Gymnastic Exhibition At The "Y"

The students had a workout in their dumbbell drill and got along fine and with one more practice Friday afternoon they will be in tip-top shape.

The intermediates had their final in tumbling yesterday and feel quite confident that there will be no hitch in their part of the programme while the seniors had a heavy workout last night in wading drill and floor exercises, they are planning on a practice Thursday night.

The Juniors (best of all) are going to be out in large numbers for their last practice this afternoon they claim they can show the older boys how to do Physical Drill apparatus work and when it comes to games it is worth the price of admission to hear them yell alone. The Juniors also are working on the "Wampus" a new form of animal in the Gym. Besides this you are going to see a real live minstrel troupe perform in various antics at the same time providing good music.

The Policemen (one of the smallest men in the town) will be there to ensure good order and keep peace and quietness in the community, while the four clowns are trying to outwit him and cause as much disturbance as possible.

Advanced apparatus work by both Seniors and Juniors (and to tell the truth the Juniors are the best) along with a bit of club swinging, will tend to make Friday the twenty fourth, the biggest night in the history of the old Gym.

A large attendance is anticipated but ample seating space is being provided to accommodate all.

L. of C. Bowling

The bowling record for three games was broken last night, when the Alerts put on a total of 3099 pins breaking the record of the League which was 2957.

The record for the city of Charlottetown which was in the vicinity of 3072. Their total for three games was as follows:

First game—Alerts—1031
 Second game—Alerts—1063
 Third game—Alerts—997

S. DesRoches—166
 W. Coyle—166
 J. Callaghan—166
 P. Ready—166

G. Gallant had highest single making 273. He also had highest total 896.

JAPANESE FREIGHTER

(Continued From Page 1)

from the Tuscania: "Tuscania arrived at S. O. S. in time to see her sink with all lives lost. Rescue impossible.

A detailed story of the disaster which occurred 180 miles south and west of Sable Island, will not be known until the Homerick, New York bound from Southampton, arrives tomorrow. The story of the hours the forty spent in their hopeless struggle with the sea probably never will be known. All that is known now has been pieced together from meagre reports sent through the air from the stricken steamer and ships that sought to aid her. "High lights" of the tale are supplied in two of these messages. "Ship 30. Degree low, now very dangerous. Please quick assistance." It was this message with its quaint language of the Ratuca Marus' captain that rang a "full speed ahead" signal aboard the Homerick and sent it plunging through wind and waves on its futile race against death.

The message for help, was sent shortly after four o'clock this morning. Hours later, Captain Roberts sent this message to his lines offices. "Homerick proceeded to assistance of Ratuca Maru at 4.47 a.m. Eastern standard time and sighted the steamer at 11.54. The steamer sank at 11.55 in latitude 44.33 north longitude 61.33 west. Regret was unable to save life. Proceeded on voyage 12.03 this afternoon."

This marked the end of the stricken freighter's seven hour struggle against a half gale which swept the waves into monstrous battering rams. Throughout much of the time her crew were helplessly trapped, for her lifeboats had been smashed by thundering seas. The ship of 5587 gross tons listed and, the bulk cargo of wheat having shifted in her hold, many vessels and shore stations heard plaintive pleas of the founder Japanese. The Homerick, forty-five miles off, and Tuscania, 63 miles away, as well as the Seydlitz of the Cunard line, and the Greek liner King Alexandra, with two tugs from Halifax and Canastota, got to the rescue, sending reassuring messages to the boat. It is estimated that her position was a scant 600 miles from the scene of the Titanic disaster.

Western Guardian

—"NOYABLE LECTURE."

There was an exceptionally large attendance at the meeting of the Summerside Council of the Knights of Columbus last night. After the regular meeting the members were given a rare treat when Mr. Justice Arsenault delivered a very highly interesting and instructive lecture on law. A hearty vote of thanks was tendered the lecturer.

—AUTOS COLLIDE—There was considerable excitement on Water street, Summerside, last evening about seven o'clock, when two automobiles coming in the opposite directions collided. Both drivers swerved to avoid the other with the result that their cars struck two plate glass windows belonging to J. S. Perry and W. A. Stewart. The cause of the wreck is difficult to ascertain as both drivers claim they were on the right side of the street.

