

HUERTA HAS NOT RESIGNED

(Canadian Press.) MEXICO CITY, Oct. 19.—Provisional President Huerta has not resigned, nor has he fled from the capital. When seen at the National Palace this afternoon he said he had no intention of doing either. "When I resign," he said, "it will be to seek a resting place six feet in soil. When I flee from the capital it will be to shoulder a rifle and take my place in the ranks to fight rebels." This was his answer to queries as to whether there was any foundation for the reports which were freely circulated in the capital and found their way to the United States. Huerta looked the picture of health and energy. Attired in dark sack suit, he greeted the associated press correspondent. Showing him to a seat he asked for a cigarette and listened to an explanation of the motive for the visit. "So it is reported I have fled," he said; "you can see for yourself I am here at my post. To say I have resigned or intended to resign is absolutely false. I have no intention of resigning. Should the elections, which will be held as I have promised, indicate another for the Presidency I shall step aside. Until that time you will find me complying with my promises to the nation to reestablish peace within, if possible but to reestablish peace." "Another thing," said he, "I have money for my requirements. Don't think that 'I haven't. Where did I get it? My secret," he responded, tapping his chest with a satisfied smile, "but I have it."

PRINCE ARTHUR FOR NEW OFFICE

LONDON, Oct. 18.—The Daily Graphic reports that Prince Arthur of Connaught is soon to resign his commission with the Scots Greys to take a position on the war office staff.

BIG CATHOLIC MISSIONARY CONGRESS

BOSTON, Mass., Oct. 18.—Few events in the history of the Roman Catholic Church in America have ever brought together so many prelates, bishops and members of the hierarchy as the second American Catholic Missionary Congress, which is to have its formal opening in this city to-morrow. The congress will continue four days. It will be held under the auspices of the Catholic Church Extension Society, which was founded in Chicago on October 18, 1895, and incorporated under the laws of Michigan in December of the same year. The founders were Archbishop Quigley of Chicago, its chancellor, and Dr. Kelley, then of Michigan and now its president. The first congress was held in Chicago five years ago. The second congress was to be held in Boston two years ago, but was postponed on account of the Eucharistic Congress held in Montreal in that year. Recognising the importance of a vigorous extension of the missionary work of the church, the Holy See appointed the Most Reverend John Bonzano, D. D., Archbishop of Mitylene and Apostolic delegate to the United States, as his special pontifical delegate to this congress and also sent as another representative, Monsignor Tiberghien, canon of St. John Lateran in Rome. How great the interest is which the Church takes in the missionary propaganda of which this congress is an exponent, may be inferred from the fact that nearly one hundred archbishops, bishops, abbots and other high dignitaries of the Roman Catholic Church have come to Boston from all sections of the United States and Canada, from Mexico and even the far Philippine Islands, to attend this gathering. Among those who will take part in this congress, in addition to those already mentioned will be archbishops Cardinal O'Connell, of Boston; Quigley, of Chicago; Blank, of New Orleans; Bruchesi, of Montreal; McNeil, of Toronto; Christie, of Oregon City; Legal, of Edmonton, Alta.; Mesmer, of Milwaukee; Pitaval, of Santa Fe; Prendergast, of Philadelphia; Gillow, of Oaxaca, Mexico; Allen, of Mobile, and bishops Ganewin, of Pittsburgh; Schrems, of Toledo; Muldoon, of Rockford, Ill.; Byrne, of Nashville; Corrigan, of Baltimore; Currier, of Matanzas, Cuba; Donahue, of Wheeling; Dunne, of Peoria; Fallon, of London, Ont.; Dougherty, of Jaro, P. I.; Fox, of Green Fay; Gallagher, of Galveston; Garrigan, of Sioux City; Garvey, of Altoona; Glorieux, of Boise; Granon, of Tucson; Jones, of Port-au-Prince, Haiti; Kelly, of Savannah; Kenny, of St. Augustine; Lalupelle, of Temiskaming, Ont.; Lenihan, of Great Falls; LeRoqueux, of Sherbrooke, Que.; Lillis, of Kansas City; Lynch, of Dallas; Matz, of Denver; Meerschardt, of Oklahoma; Morris, of Little Rock; Morrison, of Antigonish, N. S.; Maes, of Covington; Mathieu, of Regina, Sask.; Northrup, of Charleston; Nunez, of Zamara, Mexico; Nussbaum, of Corpus Christi; De Oca, of San Luis Potosi; O'Dea, of Seattle; O'Connell, of Richmond; Pascal, of Prince Albert, Sask.; Power, of St. George, N. F.; Shaw, of San Antonio; Wilson, of Lincoln; Ward, of Leavenworth; and numerous others. The congress will open to-morrow with a pontifical high mass at the Cathedral, with Monsignor Bonzano as celebrant. The sermon will be preached by Cardinal O'Connell. On Sunday evening all the 200 pulpits of the churches of Greater Boston will be filled by special preachers, who will dwell especially upon the importance of mission work. At the Cathedral Archbishop McNeil, of Toronto, will officiate and Bishop Fallon, of London, Ont., will deliver the sermon. The actual session of the congress will open at Symphony Hall on Monday morning. Cardinal O'Connell will preside and, if necessary, an overflow meeting will be held at Horticultural Hall. The afternoon session will be in charge of the Rev. Joseph McGillichey, of Boston, who is at the head of the foreign mission section. K. On Tuesday there will be two sessions. The morning session will be under the direction of Rev. Francis C. Kelley, of the home mission section, while the afternoon session will be presided over by Bishop Muldoon, of Rockford, Ill., who will speak in detail on the immigration problem, which is considered of the greatest importance. At the morning session on Wednesday Bishop Canavin, of Pittsburgh, will speak on the difficulties of missionary work and in the afternoon session Bishop Dougherty, of Jaro, Philippine Islands, will discuss special activities in the foreign missionary field and Archbishop Gillow, of Oaxaca, Mexico, will speak on the Mexican immigration problem. On Wednesday evening the congress will be brought to a close with a number of mass meetings, at each of which an archbishop or a bishop will preside. The principal meeting, at Symphony Hall, will be presided over by Cardinal O'Connell.

