Proffit in behalf of the Sons of Temperance gave excellent testimony of Mr. Sutherland's interest in the work of the order, saying tribute to his able leadership as President of the Temperance Alliance of this Province at one time which position he filled with distinction and honor. He also referred to assistance rendered as a member of the Committee on the Incorporation of the Town of Kensington.

ALLIES CONTINUE ADVANCE ON THE WESTERN FRONT

Another Half-Mile of German Trenches Captured by British on Somme Front. A Counter-Attack by Germans Repulsed with Heavy Losses to the Enemy. Enemy Ammunition Dump Blown Up.

(Special to the Guardian) PARIS, Sept. 23.—North of the Somme last night German troops attacked French positions on the farm of Labbe Wood in the region of Verdun and they attacked French trenches on Pepper Hill, says an official statement issued this afternoon by the French War Office. In both instances the statement adds the Germans were repulsed leaving many dead on the field. The official text reads: North of the Somme our artillery showed activity during the night. The enemy replied feebly. This morning a German attack was launched on the farm of Labbe Wood and his positions to the south came under violent fire of our artillery machine guns. The enemy was dispersed by our troops before he could approach our lines leaving numerous dead on the ground.

(Special to the Guardian) LONDON, Sept. 23.—A British official statement from General Headquarters in France issued at midnight reads: South of the Ancre we continued to improve our positions, pushing a detachment forward at places into the enemy's trenches during a bombardment by our artillery in one section on the enemy's front yesterday ten hostile aeroplanes were seen to be destroyed, fourteen others severely damaged and five ammunition pits were blown up. Today a big fire was caused by our artillery in Avillage, much used by the enemy's transports for supply purposes. There was very great aerial activity yesterday. A highly successful raid by about fifty of our machines was carried out on an important railway junction where much damage was done, two trains containing ammunition being destroyed and many violent explosions being caused. Numerous other raids on the enemy's railway works, sidings and aerodromes and other points of military importance which were equally successful. In addition many flights occurred in the air during the course of which three hostile machines were destroyed and five others damaged besides many others which were seen to descend, but could not be watched to the ground as our machines were too busily engaged. Five of our machines are missing.

PROVINCIAL EXHIBITION WILL OPEN TOMORROW

By All Indications it will be the Greatest in the History of the Province. Every Inch of Floor Space in Main Building Occupied. Immense Showing of Live Stock. Racing Programme Outclasses Anything Yet.

All ready for the Big Fair! Prince Edward Island's big annual exhibition opens tomorrow. On Saturday afternoon every inch of space in the main building had been let and this is something which has not happened in years. All the local merchants, who have been represented in the last several years will be back again this year with more attractive exhibits than ever before, while quite a number of outside concerns will also be represented. One of the chief attractions on the ground floor will be the big Dominion Wool exhibit which in itself will be well worth a visit to the Fair. It is admirably arranged and shows the different varieties of wool from Karakul down to the ordinary grades and the different processes through which the wool is put from the time it leaves the sheep's back until it is converted into cloth. The Dominion Agricultural Department is again on hand with a notable exhibit which occupies a large space near the centre of the hall. The machinery building this year will be filled with machinery of various kinds and latest models and a large showing of autos. Another notable feature of this year's exhibit is the fact that there is to be more livestock on the grounds than ever before. The fact that there is no exhibition in New Brunswick this year is probably the reason why the exhibit of horses, cattle, sheep, and pigs is so large. Notwithstanding that this is an "off year" for fruit this year's display will be a decidedly creditable one. The root and vegetable showing will also be exceptionally good. A big exhibit of cheese is also expected the same man as adopted last year is being followed. Judging of exhibits will start on Tuesday morning and the formal opening by the Lieutenant-Governor will be at 12 o'clock. Speeches will also be delivered by the President, Mr. F. R. Hearst, the Premier, and others. The horse races this year will be as usual proved a big draw card. There are fully as many or more horses entered as at any previous exhibition. The trotting all the above is a favorite race here, but owing to the non-sufficiency of horses there has been no such race for some years past. It is interesting to note that a free-for-all will be on the first day and some lively stepping may be looked for. Following are the events for each day:

Table with columns for Day, Class, Trot, Stake, and Purse. Includes events for First Day (Tuesday, Sept. 26), Second Day (Wednesday, Sept. 27), and Third Day (Thursday, Sept. 28).

ANOTHER AIR RAID ON ENGLAND

14 or 15 German Aeroplanes Dropped Bombs on Eastern Counties, 29 Killed, 99 Wounded. Two of the Attackers Broght Down.

