SEEING the Difference BETWEEN THE DE LAVAL AND OTHER Cream Separators

IT DOESN'T TAKE AN EXPERT knowledge of mechanics or a long working test to tell the difference between the De Laval and other cream separators.

ON THE CONTRARY, WITH A 1915 De Laval machine placed beside any other separator the difference is apparent at first sight to the man who never saw a separator before.

IF HE WILL THEN TAKE five minutes to compare the separating bowl construction; the size, material and finish of the working parts, particularly those subject to wear and requiring to be occasionally taken apart and put together; the manner of oiling, and everything which enters into the design and construction of a separator as a simple durable machine, he will still further see the difference.

IF HE WILL GO A STEP FARTHER and turn the cranks of the two machines side by side for half an hour, particularly running milk or water through the bowl, he will see still more difference.

AND IF HE WILL TAKE THE two machines home, as every De Laval agent will be glad to have him do, and run them side by side in practical use, the De Laval one day and the other machine the next, for a couple of weeks, he will see still greater difference in everything that enters into cream separator practicality and usefulness.

THE MAN WHO TAKES even the first step indicated in seeing for himself the difference between the De Laval and other cream separators doesn't put the money into any other machine one time in a thousand.

THE COMPARATIVELY FEW buyers of other separators are those who merely read printed matter claims or listen to the argument of some dealer working for a commission, and who do not think it worth while to see the difference for themselves.

THE WISE BUYER OF A cream separator today does see this difference when buying his first separator, while the unwise or careless one usually finds it worth while to do so when he comes to buy a second cream separator a year or two later.

EVERY DE LAVAL AGENT considers it a privilege to show the difference between the De Laval and other separators, and to afford every prospective buyer the opportunity to try out and prove the difference to his own satisfaction, if on first examination he feels the slightest doubt about it.

THAT'S THE REASON WHY four buyers out of five are buying De Laval Cream Separators in 1915, and why the use of De Laval machines will before long be nearly as universal on the farm as already is the creamery and milk plant use of power or factory separators.

Important Announcement

We wish to announce to our many customers and to the public, generally that our recent disastrous fire has compelled us to adopt a new policy in merchandising;

Beginning on Tuesday, June 1st, 1915 we will inaugurate a Strictly Cash Business

A number of our customers have always dealt with us on this plan and as it is the most beneficial for everyone concerned we hope that all will now avail themselves of the mutual benefits which must naturally accrue from a system of this kind.

This new system when in complete operation will mean as follows:—One price on each article to everyone, or a saving of about 20 per cent. to the purchaser.

Quick turnover of goods for cash will give us more power in buying, thus enabling us to give you better goods at lower prices. New stock arriving daily thus insuring you of getting new goods at all times and at money saving prices.

Being able to supply the wants of all and compete with any catalog price.

The closing out of our booking system which is a large bill of unnecessary expense to any retailer store; this expense heretofore had to be added to the price of the goods and paid for by the customer.

Satisfaction to the purchaser, because he buys what he needs at the best possible price; and satisfaction to us because we get paid for our goods and carry no book accounts.

This is the system which is now adopted by all up to date retail business houses, and a trial will prove its money saving usefulness and adaptability to our conditions, and we feel after reasonable trial will be acceptable to our many friends and customers. As our running accounts fall due June 1st and Dec. 1st we must insist on prompt settlement to enable us to meet our heavy liabilities as a result of our severe loss. Persons owing us by judgments and notes of hand will be required to settle promptly.

We take in exchange everything that the farmer or fisherman has to sell, and we will endeavor in the future, as in the past, to meet their requirements by judicious selection of an up to date stock.

—LAD TO REST.—The funeral took place at 10 a.m. yesterday, at Miscouche, of the late Gilbert DesRoche, who died on June 2nd. Solemn High Mass was celebrated by Rev. Father Monaghan, assisted by Rev. P. P. Arsenault, of Miscouche, and Rev. J. A. McDonald, of Grand River, and Father Peter Gallant master of ceremonies. The deceased was a member of the C.M.B.A. and Knights of Columbus, and both of these Societies paraded from their hall to the church, where they joined the funeral procession to the cemetery. A special train came from Summerside with the C. of C. and C.M.B.A. and friends of the deceased. The pall-bearers were Messrs J. DesRoche, Joseph Lecky, Dr Delaney, Fidelle Arsenault and Clement Perry. The late Mr DesRoche was a well known resident of Miscouche, where he carried on a successful mercantile and shipping business for a number of years until laid aside by sickness a few years ago.—X.

—THE LATE B. H. GODKIN.—Citizens will be shocked and saddened this morning on learning of the death of Mr Benjamin H. Godkin, one of Summerside's best known and most highly esteemed citizens, which event occurred at 10.30 last night after an illness of only a few hours. On Wednesday he was stricken with apoplexy and after a very brief interval lapsed into unconsciousness, from which he never recovered. The deceased conducted for many years a successful jewellery and watchmaking business, first in partnership with his brother, George Godkin, under the firm name of Godkin Bros. On the appointment of his brother as Collector of Customs the business was continued under the old name, with the deceased as senior partner. He was a man of sterling integrity, upright and honourable in all his dealings, and in his death Summerside loses one of its very best citizens. He was sixty-one years of age and leaves to mourn his widow, one son, Heartz, and one daughter, Miss Roberta; also four brothers, George, Collector of Customs, Summerside; John, of Charlottetown; William, of Summerside, and Lemuel, of Cornwall, and three sisters, Mrs Silver, Woburn, Mass.; Mrs Palmer, Malden, Mass.; and Mrs Jasper Pickard, Charlottetown. He was a prominent member and Past Master of King Hiram Lodge A.F. & A.M.; also a member of the Oddfellows, Forester and Knights of Pythias Lodges. To his sorrowing widow and children, and his bereaved relatives the Guardian tenders sincere sympathy.

—MESSRS SYDNEY Richardson, St Eleanor's; Urban Gillis, Miscouche; John Baker, New Annan, were among the visitors to Summerside on Thursday.—H.

—MR Harry O'Brien, Elmsdale, has purchased a very suitable property in Alberton, where he will establish a trotting park. It is now expected that the west will regain the position of producing speedy horses.—H.

—AMONG the visitors to Summerside on Wednesday were: Messrs H. W. Turner, O'Leary; J. D. Kennedy, Kensington; Lemuel Hayden, Elmsdale; E. M. Gallant, St Chrysostome; Bruce Barlow, Wellington; James J. Johnston, barrister, Charlottetown; and Benj. McPadyen, Kensington.—H.