CONDENSED ADS TOO LATE FOR CLASSIFICATION

One cent per word each insertion in this column. Cash must accompany order. Minimum charge twenty-five cents. WANTED AT ONCE A MAID. Apply 106 Hillsboro St. 2208-10-20M31pd. FOR SALE SEVERAL DRIVING horses. Apply Robins Livery Stable, Kent Street. 2152-10-17M1. WANTED—A GILL. GOOD WAIVER and no asking. Apply 112 North River Road, Brighton. 2209-10-20M31. PIN BOYS WANTED. Pool Rooms in connection. Clean Modern. Comfortable. Open from 10 a. m. till 11 p. m. Brush away dull care and have a game. 2162-10-17M1. THE UNDERSIGNED OFFERS FOR sale 30 acres of land situated at Murray Harbor, Lot 64. 15 acres well covered with soft wood, convenient for shippers, 1 of a mile from railway station, an ideal spot for fox ranching. For particulars apply James H. Sharan, Murray Harbor. 2204-10-20M31pd. Minard's Liniment Relieves Neuralgia. Minard's Liniment Cures Diphteria. Minard's Liniment Cures Colds, etc.

MAN DROWNED IN EGMONT BAY

The British schooner Adonis came into Charlottetown Saturday afternoon about 3 o'clock with her flag at half-mast, having lost one of her crew overboard in Egmont Bay on the night of October 15th. The schooner, which hails from Windsor, N. S., came into this port in quest of a man to complete her crew. She was bound from Bathurst, N. B., for New York with lumber and sailed into Egmont Bay on Wednesday night for shelter. She was lying at anchor and had a lead line overboard to indicate whether or not she was drifting. The deceased, Phillip Guetton, was alone on anchor watch between 16 and 11 o'clock. When the captain, who had seen him only half an hour before, came on deck to speak to him the man was missing. The ship was searched but no trace of him could be found. It is supposed that while handling the lead line he in some way dropped overboard. As the sea was running heavy it was not considered safe to lower a boat and nothing further was seen or heard of the unfortunate man.

GERMAN BATTLE MONUMENT DEDICATED

LEIPZIG, Oct. 18.—It is estimated that a quarter of a million spectators today witnessed the exercises at the dedication of the colossal monument erected on the battlefield of Leipzig to commemorate the centennial of that historic conflict involving the nations of Europe. Speeches were made by the German Emperor and by representatives of Russia, Austria, Sweden and the various German states.

