—LOCK SETS, hinges, glass knobs, kitchen cabinet hardware, bevelled plate and plain glass and all builders' supplies, sold at Brace's. 981.

—ENGAGEMENT—Mr. and Mrs. Russell A. Bell of Cape Traverse, announces the engagement of their daughter Florence M. to Gordon J. I. Ross of Carleton. Marriage to take place the latter part of September. 1015.

—FUNERAL SERVICES—The funeral of the late James H. Somers, Bedeque, took place from his late residence on Thursday afternoon. The funeral service at the house was conducted by Rev. Mr. Archibald and interment took place at the Bedeque Cemetery. The pall bearers were Daniel Noonan, Jr., Daniel Noonan, Sr., Bernard Connolly, Hugh F. Morrison, Heath Strong, M. L. A., William T. Bowness. S.

—DEATH OF MRS. JOHN T. CONNICK—There passed away at her home at Ives Point, near Miscouche on Saturday morning, after a lingering illness, Mrs. Zilda Connick, beloved wife of Mr. John T. Connick at 60 years of age. The deceased was a native of the United States, but had come with her husband about four years ago to make their home in Miscouche and during their short residence there had made many friends, who extend their sincere sympathy to the bereaved husband. The funeral is taking place this morning at St. John the Baptist Church, Miscouche, Rev. Dr. Monaghan officiating.—S.

—POST NUPITAL SHOWER—A large number of the friends of Mrs. G. S. Lockhart (nee Audrey Rose) tendered her a miscellaneous shower on Friday evening. The function took place at the Olympia and was a most enjoyable affair. The presents were both useful and ornamental and very much admired. Mrs. Lockhart expressed her grateful appreciation in a few pleasing remarks. Some musical selections and dancing made the evening more enjoyable. Mr. and Mrs. Lockhart received the heartiest congratulations of the guests at the close of the party.—S.

PERSONALS

—Mrs. J. J. Gaudet, of Summerside has as her guest, Mrs. Leo Farrell, of Island Pond, Vermont.—S.

—Miss Marie Gaudet, of Summerside is visiting in Boston and New York.—S.

—Miss Frances Tius entertained at the Clifton Hotel last week for Miss Faustina Gaudet, who is continuing her studies at Notre Dame Convent, Charlottetown.—S.

—Mr. Ensor Bowness, of Summerside attended the Fredericton, N. B., exhibition and spent a most enjoyable week.—S.

—Friends will regret to learn that Mr. Moffatt McLean is undergoing treatment in the Prince County Hospital.—S.

—Miss Ethel McLeod, R.N., of Summerside, has returned from Montreal.—S.

—Mr. and Mrs. J. Henry Gaudet returned on Friday evening from Fredericton, N. B., where they attended the Exhibition.—S.

—Many persons regret the retirement of Miss Ruth Hiltz from the Postal Service in Kensington. She was a most polite, obliging and competent official, and always exhibited a patience that was deeply appreciated. Y.

Illegal Egg Trading

One of the most common causes of prosecutions under the egg regulations of the Live Stock and Live Stock Products Act, administered by the Live Stock Branch, Dominion Department of Agriculture, is the purchase of eggs at a flat rate in violation of Clause 9, paragraph 4 of these regulations. It would appear that several traders are not as familiar as they should be with the terms of this clause.

The clause reads—(4) The manipulation of returns to equal a previously agreed upon price, or payment of a guaranteed price, or a flat price, or a uniform price for ungraded eggs is hereby prohibited. And no person shall make an advance payment for ungraded eggs in cash, by cheque, or other negotiable instrument, in merchandise, or on account, or in any other manner, at or prior to time of delivery, or prior to 'candling and grading, in excess of eighty per cent of the total value of the eggs computed at the price per dozen for the grade 'First's' appearing on the statement.

Except on written approval of the Dominion Minister of Agriculture or his representative, final settlement shall be made within seven days of date of delivery.

Relations Talks Between Members Of Commonwealth

TORONTO, Sept. 9.—(C.P.)—Adequacy and possible improvement of the existing system of communication, consultation and action between the members of the British Commonwealth of Nations will be considered at the sessions of the first British Commonwealth Relations conference in Hart House, University of Toronto, Sept. 11-21. While the conference will be unofficial in a sense, its deliberations are expected to produce important results in opinion in every section of the British Empire.

Representative of different shades of political opinion, also men who have had experience in the practical working of the constitution and of the foreign policy of the British Commonwealth of Nations and students and experts in such matters will attend from India. For example, Viscount Cecil of Chelwood, Sir Herbert Samuel, and Sir John Power, M.P., will be members of the British delegation. Prof. A. H. Charteris, Prof. Ernest Scott and Richard Windyler, Australia, Hon. W. Downie Stewart, New Zealand, Rt. Hon. P. S. Malan, Malan, South Africa, Diwan Bahadur Ramaswami Nudaliar, India, will take part in the discussions.

