

KINGS COLLEGE REPORT.

ST. JOHN, Nov. 7.—The Anglican Synod tonight heard the report on Kings College. Gratification was expressed by the Lord Bishop and the Synod at the progress made, and the prospects for next year. Co-operation of the clergy of the diocese was urged to make the College world-wide in usefulness. The disposition of the endowment fund was referred to a committee.

MONTREAL TRAM CARS IN BAD CRASH.

MONTREAL, Nov. 7.—With motor-man Eugene Laclaire hanging out of the vestibule shrieking a vain warning as a signal, a tram car whizzed down St. Lawrence Boulevard this morning and smashed into another car standing on Ontario Street. Nine people taken to hospitals in ambulances, of whom two are seriously injured and a score badly shaken up, is the toll of this latest addition to the long list of accidents to Montreal street cars unequipped with air brakes. Both cars were crowded, and that many were not killed is regarded by eye witnesses as nothing short of miraculous.

—Mrs. James Birch, Alberton, and Mrs. D. A. Manson, Carleton, who have just returned from a visit to New Hampshire, U. S. A., would like to say a kind word in favor of the automobile. Mrs. Birch and Mrs. Manson were visiting with their brother-in-law Representative Fred P. and Mrs. Hill. As Mr. Hill was doing campaign work at the time and had considerable territory to cover, the automobile was the quickest and easiest mode of conveyance. Mrs. Manson and Mrs. Birch had the pleasure of motoring with Mr. and Mrs. Hill all over the southern part of N. H. and say that a person should ride in one of those wonderful cars and enjoy the comfort and pleasure there is, before condemning them. The one thing principally against the auto is the horse scare. Now a horse is a horse the world over and as they have become used to the automobile in most every country why not on our fair little island? During the hundreds of miles Mrs. Birch and Mrs. Manson motored they never met a horse that showed fright. The dreadful accidents we read about are, no doubt, due to reckless and careless driving. They think the auto should come as it means progress, convenience and pleasure, and not a lot of mortgaged farms as our pessimists would have us believe. Mrs. Manson and Mrs. Birch were delighted with their visit and saw much beautiful country, but none to quite equal Prince Edward Island.

NINE BROTHERS BASEBALL TEAM.

RICHMOND, Nov. 7.—Mr. and Mrs. T. C. Gillum, of Madison Hills, Orange county, Virginia, are the proud parents of the only baseball team in the United States, composed entirely of brothers. The official name of the club is the Gillum Brothers' Nine.

Their father, who is a wealthy tobacco planter, is their manager and financial backer. He was himself a member of the first team ever organized in that section of Virginia. The team plays wherever in Virginia dates can be secured and is said to be making money out of the enterprise. The youngest member of the team is 14 years of age. The oldest is 37 years old. The combined ages of the nine brothers and their father makes a grand total of 292 years. Their combined weight is 1,216 pounds.

Their mother, as well as their father, takes a healthy interest in the national sport. Besides being a prosperous tobacco planter, their father is the proprietor of a well-established flouring mill and a prominent merchant. He is 63 years old. In the year 1869 he was a member of the first baseball team ever organized in Orange county.

The elder Gillum recently sent to Woodrow Wilson a picture of himself and nine sons, taken as a team in uniform, together with a campaign contribution of \$1 from each of them.

LONGWORTH DEFEATED.

MAY NOT HAVE TO SMASH WINDOWS.

TORONTO, Nov. 7.—The time to give women their just political rights is at hand. So long as the life and hope continues to be crushed out of the women of the country, the nation must decline.

The above is the substance of the address delivered at a meeting of the Equal Franchise League by Miss Barbara Wylie of London, Eng.

There is something more than just the mere vote that women want: it is all the privileges and benefits involved in the symbolic meaning of the vote, said Miss Wylie.

The vote is the mark of citizenship, and without it women are slaves, the victims of circumstances, something to be looked down upon as ignorant and irresponsible.

\$45,000 SWINDLED THRU 'WIRE TRAPPING.'

NEW YORK, November 7.—On the complaint of Dr. J. W. Powell and Curby Cleveland Sidbury, a lawyer, both of Wilmington, N. C., the New York police today arrested men on a charge of having defrauded the southerners out of \$25,000 thru a wire tapping swindle. Sidbury identified one of the prisoners as a man who posed as a telegraph company official. The lawyer says he lost \$21,000.

The prisoners gave the names of Charles Daly and Frank Graham. The police have them booked, however, as Charles and Frank Gonder, notorious for years as swindlers. The police later arrested a third man, sixty years old, whom they described as an international swindler and the originator of the wire tapping game.

He gave his name as John Kay, but the police say he has often posed as Sir John Gray, and that he has been more widely known as Paper Collar Joe. On complaint of Simon Jones, of Pittsburg, Pa., that he lost \$20,000 in the same sort of swindle as that to which the southerners fell victims, and in the same house, Charles Carbone also was arrested. All the prisoners were held in heavy hall for examination next week.

The police say it is a puzzle to them that with so much publicity given to the old wire tapping swindle even an occasional victim is found. In the case of the southerners, it is alleged, \$5,000 was spent in staking the swindle. A steerer from New York, with his wife, took up residence in Wilmington and entertained lavishly and thru them Dr. Powell and Sidbury were told how to heat the game in New York.

JOHNSON JAILED.

CHICAGO, November 7.—Jack Johnson, heavyweight prize fighter, was arrested by federal officers tonight charged with a violation of the Mann white slave law. His arrest followed the return of the federal grand jury of an indictment charging him with having caused the transportation of Belle Scherber, a white woman, twenty-six years old, from Pittsburg to Chicago, August 10, 1910, for an unlawful purpose.

Federal officers searched the south side several hours before Johnson was found in a hotel surrounded by four negro guards. An attempt was at first made by the guards to prevent the officers from entering Johnson's rooms, but they were pushed aside and the government warrant served on the prize fighter without serious difficulty.

At the federal building tears came to his eyes as the officers put handcuffs on his wrists. You don't have to do this, I am not going to run away, he said I am square. You ought to know that.

Johnson's bonds had been fixed at \$30,000, but all the federal judges had left the building for the night and declined to leave their homes to go thru the formality of accepting bail. After several hours work Johnson found a court clerk willing to act and the prize fighter was taken to the home of his aged mother on the south side, who signed the bond along with several others and Johnson was released from custody.