ST. PAUL'S MISSION

At the concluding Bible lesson given by him at St. Paul's on Sunday afternoon the Rev. Cannon Howitt preached from Revelation 6, 7, and 8. He spoke of the analogy there was between sowing and reaping in the natural and spiritual worlds, pointing out the fact that man was always sowing something for either evil or good. It therefore behooved everyone to ask himself the question, what sort of harvest he expected. Some times man allowed habits to form in his nature which might easily be uprooted at first but which once allowed to mature became almost insuperable. Man was sowing also when he exposed himself to surrounding influences which would be harmful if allowed to be carried out. The speaker quoted the case of a man who from playing a game of cards developed into a professional gambler and finally ended by causing the insanity of his mother through his folly. Life, therefore, became a very solemn thing; man lived not only for the present but for the future. The Canon then went on to distinguish between the different kinds of "sowing" according to the scriptures, and the results and harvests, and related several very interesting incidents in real life in illustration of his arguments. Cannon Howitt's addresses during the entire week have been not only exceedingly well delivered but also very instructive, and he leaves Charlottetown to-day with the assurance that his edifying discourses have been taken advantage of.

CANAL IS WORKING

PANAMA, Oct. 18.—The first lockage at the Pacific end of the canal occurred yesterday, when the ship Miraflores, three barges and two other craft were raised together through the west flight of the Miraflores locks from the Pacific entrance of the channel to the surface of the Miraflores Lake, 36.82 feet above the sea level. The lockage was made without a hitch, all the machinery working with the same precision as obtained in a similar operation at Gatun Locks recently. The passage of the vessels was begun shortly after eleven o'clock in the morning and consumed an hour and a half. The engineers have succeeded in obtaining mastery over the Cucaracha slide to the extent of getting a fair-sized stream of water through the lower section of the cut.

PREST. LYNCH IS AGAINST DOING AWAY WITH THE WORLD'S SERIES

NEW YORK, October 17.—President Thomas J. Lynch, of the National League, has lined up with President Ban Johnson, of the American League, in the stand the latter recently took in opposition to the suggested abolition of the world's championship series in baseball. It has been quoted as August Herrmann's scheme to do away with the world's series, in which all of the major league clubs might participate, but President Lynch does not agree with the chairman of the National Baseball Commission in this idea. President Lynch said: "The world's series today is the biggest event in American sports and arouses country-wide interest. An inter-club affair would be so long drawn out that interest would lag and the games would become merely local contests, instead of national importance."

ELOPED WITH HER CHAUFFEUR

(Canadian Press.) PRESCOTT, Ont., Oct. 19.—Miss Helen Loveland, the 18-year-old daughter of one of the most prominent merchants, of Gouverneur, N.Y., and Ray Fosgate, chauffeur, were quietly married here yesterday by Rev. K. W. Barton, after having eloped in the Loveland family automobile. The bride's parents are protesting.

THREE YOUNG MEN IN GRAVE CHARGE

(Special to The Guardian.) NEWCASTLE, Oct. 19.—Joseph and James Collins and Walter Preston, were arraigned before Justice Malby on information of I. C. R. Detective Trenholm, charged with throwing on the railway the sleeper which nearly caused the wreck at Jones crossing on October eight. The evidence of Conductor Stevenson and Driver Thompson was taken. Neither had seen the three accused in the vicinity of Newcastle. In the evidence it was said that while watching Derby Jct. temporarily, while repairs to bridge was going on at night, Preston came around one evening with two other young men unknown to him. The hearing was adjourned till Tuesday.

SENATORS BY WHOLESALE

(Canadian Press.) ROME, Oct. 19.—King Victor Emmanuel had appointed thirty new senators, including eighteen former deputies who were not candidates at the last election.

\$120,000 FIRE IN ONEIDA, N.Y.

(Canadian Press.) ONEIDA, Oct. 19.—Fire that was brought under control tonight after it had burned for several hours, caused a property loss of approximately \$120,000. The fire started in a paint store.

WILL MARITIME HOCKEY LEAGUE GIVE UP?