(Special to the Guardian) LONDON, Sept. 23.—One German airship and probably another was brought down during a raid over the eastern counties of England and the outskirts of London last night, according to an official statement. One airship was brought down in the southern part of Essex. The text of the statement follows: An attack by hostile aeroplanes was made on Lincolnshire and eastern counties on the outskirts of London. Later an attack was made from the south-east about midnight and was beaten off by our aircraft defense. One airship was brought down in flames in the southern part of Essex and a report has been received that another fell on Essex coast. The latter report hitherto is not confirmed. An official statement announcing the Zeppelin attack on London was issued today at 12.15 p. m. as follows:—fourteen or fifteen aeroplanes participated in an attack on Great Britain, last night.

The southeastern, eastern and east midland counties of Lincolnshire were the principal localities visited. An attack on London was carried out by two airships from the southeast between one and two A. M. and by one airship from the east between two and one A. M. Aeroplanes were sent up and fire was opened from anti-aircraft guns and defenses, the raiders being driven off. Bombs were dropped, however, in the southern districts. It is regretted that 28 persons were killed and 99 injured.

Members Of Battery Kindly Entertained

A large number of the 5th Siege Battery were kindly entertained by Mr. McKenzie at his home in this city Saturday evening. After the boys had partaken of the good things provided for such occasions, singing and story telling were indulged in by Mr. D. J. McDonald of the P. O. Department addressed the boys in a very patriotic manner and said he was sorry that he was born so early that he did not have an opportunity to go with them and avenge the cruelty of the Germans to the Allies, particularly to the Belgians. "Even now," he said "I would go if they would take me." At this stage the boys jumped up and gave three cheers for the speaker. Lieutenant Murphy, who is a good singer, then sang a very acceptable, the boys joining in the chorus. Sgt. McLellan addressed the company expressing the thanks of the battery boys for the kindness shown them. The entertainment was brought to a close the boys singing God Save the King.

CHILD CRUSHED TO DEATH AT DARTMOUTH

HALIFAX, N. S., Sept. 23.—There was a fatal accident in Dartmouth this morning the victim being little Dorothy Wild, daughter of Joseph Wild. Just how the accident happened is unknown, but the child was crushed and her neck broken on the roadway by a coal team driven by Arthur Tynes. He did not see the child before the accident and it is uncertain whether it was a hoof of the horse or one of the wheels that crushed the body.

Canadian War Loan Is Over Subscribed

(Canadian Press Despatch) OTTAWA, September 23.—The books of the second domestic war loan will close tomorrow with the issue oversubscribed by at least fifty per cent. The subscriptions may even reach a total considerably in excess of \$150,000,000. There is no official information from which the amount can be estimated but as far back as a week there was little probability of the chartered banks securing allotments for any of the fifty millions subscribed by them. The banks, as stated previously, will come in only after the general public have received their allotment, and if the whole issue is taken up by the public as seems more than probable there will be nothing left for the banks. Practically this was the last day for subscriptions. The books do not close until tomorrow, but it is only a half day with most institutions handling the subscriptions and it is thought that tomorrow's additions to the list will not be large. It is probable, of course, that many subscriptions may still be in the mails and these will be coming into the finance department for several days. The response to the loan by Canadians and by subscribers outside of Canada has been phenomenal.

Germany's Losses Greater Than Admitted

(Canadian Press Despatch) LONDON, Sept. 23.—Col. Repington, the military critic, sees things favorable for the Allies on all fronts. "Except against Rumania, the Austro-Germans and their satellites have scored no success in many months past," he writes, "and have not retrieved any losses. West, east and south they have lost great numbers of men, and continue to lose them." He deprecates building too much on the order from General Von Falkenhayn in reference to the great war and fear on German guns and stores of munitions, which the war office has just published. He dwells, however, upon the significance of the German fleet still avoiding of battle, and the increasing effect of the blockade as referred to in German newspapers and letters found on prisoners. "The Germans at the front are still fighting well," he adds, "but the dejection has been marked. Where the material and moral condition of the people is slowly, but steadily, deteriorating, anxiety regarding the next loan are general, and the fact that German troops believe they are continually to be sent to all fronts to make amends for the failures of Germany's allies, provokes bitter comment. "When the veil is lifted, we shall probably find that Germany has sacrificed by far more men, money, ships, credit and material that we have any idea of, while we can be satisfied that Germany's aggressive war has brought her as much misery as her worst enemy could desire."

