VERY regrettable there is no organized society for the prevention of cruelty to animals in Prince Edward Island. From time to time there are reports of shocking cruelties to poor dumb creatures which require the imposition of the severe penalties which the law imposes for such conduct, but there is no one to set the law in motion. Only the other day The Guardian learned of a creature in human form being kicked and dragged a poor sheep until the helpless brute was bleeding profusely, nearly dead and perhaps has since died. This occurred not fifty miles from Charlottetown. It would seem to be the duty of any humane person who becomes cognizant of such cruelty to lodge complaint with some Justice of the Peace and have the guilty person punished.

After the ceremony the happy couple drove to the residence of the bride's parents where a sumptuous wedding dinner was served, and after a few pleasant hours, repaired to the home of the groom where a very pleasant evening was spent in music and dancing. Mr. and Mrs. McAulay were the recipients of many useful and costly presents which go to show the high esteem in which they are held by their many friends.