HALIFAX, Oct. 16.—It is announced in hockey circles, though not officially, that Halifax will not have pro hockey this year, which practically means that the M.P.H.A. will be a thing of the past, or for this season at least. The Isnor brothers who have been backing the Socials, claim it is a losing proposition, and they are about ready to give the promoting end of it the go up. On the other hand, however, the Crescents have new backers who seem to be anxious to get into the ring. The fact that Sydney and New Glasgow are the only two teams besides Halifax to be in the league seems to be the principal trouble, as interest will not run so high. Moncton, although causing a commotion at times, were the whole show in the M.P.H.A., and it is felt that without the Railway City the league will fall flat. President Lithgow will hold the annual meeting in a few weeks and it will likely be one of the most important in the league's history.

PRINCE ALEXANDER A LIKE-CANADIAN COMMANDER

LONDON, Oct. 16.—It is expected, says the special correspondent of the Star, that Prince Alexander of Teck, brother of the Queen, will accept a command in the Canadian Cavalry Brigade. I understand that the suggestion has been approved in the highest circles. Prince Alexander, whose wife was Princess Alice of Albany, is 39 years of age. He is a Major in the 2nd Life Guards, late Captain with the Hussars and Royal Horse Guards, and served with distinction in Matabeleland in 1896 being mentioned in despatches and receiving a medal. Prince Alexander also served in South Africa in 1899-1900, was again mentioned in despatches and obtained the Queen's medal with five clasps, and the D. S. O. He was engaged in the relief of Kimberley, was at Paardeberg, Poplar Grove, Driefontein, the relief of Mafeking and at Colesberg.

DALHOUSIE IS TURNED DOWN BY MCGILL

HALIFAX, Oct. 18.—The following taken from the Montreal Star is a pretty fair account of the transactions between Dalhousie and McGill. McGill's English Rugby team is in an awkward position. Last season McGill's team invaded Halifax and played the Dalhousie College team. The trip was made with the understanding that Dalhousie play a return game at Montreal this fall. "The Nova Scotians commenced to prepare early for this game, and had made many preparations for the trip. All arrangements but the date were made; but much to the surprise of Dalhousie, a telegram was received by Captain Hardy Pines from Manager Busby, of McGill, stating that the Montreal team could not provide the guarantee, but might be able to arrange with some other local team for a game. The Dalhousie authorities are much displeased, for they guaranteed McGill a certain sum of money to visit Halifax last year, and take the stand that the local collegians should adhere to the agreement made at that time, that Dalhousie he given a guarantee to play the return match this fall. "The faculty of Dalhousie does not favor sending the team here to play any other team but McGill. "The curtailing of expenses by the McGill A. A. in the English Rugby department is responsible for Dalhousie's turn down." The article is headed "Dalhousie Rugbyists Displeased," says the Herald. Well, they certainly are. Dalhousie went to a lot of trouble and a good deal of expense to bring McGill down last fall. They lost money on the game and the main idea was the promotion of rugby between the colleges but chiefly in Montreal where it is in an incipient stage. The boys of course were not altogether altruistic in the matter, they like to see Rugby boom, but they were looking forward to a trip to Montreal and can't altogether have the idea knocked on the head without a murmur. They lay no blame on anyone connected, but it looks as if the McGill people took the long end of the deal last year on the chance that all would be rosy this season.

MONTREAL JEWS MAKE PROTEST

(Canadian Press.) MONTREAL, Oct. 19.—A resolution protesting against an attempt made in the city of Kiev, Russia, to revive the hideous charge for the Ritual murder known to have been a blood accusation against Judaism and the Jewish people, was unanimously adopted amidst frantic cheers at a mass meeting of three thousand Hebrews this afternoon.

RAILWAY EMPLOYEES IN CONVENTION

(Special to The Guardian.) HALIFAX, Oct. 19.—The convention of the Canadian Brotherhood of Railway Employees was brought to a close Saturday. A strong resolution was passed and forwarded to Minister of Labor Crothers asking better treatment for the Brotherhood. Delegation officers were selected as follows: Grand President, A. H. Mosher, Halifax; Grand Vice President, Murdoch McLeod, P. E. I.; Grand Secretary and Treasurer, W. M. McLean, Halifax. The next meeting will be held in Montreal, October 1914.

