—PARTY RETURNS.—The members of the party which has just returned in Mr. Frank Tuplin's large Pierce-arrow car, speak very highly of the courtesies extended to them by the residents of the different places at which they stopped and also those whom they met on the road. Speaking of the roads in N. B. for the running of autos as compared to those in P. E. I. one of the forty informs the writer that in a majority of cases the roads on P. E. I. are much better suited for autos than those on which they passed over. The island roads are much more level and as wide if not wider. As for horses being scared of the machine, the party travelled over 400 miles, at a speed varying from 20 to 50 miles an hour, and not one of the many horses that they passed became scared of the auto during their trip. They went as far as Fredericton going from St. John along the St. John River and returning via Fredericton Junction, stopping during their trip from the island at St. John, Serec, Moncton, and other towns, J.

—STRIKING FIGURE.—A rather conspicuous person was seen in Tighe's the other evening when Mr. Charles McInnis, mate on the Cutter, appeared in his full uniform. It was a handsome uniform and quite becoming and "Charlie" received no small amount of attention. But for that habitual smile and the absence of that dignified bearing he might be taken for a guardian of the peace. In this capacity he would cause a little apprehension, as Constables Burke and Smith are following up the trail of transgressors so closely that any person engaged in a business with the shadow of illegality is, no doubt, asking himself the question: "Am I next?"—T.

—THE BRANT.—The C. G. S. Brant arrived in Summerside yesterday afternoon for coal and other supplies.—J.

Deceased had been ailing for some time with cancer of the stomach and about two weeks ago, underwent an operation. She leaves to mourn besides her husband, a large family of boys and girls. Funeral takes place to-morrow, Sunday morning, leaving the house at 8 o'clock for Miscouche, where the burial service will be held at Miscouche R. C. Church, interment in the cemetery adjoining.—J.

—FUNERAL YESTERDAY.—The funeral of the late Mr. Norman R. Wright took place yesterday afternoon from his late residence to the Methodist church where a funeral service was held, conducted by Rev. J. B. Rice, pastor, Rev. Jas. Strothard, of Truro, and Rev. Hammond Johnson, Bedouque. A short service was held at the house, also, before the body was taken to the church, interment taking place in the People's cemetery. The pall-bearers were Messrs. H. Massey, J. A. Brace, Henry E. Wright, F. W. Strong, E. A. Pickering, Summerside, and Mr. Colin Wright, Bedouque.—J.

—Mrs. Geo. Montgomery, who has been visiting Mr. and Mrs. Daniel Montgomery, Summerside, left yesterday on return to her home in Berlin, Ont., at which place Mr. Montgomery is manager of the Bank of Nova Scotia. Mr. Montgomery is now in Boston relieving Mr. Williams the manager of the branch in that city, who is spending his vacation on the island.—J.

LAST LETTER TO THE I.O.F. MEMBERS

I said in my last that I would mention the courses open to the members. They are quite plain I. TO GO OUT, II. TO REMAIN IN. I. Some who are making estimates, figure out that from this time on they will pay into the order (in assessments and interest on the lien) as much as they will receive out at 70 years of age. There are two assumptions here—

(1) THAT THE LIENS WILL NOT BE REDUCED. The fact is that we have every reason to believe that they will be very materially reduced before they become claims, and even this very first year from Oct. 1st, every policy, on becoming a claim, will have the lien reduced by \$60.00 per \$1000.00 of insurance. This means \$800.00 at death, and as I said in a previous letter, it is better than nothing.

My very earnest advice is "LET NO ONE THROW UP HIS INSURANCE HASTILY. YOU NEED NOT PAY EVEN THE INTEREST. KEEP YOUR INSURANCE FOR A YEAR OR TWO. THEN, IF YOU FIND THE LIENS WILL NOT BE REDUCED TO ANY EXTENT, AND AFTER YOU HAVE SECURED OTHER INSURANCE AS CHEAPLY, WITH THE SAME FEATURES OF DISABILITY BENEFIT, CARE OF ORPHANS AND SICK WITH TUBERCULOSIS, WHY THEN GIVE THE I.O.F. INSURANCE UP.

II. THE SECOND assumption in all our calculations is likely to be that WE WILL REACH 70. I need not point out anything in this connection. Any policy may very soon BECOME A CLAIM.

Brethren, I recognize the gravity of these changes for you. No one fought

them more or harder than I did at Ottawa, which, as subsequent events proved, was the only place where it was any use to try to block them. Neither did I vote for the present method of making good the deficiency. I joined with the large committee in approving of the bill generally, but that did not bind us to ANY ONE OF THE THREE methods therein proposed. I DID NOT VOTE FOR THE METHOD ADOPTED at the Supreme Court.

As a Society we are learning that those who drop out by death early in life leave to their families a fairly large amount of money compared with their payments. Those who live out the full term are not, in the end, profited financially, but they and theirs have had protection through many years and that protection costs a regular amount out of each premium according to the DEATH RATE.

