RUSSIAN ARMY MAKING STRONGEST STAND OF WAR

"WE MUST DO OUR PART", ROOSEVELT SAYS

Rights of free Men threatened By violence

American Production Of War Equipment Not Yet Great Enough.

(By Douglas B. Cornell, Associated Press Staff Writer)
HYDE PARK, N. Y., Sept. 1 (AP)—Reminding his fellow United States citizens of their constant readiness to fight for their rights, President Roosevelt declared today that "we must do our full part" in conquering "forces of insane violence" let loose by Hitler.
"There has never been a moment in our history," he said in a broadcast Labor-Day address, "when Americans were not ready to stand up as free men and fight for their rights." The fundamental rights of Americans, established by their fore-fathers in the field of battle, are threatened, he warned, "by Hitler's violent attempt to rule the world."
The President spoke of the increasing war production of industries in the United States but asserted that "our American effort is not yet enough." He hinted at additional steps to guarantee delivery of weapons and war equipment overseas but did not mention specific methods.

No Appeasement

Once more he scorned the doctrine of appeasement. Appeasers and Nazi sympathizers, he asserted, have asked him to become a modern Benedict Arnold, to betray a devotion to freedom, church and country. This was his

Laval, Deat Out of danger

VERSAILLES, Sept. 1—(AP)—Pierre Laval and Marcel Deat, leading French exponents of collaboration with Germany, were kept out of danger and consoling tonight from wounds suffered in an assassination attempt Aug. 27.
The assassin, Paul Colette, was freed of a charge of Communism which might have meant his summary execution by order of the special anti-Communist court.

Released U. S. Army fliers to Ferry planes

WASHINGTON, Sept. 1—(AP)—United States army fliers released from military service and holding the status of civilians, it was learned today, probably will help Pan-American Airways operate its new ferry and air transport service across the Atlantic Ocean and Africa to British forces in the Middle East.
Official sources were silent on such a possibility, well-informed quarters indicated that arrangements already are being made to permit army pilots to resign from the army to join the Pan American staff.

Welcome

Prince Edward Island today will be honoured by a visit from Air Commodore, His Royal Highness the Duke of Kent (Above), younger brother of His Majesty King George VI.
The following hours in connection with the Duke's visit should be noted. All are Atlantic Daylight Time.
1.15 p.m. Arrives in Moncton from Murray Bay.
3.20 p.m. Leaves Moncton after inspecting flying training school, equipment depot, etc.
4.00 p.m. Arrives at Summerside airport. Inspects No. 9 Service Flying School, R.C.A.F.
5.00 p.m. Arrives at Charlottetown airport. Inspects No. 31 General Reconnaissance School, R.A.F.
6.30 p.m. Leaves airport for Provincial Building by motor car, along the following route: Longworth Avenue, Weymouth, Fitzroy, Rochford, Kent, Queen and Richmond Street.
At Provincial Building the Duke receives addresses of welcome from Premier Campbell and Mayor Holman, signs Golden Book in the Confederation Chamber, and makes appearance on balcony.
7.30 p.m. Leaves by car for Government House by way of Richmond, Queen and Kent Streets.
8.30 p.m. Guest of Provincial Government at dinner at the Charlottetown.
Remains overnight at Government House.
9.00 to 9.45 a.m. Wednesday: Drives around Victoria Park and other places of interest.
10.00 a.m. Wednesday: Leaves by plane for Dartmouth, N.S.

Pétain's new Gov't Party Goldly received

German Controlled Paris Press Omits Vetal's Announcement.

