog him but little on the track, but always, or nearly always, open up your colt for a quick, short brush, always keeping him within his speed, and he will have an appetite for his work and will improve. So says a prominent trainer.

### NEW BANK FOR CANADA

OTTAWA, Jan. 24—There will be a bill introduced in the Commons tomorrow incorporating a new Canadian Bank with a capital of ten million, the enterprise being the result of the visit to Paris last fall of Rodolphe Forget, M. P., and J. N. Greenshields, K. C., of Montreal.

Mr. Bickerdike says that there will be the best men in the country behind the Bank, and while there will be four Parisian directors on the board, Canada will have seven, Montreal being the head office of the institution. The full capital is subscribed, and so much French capital placed at the disposition of the financial and commercial community is most favorably considered by the public.

There will be branches in Quebec, Toronto, Winnipeg, Halifax, and all the other large cities of the Dominion, and it is said that very large deposits are expected from some of the largest institutions of France when once the bank is placed on a solid footing.

It is said, that although some opposition may be expected, that the measure will be supported by very strong interests in both chambers.

### CHANGES NAME FROM REDHEAD TO DE CLIFFORD

NEW YORK, Jan. 24—Two young English women who don't like their real names were detained for several hours at Ellis Island by the Board of Inquiry yesterday afternoon to explain why they had chosen to book on the ship's passenger list under their mother's maiden name. They explained that their father's name is Wm. Redhead and their mother's name DeClifford. They had selected the latter as prettier to travel under. They were admitted.

which seemed to circle around one spot. There was no break in the ice, but the searchers made a hole in the centre of the ice and daggd the bottom. They found at the bottom of the water, the bodies of the two men.

They had fallen through, a cold snap came and froze the ice over the place again, hiding traces of tragedy. The men appeared to have drowned without a struggle.

### A WOMAN'S BACK.

Not One Woman In Twenty Has a Stong Back.

The kidneys are to blame nine times out of ten. When the blood isn't properly filtered the poisons that ought to be excreted off by the kidneys are sent back through the system, and it's hardly to be wondered that backaches and lame backs come to make life miserable.

Doan's Kidney Pills are a specific for all kidney troubles. They begin by expelling all the poisonous matter from the kidneys, and then heal the delicate membranes and make their action regular and natural.

Mrs. A. H. Hutton, Jr., McCreary, Minn., writes:—"Two years ago last spring I had a very severe pain in the small of my back. When I would rise it seemed as if my back would break. My kidneys were very badly out of order, and I would have to get up three or four times during the night. I took one box of Doan's Kidney Pills and they effected a cure."

Doan's Kidney Pills are 50 cents per box or 3 for \$1.25, at all dealers or mailed direct on receipt of price by the T. Milburn Co., Limited, Toronto, Ont.

If ordering direct specify "Doan's."
