LOOK!

If you were told of a new discovery for the treatment of coughs, colds and bronchitis, as certain in its action on all chest troubles as anti-toxin is on diphtheria, or vaccination on small-pox, wouldn't you feel like giving it a trial?

Peps is the discovery! Peps are little tablets, containing certain medicinal ingredients, which, when placed upon the tongue, immediately turn into vapour, and are at once breathed down the air passages to the lungs. On their journey, they soothe the inflamed and irritated membranes of the bronchial tubes, the delicate walls of the air passages, and finally enter and carry relief and healing to the lungs. In a word, while no liquid or solid can get to the lungs and air passages, these Peps fumes get there direct, and at once commence their work of healing.

FREE TRIAL Cut out this article, write across it the name and date of this paper, and mail it (with 1c. stamp to pay return postage) to Peps Co., Toronto. A free trial packet will then be sent you. All drugists and stores sell Peps, 50c. box.

ENQUIRY CLOSED

ON NORTHLAND

OTTAWA, Jan. 9.—More evidence that the White Star-Dominion liner Northland was completely satisfactory as a troopship and that the only disagreeable feature on her last voyage of which they were aware was the rough weather, was given at this afternoon's session of the Dodgins inquiry by Captain Blanchard, Adjutant of the Conducting Party; Captain Learmonth, master of the vessel; Sergt. Major Parker, Senior N. C. O. on the ship, and Samuel Richards, the vessel's purser.

As an offset to this testimony, returned soldiers from Toronto and other Ontario points appeared at the morning session and repeated the oft-told story about insufficient food, cramped sleeping quarters, and limited room for exercising space.

War to Peace

Article No. 2
Cut out for Reference

Putting Efficiency into Repatriation

THE Repatriation Committee has been formed by the Dominion Government to bring Canada forward to a peace basis with all speed.

It will use the existing machinery and any necessary new machinery.

The Committee consists of Hon. Sir James Loughheed, Minister of Soldiers' Civil Re-Establishment; Hon. N. W. Rowell, President of the Privy Council; Hon. T. A. Crerar, Minister of Agriculture; Hon. G. D. Robertson, Minister of Labor; Hon. Arthur Meighen, Minister of the Interior; Hon. J. A. Calder, Minister of Immigration (Chairman). To assist them, Mr. H. J. Daly has been appointed Director of Repatriation.

This Committee is formed to co-ordinate the work of all those departments of the Government which have to do with the task of bringing back our soldiers to civil life, caring for them and their dependents, providing employment opportunities for soldiers and war-workers, and assuring proper living and working conditions. It also assists the efforts of all organizations and agencies prepared to give aid in the solution of our problems.

THE Committee surveys all plans. It prevents overlapping and confusion. It secures expert assistance. It obtains more speedy action, more effective co-operation. While its first consideration is the welfare of the Canadian soldier, its scope embraces the whole community.

The Committee has built up a Repatriation Organization to supplement the work of the existing departments of the Government.

The Committee has secured experts on each problem—military, employment, social, housing, farming, transportation, medical. Nothing is neglected. It invites representatives from all organizations which have interested themselves in the social and economic welfare of the country and the needs of our soldiers.

Co-operating with the Repatriation Committee is an Advisory Committee appointed by the Great War Veterans' Association.

With the assistance of these agencies the solution of the problem is presented to The Repatriation Committee in a practicable form.

The plans devised to meet every problem as it arises will be reported to you in the coming announcements.