Certain outstanding issues which have been discussed by members of the Institute of Pacific Relations at its long conference at Banff will be considered by the Commonwealth Conference and as is the case with the Institute pertinent information gathered and trends of opinion revealed will undoubtedly be submitted to the Commonwealth governments concerned.

Invitations for the conference were issued by the Canadian Institute of International Affairs with whom the idea of such a gathering emanated. The object of the conference is to provide for: 1—A survey of the existing system of communication, consultation and action between the members of the British Commonwealth of Nations.

2—Consideration of the adequacy of the above system in the light of the existing constitution of the British Commonwealth of Nations and its problems, and all other relevant circumstances.

3—Consideration of specific suggestions for its improvement. The idea of holding the conference was put forward as long ago as 1929 when it was suggested at the meeting of the Institute of Pacific Relations held in Kyoto, and it was again discussed at the meeting of that Institute in Shanghai in 1931. The suggestion was considered by the Executive Council of the Canadian Institute of International Affairs in January, 1931, when it was decided to invite such a Conference to be held in Canada.

The Honorary President of the Canadian Institute is former Premier Sir Robert Borden, and the President is Hon. Newton W. Rowell, who has been instrumental in promoting the conference in collaboration with the Royal Institute of International London. A small preliminary meeting was held in London in July 1932 attended by representatives of the R.I.I.A. and the C.I.I.A. and persons from Australia, New Zealand, South Africa and the Irish Free State. This Committee drew up a draft Agenda and in the intervening year a large body of preparatory material has been written by carefully selected groups representative of different shades of political opinion in each country.

In the United Kingdom this preliminary work has been organized by the Royal Institute of International Affairs and in Canada study groups were established among the members of the Canadian Institute of International Af-

EXCESS FAT DUE TO RHEUMATISM

One Remedy for the Two Troubles

Having rheumatism so badly that she could scarcely walk, this woman began to put on a load of superfluous flesh. In a letter just received, she writes:—

"I had a severe attack of rheumatism in both knees. It was so bad that for three weeks I could not put my feet to the ground. I was also getting terribly fat—through not getting my usual exercise. I started taking Kruschen, and persevered. The first thing I noticed was the tonic effect it had; the next that my rheumatism went, and—better than anything—I lost the wretched fat. I am a woman of 50 and when I tell you I do exactly the same work as women half my age without the least difficulty, I think you will understand why I swear by Kruschen Salts and recommend them wherever I go."—M. E.

The six salts of Kruschen assist the internal organs to throw off each day the waste and poisons that encumber the system. Then, little by little, the ugly fat goes—slowly, yes—but surely. The rheumatism and headaches disappear. You feel wonderfully healthy, youthful and energetic—more so than ever before in your life.

Branches in various cities in which the Institute has branches. These groups held regular meetings for several months and drafted reports on specific problems; reports which, therefore, represent serious study and considered opinion from various centres.

Preparatory work has been similarly undertaken in Australia by the Australian Institute of International Affairs, and by individuals and experts in those countries which have no Institute.

A provisional list of the groups attending the Conference is subject to minor modifications as follows: United Kingdom: Viscount Cecil of Chelwood, (Chairman of Group); Rt. Hon. Sir Herbert Samuel, M.P., Donald B. Somerville, M.P.; Sir John Power, M.P., P. J. Noel-Baker; G. M. Gathorne-Hardy, Kerr Hamilton, Professor Arnold J. Toynbee, John W. Wheeler-Bennett and Professor A. E. Zimmern.

Secretariat: Hon. J. P. MacLay, M.P. (Secretary to Sir Herbert Samuel).

CANADA: Hon. Newton W. Rowell (Chairman of Group); Rt. Hon. Sir Robert Borden; Rt. Hon. Sir Thomas White; Hon. Mr. Chief Justice Gagnon; John W. Dufour; Onesime Gagnon, M.P.; Hon. Vincent Massey; Rene Morin; J. S. Woodsworth, M.P.; C. J. Burchell; Brooke Claxton; Professor W.P.M. Kennedy; J. M. Macdonell and E.J. Tarr, K.C. Secretariat:

S. Abrahamson Professor A. Brady; Professor F. C. Cronkite; Professor R. de T. Glazebrook; Professor R. A. MacKay; Professor Norman Mackenzie; Garon Pratte; Professor W. N. Sage; Professor Frank Scott; Professor K. Taylor; R. M. Fowler; J. R. Maclean; Dana Porter and E. W. Smart.

AUSTRALIA: Professor A. H. Charteris; Professor Ernest Scott; Richard Windyler, K.C.; Alfred Stirling and R. Latham.

NEW ZEALAND: Hon. W. Downie Stewart (Chairman of Group); H. F. Von Haast and Walter Nash, M.P.

SOUTH AFRICA: The Right Hon. F. S. Malan (Chairman of group); Dr. A. L. Geyer; L. F. Reynolds, M.P.; Colonel Charles F. Stallard, M.P. and Professor Eric Walker.

