At an early hour Wednesday morning the steam saw mills of Duncan McLean, Line Road, Bras, were totally destroyed by fire with all the contents, besides 150,000 shingles and a considerable quantity of lumber. The fire is believed to be of an incendiary origin as a man was seen running from the direction of the mill about 12 o'clock that night and about two hours later the building was in ruins. Mr. McLean who follows the sea to some extent was absent from home in a schooner at the time. He has not yet returned. The loss is a severe one as there was no insurance.

## IF YOU INSURE IN THE THE NORTH AMERICAN LIFE Need not die to Win

Read this letter from a well known Gentleman of Charlottetown.

J. K. Ross, Prov. Manager, The North American Life Assurance Co'y.

DEAR SIR—I beg to acknowledge cheque from your company for \$3,119, being proceeds of my 20 year endowment policy for \$2,000, taken out 20 years ago when the North American first started doing business in this City. I may say the results are entirely satisfactory to me, and I only regret I did not take out \$10,000, at that time as I consider it a first-class investment. In addition to carrying the insurance, I would advise all young men who can pay the premium to take out an endowment insurance early in life, as it will prove a systematic saving during their best earning years, and give them something to look forward to in middle life.

I have no hesitation in recommending the North American as being one of the strongest and best managed of our Canadian Companies.

Respectfully Yours,  
BENJAMIN ROGERS.

Ch'Town, P. E. I., March 3rd, 1902.
