**One Pair of Oulton Pure Island Bred Silver Black Foxes**

For sale one pair of Oulton Pure Island Bred Silver Black Foxes—the most wanted and worthy—the most valuable species of the black fox in the wide world.

The animals will be delivered in September, taken from 1913 litters, fully developed and faultless—without blemish—absolutely sound and normal in every sense.

Even at present and last season prices these animals should bring at least from \$12,000 to \$16,000 "On foot", but with the increases no person can authoritatively state how high the prices will soar before midsummer.

The only reason why the advertiser offers this pair for sale at the present time is because he is interested in more fox ranches than he can conveniently finance.

This advertisement will only appear twice, and any person really interested should act promptly—others are requested not to write at all. The price set on this pair is \$10,000. Upon payment of the necessary deposit on this amount a binding contract will be made offering absolute protection to the purchaser.
