SUMMER HOTELS HIGHLANDS OF ONTARIO.

The Grand Trunk Railway System announces that arrangements have been completed for two handsome additions to the chain of hotels throughout the Highlands of Ontario.

The Wawa Hotel on Lake of Bays, one of the finest summer hotels in the northern Resorts of Canada, is nearing completion and work is under way on the new Highland Inn situated overlooking Cache Lake at Algonquin Park station. The Highland Inn will be of the cottage type cozy and comfortable in its appointments, all modern conveniences, colonial fireplaces in the dining and living rooms, spacious piazzas and most charming outlook over lake, mountain and virgin forests; in fact all the comforts of civilization are transported into this virgin wilderness. Double daily mail service, telegraph and express facilities at this point with excellent train service will make this hotel unique and attractive for a restful sojourn so remote from the turmoil of the cities but yet with all necessary facilities for communication with the outside world. The Highland Inn is situated about 1500 ft. above sea level giving it by far the highest elevation of any summer hotel in Eastern Canada. A good boat livery and corps of guides will be maintained and tourists who desire to make extended trips through the waterways of the Park will be entitled to be provided for in every respect without incurring it necessary to bring any baggage excepting wearing apparel according to length of sojourn. These new hotels, will provide every comfort and facility for the enjoyment of guests and the cost of accommodation will be so reasonable that it will not deter anyone of moderate means from patronizing them. In addition to this they will cater to tourist trade from Great Britain where the Grand Trunk is organizing trips of parties and individuals for a lump sum of expense including hotels from the time tourists leave home until they return. Such trips need not occupy more than the average holiday, say one month, and will embrace the ocean trip, an opportunity of becoming acquainted with Canadians and Canadian affairs and the entire cost will not exceed that of the usual summer holiday in Switzerland or other European Resorts.