DEATHS

DOYLE—In Orient Heights, East Boston, April 14, William Michael Doyle, husband of Malvinia Doyle (nee Cheverie).

SWAN—In Jamaica Plain, Mass., April 16th, Annie, wife of Peter W. Swan. Funeral services at her late residence, 3135 Washington street, Sunday, April 19th.

DAVIS—At P. E. Island Hospital, 1st dist, George Davis. Funeral Thursday, April 23, from the funeral home of McLean and McDonald, Brock street, at 2.20. Service in St. Paul's Church at 2.30.

CONNORS—At the residence of her son Hugh F. Connors, April 21st, Bridget Kennedy, relict of the late Edward Connors, aged 85 years. Funeral from her late residence, 38 Longworth St., to St. Dunstan's Cathedral, thence to Covehead Road Cemetery.

For Every Ill—Minard's Linctant.

WOLVIN ISSUES

(Continued From Page 1)

"It would take several volumes to cover what was said by one side and the other during the conference, and it is unfair to use parts of the discussion separated from the governing conditions in the conference at the time. Mr. Armstrong brought great pressure to bear on both parties at different times during the meeting. I think the attitude of the unwilling attitude of Mr. McLeod were as marked as any criticism the company received.

"I do not recall the item of \$20,000 contributed some time ago being mentioned during the conference, but shortly before the adjournment I called the Premier's attention to the fact that we had offered employment to Nova Scotia miners, that there was work for them and that they could take employment instead of relief, and that the taxpayers of Nova Scotia which included our corporation, could not approve of Government relief where work was obtainable and refused.

"The parting shot of the President of the British Empire Steel Corporation to the U.M.W. officials is incorrect. I did not say, 'Well, we are going out from this conference prepared to do our dirtiest and we presume you intend do the same.' Possibly Mr. McLeod has reference to my personal talk after the adjournment, where I told him our visit had undoubtedly helped to clear up some misunderstandings, but that he personally was assuming great responsibility in refusing the employment that we offered. I said that I believed he would not again make some of the mistakes that he had admitted, but that when we separated he was still the Mr. McLeod who had ordered six thousand men to stop work and who had ordered the maintenance men to abandon the property."

THE PREMIER'S DENIAL.

When the attention of Hon. E.H. Armstrong was directed to Mr. Wolvin's statement the Premier said: "I very much regret that the Canadian Press correspondent should seek to give the impression that the conference concluded with any threats on either side or in other than a good humored spirit. While the conferees failed to agree on a settlement of the strike it is my belief that they parted with a better understanding of each other's position than when they began their deliberations. At the end of the final conference we all shook hands and no untoward incident marred the parting."

"I can say with the utmost conviction that Mr. Wolvin did not protest to me or in any hearing against the grant of \$20,000 made to the Red Cross by the Province, nor did he say in my hearing that we are going out from this conference prepared to do our dirtiest."

Mr. Chisholm's Correction.

Hon. William Chisholm, Minister of Mines, who presided at the conference on several occasions in the absence of the Premier, said: "I was very much surprised when I read the statement that Mr. Wolvin during the conference had protested to Premier Armstrong against the gift of \$20,000 to the Red Cross and had left the conference with the statement that 'we are going out from this conference prepared to do our dirtiest.' Neither statement was ever made by Mr. Wolvin in my hearing nor as a matter of fact did any one in my hearing make any statement which could be by any stretch of the imagination be twisted into such a statement."

Earnings Reduced

MONTREAL, April 21.—The annual report of the Atlantic Sugar Refineries, Limited, for the year ended Dec. 31, shows earnings of 3 per cent on the common stock, as compared with 10.8 per cent in the preceding year and 1.03 per cent for 1922.

The statement shows that net profits amounted to \$964,103, this compared with \$1,469,982 in 1923. The deficit was reduced from \$4,486,383 to \$4,359,155.

France Determined To Look Facts In The Face

(Canadian Press)

PARIS, April 21.—The ultimate position of drastic financial measures, the maintenance of an Embassy at the Vatican and pacification of internal dissent, but above all real security for France were the prime points in the Minister-Caillaux-Briand Cabinet read before the Chamber of Deputies and the Senate this afternoon. France has a "bitter disillusionment" the statement declares, but is determined to look the facts in the face. The statement said France would maintain all her present treaties and pursue the execution of the Dawes Plan at the same time as the settlement of inter-Allied debts. Faithful to all its Allies, just and pacific toward all nations, says the statement, France has no intention of desiring to give to the world repose and stability of which it has such great need, but first a condition of stable peace is that France herself be secure.