True,—you or I did not die, but our protection cost a regular amount each year, because of those who left us by death. Deeply regretting that these changes have come, and again asking not to leave us hastily, BUT TO STRAY IN until you see the effect of the promised reduction OF THE LIENS,—asking you also to remember the truly great work being done for the 780 orphans, and 80 tubercular patients.

I am, most truly
E. J. RATTEE, H. C. R.
P.S.—Last night I received a very earnest request from a widow to publish a letter of thanks for all that the Foresters have done for her. She and her family of TEN appreciated the Insurance of \$500.00 and she now feels deeply thankful for the \$10.00 per month. I have not yet had time to prepare this letter.—E. J. R. 754.

HAT LORE AND WISDOM.

Notes From the Millinery Department of Sinclair & Stewart, Limited, Summerside.

The styles mentioned here are adapted from the best French designers and are such as were selected by buyers while attending the leading Millinery Emporiums of Toronto and Montreal during their openings for Fall.

Stuart small with brims high at both sides. ROBIN HOOD, small tricorne with domes crown. FLORENTINE, large velvet crown with wire edged brim, lace covered. Beavers, Plushes, Chenille and Velours.

TRIMMINGS IN FANCY FEATHERS.—Aigrettes in ostrays, Partridge, Numide and Ostrich are much used.

FLOWERS. Principally roses are in evidence. They are used in contrasting shades on Velvet and Beaver hats.

VELVETS AND PLUSHES.—Velvets both panne and erect pile. Also plushes of Marabout and Hatters Duventine are much used for whole hats and for combining with allovers for soft crowns.

RIBBONS of all kinds are strong. Velvet ribbons in black and colors for the new chin bands and streamers. Silk, satin and fancy ribbons are used more than ever on account of the novel designs in bows and loops.

BABELOT BANDINGS.—This is a novelty trimming in twisted velvets (rope effect). The ends are caught at both sides of the hat and hang over the hair at the back. Lace, tulle, silk and satins are also prominent among the new trimmings for Fall.

COLORS might be classed as follows: Blue, Greek Blues, Royal and Midnight blue, Dark reds, Bergandy, Beetroot and Elderberry, Browns, Rembrandt or Niggerbrown, Greens Russian Green, Myrtle Emerald and Moss, Pinks Cherry, Begonia and Watermelon, Purples, Plum and Iris, Yellows, Honey and Cog de Roche. Black and dark shades are used in pipings, etc.

Numerous other features are noticeable, such as Palm tree effects in plumes. Velvet bows in the high wing effect. Fancy bandings and ornaments as well as others that are not mentioned here. The ladies in charge of this department will be pleased to demonstrate these latest novelties in modes and trimmings in the selection of your new hat for Fall. 1771-ME11.

ALWAYS CONSULT THE PHONE DIRECTORY.

It is surprising the large number of people in Charlottetown who, when they want to inquire about their Morning Daily Guardian or subscription, ask Central for the News phone No. 132-3, instead of 132-2, or when they want to inquire about advertising, ask Central for the Subscription phone No. 132-2, or for the News phone No. 133, instead of 132-3; or when they want the News or Editorial Department ask Central for the Subscription phone No. 132-2, or the Advertising phone No. 132-3, instead of 133, although all those departments and their respective phone numbers are plainly given in the telephone book. Some people, instead of looking at the book, even phone on want will greatly lessen the work of other department. All this is a great waste of time on the part of the person phoning, the operator at the Central, and the clerk in the department wrongly phoned. The news staff, on an upper floor, cannot give the necessary information about either advertising or subscriptions, nor the advertising staff about subscriptions or news, nor the subscription staff about advertising or news. In other words the clerks know and can do but their own work in their own departments, and if it were otherwise they would be continually running from one department to another, up-stairs and down, mixing work, wearing themselves out and causing the greatest possible confusion. On and after 6 p. m. daily it is useless to ask for any phone numbers except 132 and 133.

Patrons who consult their phone books for the numbers they really want number to ask for to get at the patient Central telephone and Guardian clerks and thus help make their lives much brighter and happier. 13111

BOY'S CARELESSNESS CAUSED MAN'S DEATH.

WOODSTOCK, Ont., Sept. 25.—As the result of a boy's carelessness, Charles Rush of Michigan, lies dead here today. Rush had arrived here yesterday morning after an absence of twenty-seven years to visit his brother.

With his brother John he was walking down the hill on Hunter street, when they heard a noise behind. Looking back they saw a boy coasting down the sidewalk in an express wagon. They parted to leave room for him, but the boy ran into Charles, knocking his feet from under him. He fell backward, striking his head on the sidewalk and fractured his skull. He died three hours later in the hospital. The boy's name is not yet known.
