

Take Care of the Children.

At this time of the year every mother should jealously watch the health of her children. At the very first sign of a cough or cold she should adopt measures to break it up, for it is the precursor of much more acute and dangerous complications—such as Whooping Cough or Croup—perhaps even Consumption—these surely follow in the train of neglected colds. The enervating influences of summer leave a child's system weakened—it needs toning up and invigorating, the blood is thin and ought to be enriched, the whole body requires vitalizing. For more than half a century the best known agent for this purpose has been **Shiloh's Cough and Consumption Cure**. It is a never failing remedy. It has rebuilt and strengthened more enfeebled constitutions than any other medicine during that long period. It is guaranteed to bring these great results—if it fails to do so, the purchase money will be refunded in full. Read the opinion of Betsey Forbes, an old lady, whose grand-children owe their lives to Shiloh's Cure.

When taken in time Cures Croup in a night.

S. C. Wells Co., Toronto, as follows:

"Never shall I forget the agony I experienced that night, when little Tommy was taken with the Croup. It was midnight and snowing. Our house was a mile from the nearest village; I had no one to send for the doctor. I had given Tom nearly a bottleful of syrup of Ipecac, without effect. He was suffocating. Frantic with fear I pulled him out of bed, and, as a last resource, made him turn round and round; in fact, I whirled him until he grew nauseated and suddenly threw up a quantity of phlegm; his life was saved! With dear old **SHILOH** at hand, nowadays, we have no such terrible scenes to contend with, for it prevents them."

Sold in Canada and United States, 25c., 50c. and \$1. a bottle; in England, 1s 2d, 2s 3d and 4s 6d.

SUM'SIDE AND WEST.

The Latest News From Prince County

This is the night of the great hockey match in Crystal Rink, the final match for the senior championship of P. E. I.

The death of Mr. Donald Henry, Summerside, occurred Sunday morning after an illness of several years. The funeral took place yesterday to the People's Cemetery.

Bedouque's enterprising trapper Mr. G. Bowness has started a new industry in Bedouque, viz: the canning of rabbit meat. He says he finds a ready sale in the local market for all he can supply.

CAPE TRAVERSE NEWS.—On a recent Sunday one of our local sports took the train for Charlottetown but on account of the blockade of snow at Kinkora he decided to return home. After making several inquiries he succeeded in obtaining a pair of snow shoes and made a successful return trip. We understand he now intends to buy a flint gun and a full pack of hounds for the purpose of going into the fox shooting business. We wish him every success in his new enterprise. —COM.

A TELEGRAM was received by Judge McLeod yesterday morning announcing the death of an uncle, Dr. J. B. McDonald which occurred yesterday, March 4th, at Spokane, Wash., where he has resided for some years. Dr. McDonald lived in Bedouque about thirty years ago where he preached the gospel and practiced medicine for two or three years. Here he married Miss Ada, daughter of Mr. Artemas Hooper now living at Montague Bridge. Deceased was about 78 years of age and leaves a wife and family all residing in the United States.

BEDEQUE NOTES.—Mr. J. Ritchie Bell is still holding meetings in the Methodist Church. He has very large audience to hear him every night. He has been very ably assisted by the choir which has been under the tuition of our popular singing master, Jesse Wright of North Bedouque. The gripe is still doing a little in its own unpleasant way. Among those who are suffering from its effects are A. J. McCallum of Lower Bedouque and Dr. Sutherland. We notice Mr. Richmond Wright is home from Charlottetown on a visit to his parents.—The roads are next to impassable in this section of the country owing to so much snow and if a sudden thaw comes will be impassable altogether.—We are sorry to hear that Mrs. W. T. Bowness is confined to the house with neuralgia in her head.—Mrs. Chas. McLean of Searle town is seriously ill with pneumonia.—Mrs W. S. Cook is also confined to the house with a bad cold.

MR. and Mrs. Robert Acorn of North St. Eleanor, have received a despatch from Blue Lake, California, conveying the sad intelligence of the death of their son Seymour, in the thirty-fifth year of his age. Some time ago word was received by letter that he was ill, but the attending physician thought his condition was not dangerous and he would soon get around again. Another letter was sent stating that he was growing rapidly worse, but owing to delay in the mails, the telegram was received before the letter arrived, stating that his spirit had taken its flight on the 28th February. He leaves a young widow and three small children in California, his parents, two brothers and two sisters at the home where he was born, three brothers and one sister in Colorado, two brothers in California, besides a large circle of relatives and friends to mourn their loss. He was a dutiful son, a kind husband and father and was loved and respected by all who knew him. Seymour spent over a year visiting his old home in North St. Eleanor about eleven years ago and was well and favorably known in Summerside.

FOOL USE WASHES AND SNUFFS

Wise people use Catarrhzone, why? Snuffs reach only a limited area, washes are limited in their application also Catarrhzone reaches every air cell the entire mucous surface of the throat, lungs and nasal passages. It requires little wisdom to see that this is the only way that Catarrh, Bronchitis and Asthma can be reached. Catarrhzone is simply wonderful. A new size, 25c, and any druggist will enable you to try it. N.C. Poison & Co., Kingston, Ont, and Hartford, Conn.

RESPONSIBILITIES.

When Willie gets to be a man
He'll find a weight of care
A very great deal heavier than
His father used to bear.
He'll have to face a monster trust
And figure out a plan
For circumventing the unjust,
When Willie is a man.

When Willie gets to be a man
He'll have to use and own
Some new inventions which they'll plan
To beat the telephone.
He ought to range all wisdom through
Since wisdom first began.
He'll find abundant work to do
When Willie is a man.

FOR PROFITABLE AND SAFE

INVESTMENT

BUY ROB ROY (13) OR COMSTOCK (10) SHARES.

SCOTTISH-CANADIAN. This Company owns the "Rob Roy" and a prominent English Mining Engineer has just written the Company for a second copy of Report on these "Rob Roy Mines." His principals are trying to get an interest in them and he had sent the first copy to them in England. The second copy was for one of England's leading Financial men who had asked to see the Report. Hence the request. Gentlemen of this stamp do not ask these things for fun! They are men of money and knowledge and the property must have value beyond the ordinary to cause this fuss!

It has and I know it! My exploration of the Rob Roy leads me to believe that proper development will prove it a Bonanza and I can heartily recommend it as an investment.

COMSTOCK. This lies very close to Rob Roy and I know it almost as well as the Rob Roy, having been over it half a score of times. Comstock lies partly within the limits of Circle City Township and when the Railway (which is now being built) is finished, the terminus will be but a few hundred yards from the Comstock. This property has been opened up in three places, all showing Ore and the Company can take out Ore right from the start. I consider this also, thoroughly safe as an investment. A few thousand shares of non-transferable (pooled) Stock can yet be had at 5. Write me. It may pay you. Maps, etc on application.