Germans Claim to Have Sunk Transport

(Canadian Press Despatch) BERLIN, September 22.—A German submarine sank an enemy transport completely filled with troops in Mediterranean on September 17 it was officially announced today. The transport sank within 43 seconds. The Berlin statement made no mention of the fate of soldiers aboard the transport. Accepting the statement that transport went down in 43 seconds as true, it appears probable that few if any persons were rescued unless some other vessels were in immediate vicinity.

Sir Thomas Tait's New Enlistment Scheme

OTTAWA, September 22.—Further comment have taken place between Sir Thomas Tait and the government respecting the methods to be employed by the new director general of national service in raising the number of enlistments up to the half million maximum. Details as to these methods and as to the personal of Sir Thomas Tait's associates will be made known probably next week. The enlistment scheme will be put in operation in such a way as not to reduce the supply of labor necessary to the production of war munitions and supplies.

Jap Arrested For Canadians' Murder

TOKIO, Sept. 23.—Mitsumi Kakami, a former soldier has been arrested on a charge of murdering the Rev. W. A. Campbell and his wife, Canadian missionaries, in July. The police allege that the man has confessed. The Rev. Mr. Campbell and his wife were stabbed to death July 16, in their summer cottage of Karasawa, an American missionary summer centre. The murderer after forcing the Japanese maid to disclose the whereabouts of the cash box in the house robbed it of \$10.50 and escaped.

Greek Government Make Proposals

(Canadian Press Despatch) ATHENS, Sept. 22.—(Via London, 23)—The Greek government is said on the best authority to have telegraphed definite proposals to the Entente capitals, which, if accepted, will mean Greece's entry into the war. If the uncertainty of the relations between Greece and the Entente continues, it is regarded as not improbable that Greece may declare war on Bulgaria on her own account.

Farewell Sunday Church Parade

The members of No. 5 Siege Battery held their farewell Sunday Church parade in Charlottetown yesterday dividing between St. Peter's Cathedral and St. Dunstan's. At St. Peter's the Church was crowded and the service which was authorized by the Department of Militia and Defence for use in training camps was entered in very hearty by the men. Rev. Canon Simpson preached a very forcible and timely sermon to the men, taking his text from the words in II Timothy, 2:3: "A Good Servant of Jesus Christ." He exhorted the men while fighting against the foes of the Empire not to forget their spiritual foes. He referred to the temptations, so which this men would be subject to in hard life and the need of prayerful watchfulness. The three vice—profanity, intemperance and immorality were pointed out as the chief ones to which the soldier is tempted, and should be on his guard against continually. Concluding Canon Simpson said: "As you go forth to take your part in this struggle of might against right—of the mailed fist of Germany against the mailed hand of the crucified Christ, my prayer for you one and all is that Almighty God will protect you in all dangers, temporal and spiritual and bring you back unharmed in body and soul for the praise of His glorious name." At St. Dunstan's Cathedral there was also a very large congregation, at the service which the soldiers attended, Rev. Leo Herrell was the preacher, and he delivered an excellent sermon. The parade of the Battery which was headed by the Fourth Regiment Band which played decidedly well, was witnessed by many hundreds of citizens and was perhaps the best parade yet held on Sunday.

Mackensen Strikes Back at Rumanians

(Canadian Press Despatch) LONDON, September 22.—Checking the swift retreat of his forces in the Dobruja, Mackensen, turned about and struck back at the Rumanians yesterday. King Ferdinand's troops and pursued the apparently broken, Bulgar forces for nearly a day. This morning they attempted a rush attack on the enemy near Topral Sarie, four or five miles southwest of Constantza. Apparently they were out-generaled by the German commander, who drove against the flank of the Rumanian army, taking them completely by surprise. Mackensen succeeded in folding back the wing and dashing it on the rear. The Rumanians fell back in disorder according to the German official report. From the allied war offices there is no statement tonight regarding the Dobruja operations. After the stand made by the Russians and Rumanian forces and their clear out victory over the intruders yesterday, it is not believed here that the new Bulgarian move constitutes another threat to Germany and the allied forces running into Rumania from Constantza. Observers express confidence that the Rumanian line will hold and look upon today's successful operation by Mackensen as a temporary success due to some rash move on the part of the overconfident Rumanian commanders.

WHOLE GERMAN EQUIPMENT

LONDON, Sept. 21.—Turkish troops have appeared on the right front, says a Reuter despatch from Petrograd. They are led by German and Austrian officers and their whole equipment is German. This is the first time that the presence of Turk troops so far north has been reported. Several weeks ago Turkish troops appeared in Galicia with Germans and Austro-Hungarians—since that time they have taken part in much heavy fighting. Turkish troops also are aiding the Germans and Bulgarians in their advance into the Rumanian province of Dobruja.
