DEVILSET GOES PERFECT MILE

High Class Trotter Bred By Col. J. S. Jenkins, Upton Farm, Trots Fastest Mile On Main and N. B. Circuit This Season.

ST. STEPHEN, July 18.—Some new winners stepped into the Maine and New Brunswick racing circuit picture yesterday with the result that favorites were toppled over in an afternoon of especially spirited racing although the fields were smaller than at any time this season. The bigger upset was by Sassy Marie a bay mare by John R. Kurtz which was bought out in Ohio by John E. Kelly, of Bangor, for his brother Thomas J. Kelly, last winter, and was not believed ready for such a race as this went today because of illness this spring. Sassy Marie was bought as a high class mare after Mr. Kelly saw her race at Milwaukee with the last half in 59 seconds, but as late as May she was desperately ill.

Last night with Sussie Watts, the Aroostook entry the favorite, and Miss Martha Dewey, a new comer in Walter Bird's stable from Revere, Mass., as second choice pool tickets on Sassy Marie went begging. Tonight the fortunate buyers were cashing them in and they were paying odds of six to one and better. For Sassy Marie was a smart starter today as her first heat in 2:11 showed, and the way she stood off all attacks in subsequent heats emphasized. Sussie Watts could not reach her and the daughter of John F. Kurtz looks like the best pacer that has appeared down east this season for the slow classes.

KELLEY STABLE.

The Kelley stable had another good day, Chappelle piloting two winners as he also took the 2:15 pace, winning with Peter Patch 2:07 1-4 which won the junior free-for-all at Houlton, but failed in the 2:18 class at Woodstock last week when he met Eula H. This was another profitable win for the followers of the Kelley stable, as Early Todd, the Houlton pacer, was favored. It looked at times as if Will H. Keys, the St. Stephen reinsman, was going to put over a surprise before his home town followers, with Hedgewood K., the Woodstock driving club's pacer. He copped the first heat in a whipping drive after racing the full mile, the racing in the next two heats being confined to sprints at the finishes. The first time the sprint was short and the next time it was extended a

bit, but Peter Patch had the greater burst of speed and won both times although the finishes were slow. Lincoln Axworthy, a big bay trotter, which looks his name, has plenty of action and is owned by Mrs. W. H. Bird, Revere, Mass. He signalized his advent on this circuit with the stable of Norman Myer, formerly of Halifax, by winning the 2:20 trot and was the only favorite to come through. In the first two heats Lincoln Axworthy won handily and seemed able to trot around the field at almost any time. Driver Myer wanted to let him go, but it was not until the third heat that Devilset, the Prince Edward Island bred trotter for which John E. Kelley, of Bangor, paid \$3,500 ten days ago, got straightened out and going right. Driver Myer did not seem to realize what would happen if Devilset got out in front and kept trotting. Anyway Lincoln Axworthy wasn't sent after Devilset until it was too late, for driver John Willard had the son of Longset going in high and he trotted a perfect mile winning the heat in 2:12, the fastest time made by trotters on this circuit this season. Today's racing was the most auspicious opening any meeting this season has been favored with.

By QUIN HALL
There may be some important civic questions to be decided in Cleveland, Ohio, but wherever men gather in the evenings the conversation usually starts off with "This fellow Averill" and is bolted down there securely for a considerable part of the evening. Almost every ball club has at least one rookie who possesses great possibilities. The New York Yankees have Sam Byrd, Detroit has Alexander and Johnson, the St. Louis Cardinals have Gilbert and—Cleveland has Earle Averill! Averill is the expansive outfielder purchased from the San Francisco

Seals. He looks like "the prize rookie of 1929" to a lot of fans who see their baseball seriously, and his purchase nicked the Tribe bankroll for a reported \$50,000. Averill is noted chiefly as a hitter and has a record, which indicates he is not only good with the willow but that he is also consistent. He hit .353 in 1928, after socking the apple for marks of .324, in '27 and .384 in '26. He smashed out thirty-seven four-ply wallops in San Francisco last year and scored 180 runs. This prize rookie stands five-foot ten, weighs 175 pounds; he's left-

handed when he comes to the plate and right-handed when he throws. The Cleveland fans are already beginning to forget the loss of Tris Speaker, the great old Gray Eagle. They figure that, before the year is over, Averill will have done things around the American League which will be worth rehearsing during the long winter evenings when they sit around munching apples and eating pop corn. Averill is only 24 years of age. Base runners have already discovered that he has an excellent throwing wing; he himself is nimble on the paths.

SPRINGHILL, July 18.—The old rivals, Westville and Springhill, divided a double-header today, the visitors taking first game 5 to 4, while the home team scored 17 to 9 victory in the night cap. The first game was productive of good baseball. The visitors sent Brown to the mound and he made favorable impression with the fans with his pitching and hitting. Ten of the Maritime champions went out by the strike-out route. Brown had a home run, double and single to his credit out of four times at bat. Welton pitched good game for the miners, he only being in trouble in the third innings. The second game was a free hitting contest. Marshall started for Westville and pitched six and two-third innings when he was replaced by Williams. The miners collected a total of 20 hits and the Pictou county team eleven.
