CELLAR FLOODED—The Silby engine was called out yesterday to pump water from the cellar of the Tombs building at the corner of Queen and Water street. The engine worked long and steadily, but not until late in the afternoon was there a very noticeable decrease in the water level in the cellar. The flood is presumed to have started from a defective water main.

THE CAR FERRY—The Car ferry left Borden yesterday at 2.15 p. m. without passengers but with a heavy cargo of freight. She left Tormentine at 4.45 with passengers, mail and freight, arriving at Borden at 6.10. The ferry from the city, connecting with the Summerside train, having arrived at 6.10 p. m., the ferry left again at 7.20, making two round trips, carrying two loads of passengers to the Province and one inward, besides mails and 10 standard cars of freight (or 20 Island cars).

WEDDING BELLS—Announcement is made of the marriage of Miss Jennie Bell, daughter of Mr. and Mrs. Robert Bell, Winnipeg, to Leonard W. Newsom, Manager of the Bank of Commerce, of Blaine, St. Pranch of the Canadian Bank of Commerce. The ceremony was performed by Rev. W. L. Armstrong, Stratbrook Ave., on Wednesday, Jan. 23. The bride was attended by Miss Ethel Brockest, while Mr. Stephen Ogg acted as groomsmen. Mr. and Mrs. Newsom have taken up their residence at Suite 6, Prince Rupert Court, Winnipeg Free Press. (Mr. Newsom above referred to is the youngest son of Mr. and Mrs. Peter Newsom, Charlottetown. The Guardian extends hearty congratulations.)

THE TRAINS—The heavy snow storm yesterday morning tied up work on the P.E.I.R. considered, no trains leaving the depots until noon, when the weather had cleared somewhat. The train for Borden left the City at 12.20 noon and arrived at Borden at 6.10 p. m. The Summerside train, Charlottetown-bound, left at 3.30 p. m., connecting at Emerald with the Charlottetown train bound for Borden. The Summerside train reached the City last night at 7.50, after a heavy fight, and left again on return west at 9.45 p. m., with two engines, plough and flanger, as the track is very heavy. The Murray Harbor train started at noon, reached the city at 4.05 and left again at 6.45. The Express train started at noon took on passengers and freight at Souris, reached the City at 6.30 p. m., and left on return at 8.15, connecting with the Georgetown train on both trips. The Tignish train did not leave until 3.45 p. m., as the storm was exceptionally severe in the western end of the province. At 10 p. m. she was at Port Hill and was expected to reach Summerside at 11.30. This morning two engines, plough and a snow fighting crew will be sent to Borden to clear the line along the Cape Traverse branch.

A. AND N.V.A. MEETING—A large and enthusiastic meeting of the Ladies' Auxiliary of the Army and Navy Veterans' Association was held on Saturday afternoon in the club rooms in the Market Hall. The attendance was over sixty, and many new members were enrolled. It was decided to hold an afternoon tea, with a musical programme, on Monday, February 11th, in the club rooms, the proceeds to go towards providing furniture and comforts for the room. It was also decided to provide refreshments for the soldiers at an evening smoker which the club intends holding on February 11th, for all returned soldiers who can come, whether members or not. A resolution of condolence to the Lieutenant-Governor on the death of his wife, one of the patronesses of the Auxiliary, was unanimously passed.

A SOLDIER'S DAY ON ACTIVE SERVICE

Mr. Alfred E. Dalton, of Glengarry, has received the following letter from a friend and neighbor over in France, who is doing his bit:—

Dear friend Alfred:—Yours of Nov. 8th reached me in the trenches about two weeks ago, very glad to hear from you and that you were all well. As you are my heartiest congratulations on the birth of your son and heir. Sorry to hear that the crops are poor, but trust that the high prices will make up for the light crops. As you will have heard before you get this I am in France, having landed on the 29th Nov. I have had two tricks in the trenches, one of six days and one of four and we are now down the line for a month's rest but are in parade from 8 a. m. to 1 p. m. without a break and shining and brushing the rest of the time, so it is not much of a rest. As to how I feel about coming to grips with the Germans you can judge by the fact that I gave up my single stripe and a good chance of more to get over here. My own guess last spring that I would be here by Sept. last would have been about right only for being so long in quarantine. We are having real cold weather here now and have about eight inches of snow for nearly a week now, but I think it will soon rain and take it away, of course it is not as frosty as the coldest we have in Canada but the air is so damp that it feels just as cold and then we are standing around so much, and get our feet wet in the snow and have no chance to dry them. We are billeted in a barn, but not a nice one. Like on P. E. I., the floor is just earth and the walls of earth and straw, and it is pretty cold in the day time, but fairly comfortable when we get under

the blankets at night. We get up at 6 a. m., breakfast at 6.30 and fall in for parade at 7.45 and are not dismissed till one p. m., dinner at 1.15 and unless there is some special parade we are free till the next day, but must be in billets at 8.45 p. m. Anyone reporting sick must parade at 6.45 a. m. dressed for parade, which means in battle order with full equipment rifle, trenching tool, steel hat, two gas masks, water bottle, and haversack on the back with mess tin strapped to haversack. So unless one is very sick, indeed one is not likely to report sick. Still even at that the few who do report mostly get medicine and duty or simply duty, and have to parade with the company, fortunately I have never been sick. Our Christmas dinner came off yesterday. It was pretty good at the beginning, but the waiters and I who was assistant door keeper got stung. All we got was cold ham and tongue and a cake of Maple sugar. There had been soup, potatoes, plum pudding and tea, nuts and fruit.

We had a nice bath and change of clothes today, marching about 5 miles to and from the baths, that was in stead of the regular parade today. I don't know much about how the war is going now, but I imagine there is not much doing just now. Now I guess I had better close with best wishes for Jessie and yourself. I remain your friend.