By Taylor Henry Associated Press Staff Writer
VICHY, Sept. 1—(AP)—Marschal Pétain's announcement of a new government party, the Legion of War Veterans and Volunteers of the National Revolution, was censored out of the German-controlled Paris press today—an indication that the totalitarian-style movement is trouble-bound.
Pétain's statement here Sunday to veterans celebrating the first anniversary of the founding of their legion that it would be broadened into the popular base of support for the Vichy regime was cut almost by half when it appeared in the Paris newspaper.
It appeared as ostensibly the Marshal's complete utterance, with no deletions indicated, and to the reader unversed otherwise it would

Report U. S. Turns down French plan

NEW YORK, Sept. 1—(CP)—The New York Herald Tribune in a copyright story from Washington today declared that a "scheme of Gaston Henry-Haye French Ambassador to the United States, to add a new communications link by cable and radio between North America and the Vichy Government of France, now pledged to full collaboration with the Nazis, has been blocked here."
The Herald Tribune said that Henry-Haye, whom it identified as "member of the French political group long advocating continued appeasement of Germany" had suggested that the French Government give a long-term concession to the Western Union company permitting them to erect a powerful wireless station on the rocky island of St. Pierre, French possession south of Newfoundland.
This plan, said the Herald Tribune, "fitted particularly well into the general plan of undercover activities of Vichy agents in the United States."
The paper said that although Western Union officials are frankly anxious to secure a radio outlet of their own "they did not like the looks of the St. Pierre proposition" and rejected it as "considered and found unfeasible" after consultation with the United States

Japan Will Use Force If Necessary

'Determined' to 'Break through encirclement' by Democracies, army spokesman declares.

(By Max Hill, Associated Press Staff Writer)
TOKYO, Sept. 2—(Tuesday)—(AP)—The chief spokesman of the Japanese army warned last night that Japan is determined to use force if necessary to "break through the encirclement by the United States, China, Britain and the Netherlands."
The spokesman, Lt.-Col. Itsu Mabuchi, chief of the army press section of Imperial headquarters, told the nation in a broadcast that Japan was resolved to construct her co-prosperity sphere in East Asia.
"Peaceful means will not be allowed to be dragged along forever," he said. He added that if diplomatic means failed Japan would "break out of encirclement" forcefully. "For economic pressure reduced her to 'paper' status."
The broadcast was part of a memorial meeting for the 100,000 who perished in the Tokyo earthquake and fire in 1923. It injected a militant note in contrast to other developments of the day.
Japanese hopes for postponement of a showdown had risen with reports that the United States might avoid offending Japanese feelings by sending most of its aid to Russia.

R.A.F. On Offensive In "Invasion Season"

Great contrast between situation this year and that prevailing in 1940.

(By Drew Middleton, Associated Press Staff Writer)
LONDON, Sept. 1—(AP)—The "invasion season" of September came to the English Channel with longer nights and good weather today and found the Royal Air Force running its own offensive from northern Europe to Africa where a year ago it was battling desperately to save its own bases.
While Nazi warplanes dived through an anti-aircraft barrage in the greatest number in weeks to blast open several air raid shelters at Hull on the east coast in a Sunday night attack, and gave London its first air raid alarm since July 27, the R. A. F. smashed hard at Germany's Ruhr and Rhineland and the French coast and raided Bremen with American-made Fortress planes by day.
In the Mediterranean, the British airmen carried out a new series of raids which reached from the Island of Rhodes in the east to Tripoli in western Libya in Africa, burning and blasting hangars, ships, and munitions depots.

Canada's Premier Spends week-end With King, Queen

(By R. K. Carnegie) (Canadian Press Staff Writer)
LONDON, Sept. 1—(CP Cable)—Prime Minister Mackenzie King attended a meeting of the British War Cabinet today for the third time since he arrived in Britain 10 days ago.
He returned to London after "two days of entire relaxation" spent in the country with the King and Queen, talking with them about their tour of Canada and the United States in 1939.
"I found Their Majesties looking particularly well, having regard to the strain they are under," the Prime Minister reported. "We had long talks about Canada. Their Royal tour is still fresh in their memory."
The weekend included a picnic beside a woodland brook and a church service attended by many officers and men of the Canadian Forestry Corps. The Prime Minister met many of the foresters after the service and in his travels Saturday, met a party at work.
The Prime Minister and the King had a long talk about world affairs, the progress of the war and the part played by the Dominions.

