EXHIBITION OFFICIALS ARE ENTHUSIASTIC

Are Very Pleased with Response of the Public To The Attractions Offered At Toronto's Big Fair This Year.

(Special to the Guardian)
TORONTO, Sept. 2.—With the promise of another record crowd, the 1931 Canadian National Exhibition settled into its fifth day this morning with the men's 15 mile marathon swim as the big feature of the day. C. N. E. officials are pleased with the response of the public to the attractions offered this year, and not only are the people coming, said General Manager H. W. Waters, but they are spending money. Last year they held off. They came in fair numbers, but they did not spend so freely. This time they are spending and the result is being reflected in the general success of the fair.

Plot To Mutiny Nipped In Time

KINGSTON, Ont., Sept. 2.—Reports that a plot, with its object mutiny and a general jail delivery at Portsmouth penitentiary, had been discovered and nipped in the bud, remained unconfirmed tonight by penitentiary officials. "Two-Guns" O'Brien, who was sentenced recently at Toronto for armed robbery, was to be the leader of the planned outbreak. O'Brien and

Offer Accepted With Thanks

(Canadian Press)
TORONTO, Ont., Sept. 2.—Rev. Dr. E. H. Oliver, Moderator of the United Church of Canada, has arrived from his home in Saskatoon, Sask., and will spend the autumn in interpreting the Western situation to the East. "Most touching is a letter I found on my desk here," said the Moderator. "It is from a pastor of Ukrainian churches in Manitoba, offering on behalf of these people to send a carload of potatoes to the Saskatchewan farmers in distress." This offer is being acknowledged with thanks and acceptance by the National emergency relief committee, which has been set up here since the Moderator's appeal at the end of July.

four ringleaders are understood to be in solitary confinement now. Brigadier-General St. Pierre Hughes, superintendent of penitentiaries, has been here for several days, he declined to be interviewed on the subject of the alleged plot tonight. J. C. Ronsford, warden of the penitentiary, declared there had been no disturbance there since "Red" Ryan engineered a spectacular escape in 1923.

Reds Are Blamed For China Floods

Tremendous Loss Of Life Attributed To Cutting Of River Banks As Deliberate Act

HANKOW, Sept. 2.—(U.P.)—Reports that Communist armies cut dykes along the flooded Yangtze river to swamp pursuing Government troops and drowned thousands of natives were received here today by the Kuo Min agency. Continued rains in the flood area and storms approaching typhoon velocity caused many deaths during the past few days and added to the suffering of survivors fighting hunger and plague. First official statistics issued by the public safety bureau here said 163,000 houses in the Wuhai area were submerged and 752,000 people affected by the floods. Of this number 66 per cent were said to be destitute and homeless. The report did not estimate the casualties.

Big British Bank Takes Issue With Economy Report

LONDON, Sept. 2.—The contention that the British budget position has not deteriorated in one year to the extent of £119,000,000 (about \$595,000,000), the deficit estimated in the May economy report—is put forward in an article in the current issue of the Monthly Review of Lloyd's Bank, one of the British "Big Five."

"To save a misconception abroad, it may be advisable to point out that this deficit of £119,000,000 is arrived at after including in expenditure the amount of £50,000,000 presumably to be allocated to amortization of the National debt, so that in one sense the true deficit is only £69,000,000," The Review says. "Alternately, if the present unjustifiable practice of excluding unemployment insurance borrowings from the budget were continued, the deficit would be £79,000,000. The only ground for making these qualifications is to dissipate any

CAN. LEGION OPPOSED TO SWEEPSTAKES

Dominion Officers Ordered To Return Check Received From Army and Navy Lottery.

(Canadian Press)
NIAGARA FALLS, Sept. 2.—The Dominion convention of the Canadian Legion expressed itself as opposed to the idea of legalizing sweepstakes in Canada. The convention adopted, with only one dissenting voice, a report of a special committee, advocating that no steps be taken for a change of the law regarding sweepstakes. The committee urged that the Dominion command be instructed to oppose, now and in the future, any attempts to alter this law. It was also recommended that the proffered gift of \$57,023 from the Army and Navy Veterans Association of Canada, which, it was claimed, was wholly derived from sweepstakes, be returned forthwith to the donors. The claim of an Alberta delegate that many branches in the Province would be in open rebellion if the report was adopted, was not heeded by other delegates. The Alberta man claimed if sweepstakes were legalized the Legion ought to participate in them. Rev. F. R. Adye of Whitby, Ontario, declared if the branches were ready to rebel because they could not have such a way of raising money, the Legion would be better off without them.

Regulations Re Trans Canada Highway Work

(Special to the Guardian)
TORONTO, Sept. 2.—Men employed on the trans Canada highway will live in camps operated on a cost basis without profit. They will receive 30 cents an hour for an eight hour day from which will be deducted 80 cents a day for board and 50 cents a month for medical services, according to the long-awaited Government regulations which were issued yesterday by Hon. William Finlayson, Minister in charge of northern development. It is hoped to get the camps in operation early in October, the Minister said, but it was impossible at this stage to give an exact date when men from southern Ontario would be taken north.

Hoover Is Faced With The Vexing Problem Of Balancing 1932 Budget

Two-Sided Situation Must Be Settled Before Opening Of Congress—Revision Of Taxes Favored And Opposed.

WASHINGTON, D. C., Sept. 2.—Announcement by Secretary of the Treasury Mellon of a billion dollar financing programme for the September quarter brought President Hoover today face to face with the vexing problem of how to balance next year's budget. It is a matter he must thrust out with Mr. Mellon and the Republican leaders of the House and Senate before the opening of Congress in December. It appears now to be very much a two-sided problem. Mr. Mellon, despite his resort at this time to another huge bond issue, is known to favor a revision of taxes to raise the necessary funds to meet a prospective billion dollar deficit next year. The fiscal year ending June 30, incurred a \$903,000,000 deficit, largely met by a long term bond issue. In the first two months of this fiscal year, the Treasury shows a deficit of \$287,000,000. Income tax-

Radio Station Unable To Communicate With Nautilus For Past Three Days—Presumed, However, That Craft Has Gone Under Ice Pack.

(Canadian Press)
OSLO, Norway, Sept. 2.—The radio station at Bergen has been unable to effect a contact with Sir Hubert Wilkins' polar submarine Nautilus for the past three days and there is much speculation as to what may have happened to the craft. Every night the station has called and every day, it has listened for an answering signal which has not come. It is presumed that the Nautilus has gone under the ice pack and that her radio signals have not been strong enough for Bergen to pick up.

NEW BRITISH BOND ISSUE SUCCESSFUL

(Special to the Guardian)
PARIS, Sept. 2.—The confidence of the French public in the British financial position was indicated today by banking reports showing the new issue British treasury bonds was already oversubscribed. The bonds were issued as one half of the French share of a new \$92,000,000 loan to the British Treasury to protect the pound sterling during the present crisis. Banks said they had been flooded with buying orders and it was expected the issue would be two or three times oversubscribed.