Hindenburg Speaks

BERLIN, April 21.—Field Marshal Von Hindenburg's success of election to the Presidency are slim, according to the opinion of operators in the Berlin Bourse.

Commission houses are offering 3 to 1 against the Marshal's election.

Address And Presentation

On Saturday, March 28, at nine o'clock p.m. the citizens of Cardigan assembled in the Hall to say farewell to the staff of the Royal Bank of Canada. The Rev. D. McVicar was appointed chairman, and after a few well chosen remarks called upon Hon. J. A. McDonald, Minister of Public Works, who read the following address:

Cardigan, P.E.I., March 28, 1925.

To Messrs. William L. Limerick, Donald McLaren and Robert Cain.

Staff of the Royal Bank of Canada, at Cardigan.

Gentlemen:

I am very glad to have the opportunity of saying farewell to you, and that in consequence you will be transferred from our midst to some other sphere of action, we feel that we should not allow the occasion to pass without giving some expression to the sentiments we entertain in your regard.

To you, Mr. Lorimer, who came amongst us a stranger two years ago, we wish to say that we admire the many fine qualities which you have displayed in both the business and social life of the community, and we sincerely hope that the time spent at Cardigan has been agreeable to you, and that you may carry away pleasant and kindly recollections of your stay in our midst.

To you, Messrs. McLaren and Cain, who were reared in our midst, whom we have known from boyhood, we wish to say that the residents of Cardigan have a high regard for your many qualities, and we look forward to your extended and successful professional career with much interest.

During the time that all you gentlemen have been in close touch with our business organization here, your strict attention to duty, and never-failing courtesy, have won the respect of those with whom you have come into contact, while your social qualities may best be judged by the universal regard which accompanies your removal.

In your new sphere of duty you will no doubt make new friends, and we trust that you will carry with you as well, and esteem you as highly, as those whose friendship you have won and made your own during your residence in this village—earnestly hoping that first place in your hearts may long be extended to casual recollections of the period of your sojourn amongst us.

In a word, gentlemen, we want you to be assured of our deep regret at your departure—as well as the institution you so worthily represent. We are confident that this community will be poorer both socially and commercially on account of its loss through this change.

In conclusion we ask you to accept these gifts as a token of our esteem and respect, and as an earnest of the good wishes which we follow you in spirit to your new duties and homes.

Signed on behalf of the citizens of Cardigan and vicinity
 P. D. Murphy,
 H. W. Brothers,
 J. W. Springour, Committee.

The presentation was made by Mr. J. W. Springour to Mr. Lorimer, beautiful club bag, shaving set and pipe, and to Messrs. McLaren and Cain, \$25.00 each. Complimentary speeches were delivered by Rev. D. McVicar, Hon. J. A. McDonald and Mr. Felix Gallant, Collector of Customs. The meeting was brought to a close by singing Auld Lang Syne, after which the boys were lustily hounded.

(Continued From Page 1)

witty and at the same time very appropriate. His rendition of two old favorite songs introduced a very happy note into the proceedings and when he concluded he was given vociferous applause.

Happy speeches were also made by Messrs. George Hooper, Oulton E. S. Acorn and McNeven, each expressing his pleasure to be present and wishing the Charlottetown Driving Club many future years to continue its good work.

The presentation of the trophies marked a very pleasant phase of the proceedings. Mr. Robert McNeill, on behalf of Hon. D. A. McKinnon presented the McKinnon Trophy to Messrs. McNeill and Wood. These gentlemen responded by thanking the donor for the cup and expressing their appreciation of the Club's efforts to bring horse-racing to this Province to its present high standard.

Mr. Donald McKinnon presented the cup which he had donated to Messrs. John McDonald and Horne. Mr. McDonald who was present thanked Mr. McKinnon for his trophy and expressed his pleasure at being present at the function. In the absence of Mr. Horne, Mr. Hammond Kelly expressed his thanks to the donor.