Some N. S. miners Still in slowdown

OTTAWA, Sept. 1—(CP)—Reports reaching the Labor Department from Cape Breton mine fields indicate production of coal is up but the slowdown of certain miners, opposed to the executive of the United Mine Workers of America continues.
While the department is keeping in close touch with developments in the area it was intimated unofficially that for the time being it is awaiting results of the actions of the mining companies in refusing to permit men who do not pledge themselves to a full day's work to enter the pits.
This policy, it is anticipated, may clarify the dispute and bring it into the open.

THE ALL PURPOSE FLOUR

Duke of Kent Goes for long Walk in woods

(By Jack Brayley) (Canadian Press Staff Writer)
MURRAY BAY, Que., Sept. 1—(CP)—The Duke of Kent today did what a lot of Canadians do at this time of year—took a walk through the woods to admire a way show of fall coloring. Under a heavy rain the Duke strolled 15 miles over hill and dale in just under four hours.
Resting up—as the guest of Hon. P. F. Casrain, Secretary of State, at nearby St. Linee—after a busy schedule that has taken him almost across Canada and into the United States on a tour of inspection the Duke "slept in" during a heavy downpour this morning.
After lunch, attired in gassy tweeds and a light rain coat, and accompanied by Inspector Evans, his Scotland Yard bodyguard, the Duke set out through the rain. Walking briskly and keeping to woodland roads, he met no one.
Later he entertained members of the Casrain family and other members of the summer colony at Murray Bay.
The Duke's schedule for tomorrow calls for his departure from nearby Lake St. James early in the morning for a flight to Moncton, N. B. He will begin the last leg of his tour, through the Maritimes.
However, if the weather between here and Moncton will change his itinerary and motor in the afternoon to Quebec. It was indicated. He will go to the Citadel Thursday as guest of the Governor-General and Princess Alice his aunt and uncle, carrying out that part of his program scheduled for Quebec. On conclusion of his Quebec program he would fly to the Maritimes to complete his schedule there.
Deputy Commissioner Leon Lambert of the Quebec Provincial Police, who is supervising police arrangements here, left for Quebec this afternoon to prepare for this possibility.

Moscow tells of German casualties

NEW YORK, Sept. 1—(AP)—A Moscow radio broadcast said today that German casualties on the German-Russian front now total about 2,500,000, including 1,000,000 killed.
The broadcast was quoted by the BBC in London and picked up here by NBC.

Princess Juliana Back in Ottawa

OTTAWA, Sept. 1—(CP)—Princess Juliana of the Netherlands returned home from a month's holiday at Picton, N.S., "much refreshed," a member of her staff said today.
The Princess and her party arrived home last night after motoring from Nova Scotia by way of the United States.
At one point she found the drive exacting and stopped at Montpelier, Vt., to rest. Taking all precautions, an aide explained, she called a doctor, but there was no suggestion that she was ill.

Island native Dies at Sydney

SYDNEY, N. S., Sept. 1—(CP)—A native of Prince Edward Island and one of this steel city's oldest residents, John Hector MacDonaid died last night at the home of his daughter, Mrs. J. W. MacDonaid. He was 90 years of age and had been ill for three weeks.
He had lived in Sydney for many years, retiring some time ago from his occupation as a carpenter. Surviving besides Mrs. MacDonaid are three other daughters, Mrs. L. B. Pyke, Middleboro, Mass.; Mrs. James Sweeney, Chelsea, Mass.; both here at present and Mrs. Frank Sheehan, New York. (Mr. MacDonaid's birthplace was not learned tonight.)

Soviet bombers Raid Berlin

MOSCOW, Sept. 1—(AP)—An official announcement tonight said Soviet bombers attacked the Berlin district and other German cities last night.
Koenigsberg, Danzig and Memel were among the targets mentioned specifically besides Berlin.
(The Germans admitted that Russian planes had come in until the Berlin last night but claimed they failed to reach Berlin.)

