Speed Trials At Driving Park Yesterday

Quite a number interested in horse racing witnessed the speed trials at the Charlottetown Driving Park yesterday afternoon. The weather conditions were not as good as the previous day when sensational time was made. The track was a little better due to the recent rains and there was a very strong wind, which slowed the horses up somewhat.

Capt. Jackson, owned and driven by Chas. Chandler was the only horse to best his previous time. The Capt. in company with Briar Mac who was at his sulky, wheel all through the mile, made the spectators sit up when the timers announced 2:14 3-5, a wonderful trotting mile.

Bingen Aubrey paced two good miles, the first in 2:14 accompanied by an automobile, and the second in 2:13 3-5 accompanied by Briar Mac. Briar Mac trotted three good miles. In the first with Capt. Jackson he was timed in 2:14 4-5. In the second with the automobile in 2:14 4-5, and the third with Bingen Aubrey in 2:14.

Donna Harvester and The Yank had a tilt. The Yank winning by a neck. Donna Harvester's time was 2:15 3-5. The Yank's time 2:15 2-5.

This winds up the racing at the Charlottetown Driving Park for the year. The horses will now take it easy until the ice and the speedway are again in order.

In connection with the afternoon's racing there was a guessing competition, the prize being awarded to the party guessing the nearest to the time made by the different horses. Mr. H. A. Campbell was the winner with Mr. Russel Abbott a close second.

from present indications will make a strong team for this season. The team is fast rounding into shape and under the careful guidance of Rev. Lawrence Smith are sure to make a strong bid for the Island honors.

ABEGWEITS

The Abegweits are out daily getting in shape for the coming struggle on the grid-iron on Saturday with their old rivals the St. Dunstons. Yesterday afternoon they held the best practice of the season and had two men answer the call who went through the paces under James (Toby) McMillan and Prof. W. J. McDonald in fine shape, and it can be truly said that every day in every way they are becoming better and better. Saunders, Fred McCarey, George Peake, George Woods, Jack Len, Connolly, Jack Morris, Jack McLeod, Joe Lonergan, St. C. Trainor and Wallace Scantlebury were the players out yesterday and each and every man is playing good ball.

It now looks very favorable for a bang up game on Saturday and both teams can show the game stuff in the games as in practice, only a few points will separate either teams at the end of the fray.

Today at the same hour the Abbies will practice again and any fellow who has not been out yet is kindly asked to be present.

THEIR MERITS

An old Negro was asked what breed of chickens he considered the best.

"All kinds has dere merits," he replied. "De white ones am de easiest to find, but de black ones am de easiest to hide."

FOOTBALL

ST. DUNSTAN'S

St. Dunstan's University football squad are busy in their off moments getting in practice with the leather oval in preparation for the football season now at hand.

The Saints have been hard hit this season, only having about half their old team left, but the college boys can always be depended upon to have something good in reserve. They have been Provincial champions now for a good many years, and not since before the war have they been defeated for the title, this year they are as determined as ever to win out, they have of the regulars left Joe Flemming, Art Gormley, George McDonald, Desmond O'Leary, Dumphy, L. McDonald, Leo Campbell and Chas. Tingley, the first and last mentioned being the stars of last seasons team, the above stars with Harold Grant, Ray Shreenan, Ray Hughes, Reardon, Joe Trainor and Lefty McQuaid with other good material will make up the 1927 line, which judging

Miss Mona McLellan Swims English Channel In 13 H., 10 M.

FOLKESTONE, Eng., Oct. 12.—Gertrude Ederle's record channel swim of 14 hours and 31 minutes was bettered today by Miss Mona McLellan London's "mystery swimmer," who landed at Folkestone at 8:50 o'clock this morning after swimming from Cape Gris Nez in 13 hours and ten minutes.

Miss McLellan, whose real name is Dorothy Cochrane Logan practicing physician, of Harley street, London, entered the water at Cape Gris Nez yesterday at 7:40 p. m.

She was the second woman to conquer the English Channel in recent days, making the swim on her fifth attempt, only a few days after Mercedes Gleitz, London typist, had succeeded in making the crossing after repeated failures.

Miss McLellan, the fourth woman to swim the channel, walked ashore at Folkestone Beach at 8:52 o'clock this morning and collapsed. She was immediately carried back to the fishing smack, which accompanied her during the swim, and was taken to Hythe, where she had been in training.

Only the people accompanying Miss McLellan in the fishing smack knew she had started. The channel was calm throughout the night, but very cold and a northeast wind sprang up during the early hours. As soon as it was heard that a swimmer was approaching Folkestone Beach, many people rushed to the water. The young woman was heartily cheered and the sirens of the steamers in the harbor were sounded to celebrate the victory of the "mystery swimmer," as she was at