The J. A. Messervey Trophy was awarded to Mr. Douglas McLeod. As Mr. Messervey was unable to attend the presentation was made by Mr. Donald McKinnon and in doing so Mr. McKinnon referred to the great interest which Mr. Messervey always manifested in events of this kind. Mr. McLeod made suitable expression of thanks to the Charlottetown Driving Club's Trophy was won by Mr. Frank McKay who expressed his pleasure on winning the cup and his appreciation of the Club's donation.

Mr. John Court's Trophy for Todd horses was won by Mr. Henry Benoit. In the absence of Mr. Benoit the Secretary Mr. Stewart took possession of the cup and thanked the donor.

A cup donated by Dr. I. J. Yeo has not yet arrived but on its arrival it will be presented to Mr. Milton Brehaut, the winner.

The duties of chairman were ably performed by Mr. Hammond Kelly and during the discussion of the Toast List his very witty remarks kept the gathering in excellent spirits. Mr. Kelly made reference to the aims of the Driving Club and spoke of the great interest which is now displayed in horse-racing in the Island.

Letters and telegrams regretting their inability to be present were read by the Chairman from His Honor Lieutenant-Governor Heartz Colonel D. A. McKinnon, Judge Wraynt, Summerside, T. G. Ives, Montague.

The affair was concluded shortly before midnight with the singing of the National Anthem.

THE MARKETS

(Canadian Press)

OTTAWA, April 21.—(EGGS)—The immediate demand for eggs is comparatively heavy, both in the country and at the large consuming centres and in addition to this a large quantity of eggs at this season are being used for incubation purposes. The movement into storage is heavy although some of the larger operators have not yet put many away. A shipment is reported of some Ontario flocks to Halifax at 28 to 30. Another shipment is offering a car of eggs packed in extra 30 to 31, firsts 31, 1.0. Toronto firm prices unchanged. Montreal easier, prices 1 cent lower. Winnipeg jobbing extras 30, firsts 25 to 26, seconds 20 to 22. Saskatchewan unchanged. Alberta jobbing extras 30, firsts 25 to 27, seconds 23 to 25. Vancouver jobbing extras 30 to 31, firsts 30 to 31, seconds 28. Prince Edward Island country points extras 26, firsts 23, seconds 20. New Brunswick, jobbing points firsts 30, jobbing St. John 33, extras 35.

MONTREAL, April 21.—The demand from the United Kingdom and the continent for Canadian grain on the Montreal market today was fair and as the prices in some cases for oats and barley were in line with exporters views, sales of a few loads were made for May shipment. The demand for ocean freight room tonnage port to the continent continues steady for May loading, but

the volume of business in United Kingdom. Freight was reported quiet. The demand for cash grain in the local market was again limited from both local and export buyers and the trade volume was small. A steady feeling prevailed in the local flour market for spring wheat grades and prices were unchanged. There was no improvement in the volume of business with foreign buyers, but millers stated that a number of cables received asking them to make offers in nearby portions which would indicate that stocks have been reduced to a low level and the prospects are that if the wheat market here remains fairly steady a fair business may result in the near future. There was also an improvement demand for local and country sources and a good trade was transacted. The trade in winter wheat flour was also reported to be a little better, there being more inquiry from spot and out of town buyers for supplies and the movement showed some improvement. The tone of the market was steady. The feature of the market for millfeed was the increased enquiry from United States buyers for supplies of bran and shorts, but owing to the limited quantity available here at present little business resulted in that direction. A fair business was also done with local and country buyers and the tone of the market was quiet. A moderate turnover was transacted in standard grades of rolled oats and prices were steady. Prices were unchanged for baled hay and the prospects are that with the opening of navigation at hand there will be some improvement in the demand for supplies in the near future, but the trade today was quiet. There was no change in whole sale jobbing prices for eggs announced, but the undertone to the market continues easy on account of the weaker advices from the United States, and the large supply coming forward which will probably have a depressing influence in the situation in the near future. A fair trade was done being a steady demand for small lots and the market was moderated owing to the continued absence of any foreign demand for supplies and the fact that the large local buyers are not operating at present. The cheese market was very quiet and the feeling continues easy with holders of western No 1 white and colored offering to sell at 28 to 34 cents per pound, and No 2 grades at 17 to 34 cents per pound. Beans were unchanged at \$2.70 per bushel.
