The race-course is situated right along the Railway thus saving patrons, who come by rail, any additional expense or travel after leaving the train. Competent judges claim this to be one of the most convenient race-courses of which our Island can boast. We, herefore, bespeak for Mr. Ranahan the support and patronage which his energy and his sportsmanlike zeal deserves. 1147-6-23M1i.

ANOTHER VICTORY

Help the Soldiers Who Helped You at Coulotte.

At Coulotte on the outskirts of Lens, a veteran Canadian Division forced the enemy back 800 yards on a mile front. It was another striking success for Canadian arms. The war record of the Dominion has astonished the world. If the spirit which animates the soldiers animates the whole country, there will be no falling off in the future. But the war must be fought on the financial line as well as the firing line. Hundreds of millions have already been spent by the Dominion. More hundreds are needed. Every dollar you can spare is essential to your country's needs. National thrift, national saving and national contribution to war loans will be a tremendous factor in winning the war. The Government's National Service appeal is made to every individual. It opens a road to service to every man and woman in the country. All can do their bit. They must do it. You must do it. Save your dollars and lend them to the nation. Buy War Savings Certificates. B-5.

WIFE OF SEA CAPTAIN KIDNAPPED BY SUB.

NEW YORK—According to Capt. Charles E. Pennewell, of Philadelphia, who has arrived here, commanders of German submarines frequenting the Mediterranean, are not only shooting the crews of the steamships they destroy, but in at least one case the wife and fourteen-year-old daughter of one sea captain were kidnapped by a U-boat commander.

The captain reported that an American Consul at a North African port had told him he had been informed on good authority that thirty members of the crew of a British steamship had been deliberately shot in their lifeboats after the vessel had been sunk by the submarine.