NEWFOUNDLAND: Personnel not yet definitely settled.

INDIA: Diwan Bahadur Ramaswami Nudaliar (Chairman of Group); Mohammad Zafullah Khan; Mir Maqool Mahmood; The Kumaraiah of Venkatagiri and Sir Laurie Hammond.

Secretary: Yudhishtar Raj. CONFERENCE SECRETARIAT: Iverson S. Macadam; Gerald E. H. Palmer; Escott Reid; R. L. Pyke.

"How much are your peaches?" "Penny each, lady." "I'll have one, please." "Givin' a party?"—The Humorist (London).

NRA CODES MAY AFFECT PRICES HERE

(Canadian Press) MONTREAL, Sept. 9.—(Saturday)—A rise in the price of United States bituminous coal on the Canadian market will be an "inevitable result" of the code arrived at between General Hugh Johnson, administrator of the United States National Recovery Act, and bituminous coal operators, the Montreal Gazette says today.

"This, with the Oil Code, will be felt by the Canadian consumer, who will naturally be forced to pay a higher price for gasoline or United States coal," the newspaper continues. "Crude oil prices in the United States have already risen as a result of the oil code which went into effect September 2, with a corresponding rise in the price of gasoline, and this will have its effect on the Canadian consumer. According to authoritative sources, an advance in the price of gasoline in Canada will go into effect shortly.

"With regard to the latest code affecting coal, the president of one of the larger Montreal coal companies stated that a rise in the price of United States coal is inevitable. Asked if he believed the coal codes would have the effect of bringing more Welsh and Scotch coal on the Canadian market, he replied that it was unlikely that any substantial increase in tonnage could be made in these two imports as Canada for a number of years had used practically all

the Welsh and Scotch anthracite that was available for this market. The newspaper does not state definitely what the coal price increase is expected to be.

Grass and Clover Seed Prospects

The Seed Branch of the Dominion Department of Agriculture reports the prospects of clover and grass seed production in Canada this year, as follows:

Alfalfa—A short crop in Southern Alberta; prospects very poor in Ontario.

Timothy—The total production for all Canada may not be greater than 50 per cent of the 1932 crop. Southern Alberta, including the Pincher Creek area, will practically have no seed this year owing to drought. In Quebec and Eastern Ontario, the acreage saved for timothy is less than last year due to a light crop which required more of the timothy to be cut for hay.

Alsike—Much smaller crop in Ontario but of good quality.

Bluegrass—In Ontario almost a complete failure, but the 400,000 lbs. of carryover will take care of the situation.

Red Clover—In Quebec and Ontario, the prospects promise better than usual.

"Mummy, why did the French burn Jonah's ark?"

School Supplies

Our prices will be found lower than those asked at the Govt. School Supply Store and better values given. Come to Carter's for your wants. Store open each evening.

CARTER & CO. Limited

Seek Material For Screen Play

(Special to the Guardian)

WINNIPEG, Man., Sept. 8.—Noteworthy passengers on board the Muskog Limited yesterday, en route to Churchill over Canadian National Railways were Peter Freuchen of Denmark and Greenland, Arctic explorer, trader and author, and C. E. Nels n, scenario writer of Hollywood. Mr. Freuchen is the author of "The Eskimo" a book describing the life and ways of the Eskimo people which has been filmed and will be released within the next couple of months. Mr. Freuchen and Mr. Nelson will gather material for a screen play to be written around the early days of trading in Canada.

Their first stop will be at the Pas and, after a few days spent in the northern frontier town, they will proceed to Churchill and later to York Factory and Cumberland house in their search for atmosphere. Moore Factory on James Bay may also be visited.

STOCKS SAG IN MTL MARKET

(Canadian Press) MONTREAL, Sept. 8.—Montreal Stock Exchange listings continued to sag during today's session in dull trading. The downward trend was in evidence throughout the day although a minute quantity of recovery made its appearance in the late dealings. As a result a few issues managed to overcome part of their initial losses but not altogether. Turnover approximated 11,000 shares.

International Nickel, the active leader, lost 10 cents at 29.70 after touching 29.50 while Canadian Pacific Railway was down 3-8 at 16 1-4. Brazilian Tractor and Montreal Power both managed to finish the day at unchanged levels. Consolidated Smelters, St. Lawrence Paper Preferred and Canadian Hydro-Electric preferred all lost 2 1-4 points. Canadian Industrial Alcohol issues, Dominion Bridge, Hillinger, National Breweries, Massey-Harris, Shawinigan Power, Dryden, Dominion Svel and B. C. Packers were all off fractions.

Only three issues recorded advances, Bruck Silk, St. Lawrence corporation and Canadian General Electric preferred being up fractionally.

Included in the stock to hold firm were National Steel Car, Power Corporation, McGill-Frontenac, Gurd, Canadian Car, B. C. Power, Bathurst, Building Products, General Steel Wares, Howard Smith and Winnipeg Electric. Sales 11,007 shares; bonds \$7,500.