Interpreting The War News

(By Edward E. Bomar, Associated Press Staff Writer)
Berlin's expression of confidence that Finland will not arrange a separate peace "under any circumstances" has a ring of finality. Adolf Hitler is not accepting the resignation of any Axis junior partners just now.
Technically, of course, the Finns are not members of the Axis. Their contention is they have no alliance, and are fighting their own semi-independent war to recover lost territory without having made any commitments to the Nazis.
But Hitler proclaimed them to be his allies on June 22 when he launched the invasion of Russia, and allies they appear destined to continue, willingly or otherwise, until the Reichsfuehrer has decided they have paid the price he sets on the value of Nazi co-

Isolated Units Battle Behind German Lines

No changes in positions reported for fifth successive day as fierce fighting continues.

(By Henry Cassidy, Associated Press Staff Writer)
MOSCOW, Sept. 2—(Tuesday)—(AP)—The Red army was reported making its strongest stand of the war today along the entire front with the tenacious help of Russian units isolated behind German lines.
Soviet military sources gave this view of the conflict as the official communique for the fifth successive day reported no changes in positions and continued fierce fighting.
The communique reported the destruction of 99 German tanks and 100 trucks on the outskirts of a town identified as D. It added that nearly 1,000 Nazis were killed and that their losses included quantities of machine-guns, mine-throwers, anti-tank guns, 10 armored cars and 50 motorcycles.

Waves of Nazi Bombers pound English town

A NORTHEAST ENGLISH TOWN, Sept. 2—(Tuesday)—(AP)—Waves of German bombers attacked this important town last night with scores of heavy explosive and fire bombs.
The raid lasted only a short time, but local observers said it was the heaviest yet suffered.
Casualties were suffered, but the toll was not immediately learned.
Ground batteries threw up a terrific barrage and one German bomber crashed in a nearby field.
The ship burst into flames and its crew perished while a crowd of miners gathered about the craft.

Bermuda's potato Tariff removed For two months

HAMILTON, Bermuda, Sept. 1—(CP Cable)—With Bermuda's supply of home-grown potatoes exhausted, the legislature today voted to permit free importation of Irish potatoes from Canadian and United States sources for the two months before the local crop is reaped.
The House temporarily lifted the British preferential tariff of four shillings per bushel and the general tariff of four shillings per bushel plus 25 per cent surtax.

Vice-Admiral dies On active service

LONDON, Sept. 1—(CP)—The death of Vice-Admiral Patrick Parker, 60, while on active service was announced tonight.
He served in the Royal Navy throughout the First Great War, retired in 1925 and re-entered the service at the outbreak of the present war.
The post he held and the cause of his death were not disclosed.

Nazis report Soviet failures

BERLIN, Sept. 1—(AP)—The German armies were claimed today to have beaten back two Red counter-offensives, one a persistent series of efforts to recross the Dnieper river in the lower Ukraine and the other in an undisclosed sector of the front where 86 Russian tanks were reported smashed by a Nazi corps.
Repeated Soviet attempts to recapture positions on the west bank of the Dnieper below Kiev were supported by gunboats, it was claimed, but were "repulsed with blood losses."
In the north about Leningrad, where the Russian position was described as one of increasing peril, the Nazi general staff appeared to be concentrating on the islands of Oesel and Dagoe, lying

TORONTO, Sept. 1—(CP)—Minimum and maximum temperatures:

Vancouver	56	66
Edmonton	49	62
Regina	44	78
Winnipeg	51	87
Toronto	65	68
Ottawa	60	71
Montreal	65	78

Synopsis: The weather has been partly cloudy and cooler over Ontario, and it has been fair in nearly all parts of the west; warmer in Manitoba but cool in Alberta and west Saskatchewan.

BOSTON, Sept. 1—(AP)—Forecast for northern New England: fair, cooler southwest portion Tuesday; Wednesday fair and warmer; moderate northwest winds Tuesday.

High tide this morning at 7:04 and tonight at 8:40.
Sun sets this evening at 6:36 and rises tomorrow morning at 5:23.
Full moon Sept. 5, 1:36 p.m.

Summerside tide 18 minutes later than Charlottetown.