GRAIN DEALERS TO SEE CANAL

NEW ORLEANS, La., Oct. 18.—Two large passenger liners chartered by the National Grain Dealers' association departed today for Panama. Each vessel was loaded to capacity. The grain dealers will spend two days on the Isthmus. On their return they will visit Port Limon and San Jose, Costa Rica.

GLAD TO KEEP INCH IN SERVICE OF LINE

NEW YORK, Oct. 17.—The unwritten but almost inexorable law of the sea which bars a captain who loses his ship from being given another command, will not be applied to Captain Inch, of the Voltorno. The officials of the Uranium line, made it known today that the heroism of the young shipper—his desperate, though losing fight to save his vessel, and the brave part he played in the battle which resulted in the saving of such a large proportion of the Voltorno's passengers and crew—will preserve him from the fate of many a master whose ship the sea has claimed. "The line needs me like inch," said Manager Thomas today. "He will be given another boat to command and we will be glad to keep him in our employ." All the officers and crew of the lost Voltorno, brought to this port by the steamers Grosser Kurfuerst and Kroonland, excepting Captain Inch, will sail for England tomorrow on the Oceanic, of the White Star line. They are going back to attend the inquiry into the disaster conducted by the English board of trade. Captain Inch will stay here until he has recovered from hardships and injuries. He will sail Wednesday on the Mauretania. The Cunard line today notified the Uranium Steamship Company, Captain Inch's employers, that the best suite on board would be reserved for her heroic commander. His bravery warrants for him the best treatment that can be accorded, said General Manager Chas. Sumner, "and the invitation extended by the Cunard line is appreciation of the fearless work done by him in the face of death." The survivors who sail tomorrow include ten of the Voltorno's officers, among them Second Officer Edward Lloyd, Third Officer Walter Disselmann, six engineers and two wireless operators. General Manager Edward O. Thomas, of the Uranium, company, said today that there would be no investigation in this country either by the company or the government.

PRESIDENT TO SEE MANEUVERS.

WASHINGTON, D. C., Oct. 18.—President Wilson and a small party of navy men and officials departed on the naval yacht Mayflower today for a short cruise off the Virginia coast. The purpose of the trip is to give the President an opportunity to witness the target practice and maneuvers of the Atlantic battleship fleet.

MAKING THE MOST OF A ROOM.

It happens so often that a room is positively irritating where as it should be cheery and inspiring as far as its natural advantages of sunlight, windows, room-space and the like are concerned. It all comes from carelessness in arranging furniture. Because a box or table happens to be the same size as a window embrasure is no excuse for depriving one of the pleasures of an arm-chair in this same window space. The trunk does not need light and air and the inspiration of out-of-doors and the owner does.

ENGLISH LADY WINS IN GOLF

(Canadian Press.) WASHINGTON, Oct. 19.—For the third time in five years the Women's National Golf Championship has been won on the course of the Wilmington County Club. Miss Gladys Ravenscroft of Bromough Club, England, a former champion of Great Britain defeated Miss Marion Hollis of Westbrook, Long Island, this year's metropolitan title holder by two up after a sharp contest. The match was interesting from start to finish. Both players were nervous at different periods but Miss Ravenscroft was the steadier of the two. Miss Hollis, feeling the responsibility of trying to keep the American Championship at home, played a very plucky game. She got into frequent trouble making bad drives but would come up strongly and get into the game with shots which won applause. She could not, however, take advantage of the bad breaks by her English rival. Notwithstanding the fact that Miss Ravenscroft at several periods was off her game, she covered 18 holes in 86, the best score of the tournament. Miss Hollis' total score was 91. The prize now goes to England which was held by Miss Margaret Curtis of Boston, who won the national title in 1911 and 1912. Miss Curtis entered the 1913 championship but was defeated in the first round last Tuesday by Miss Painter of Chicago. Prior to Miss Curtis the American Championship was held by Miss Dorothy Campbell, a Canadian and a former British champion, who won it in 1909 and 1910.

PROPOSAL FOR NAVAL HOLIDAY

(Canadian Press.) LONDON, Oct. 19.—Addressing a great Liberal meeting at Manchester to-day, Right Hon. Winston Spencer Churchill, First Lord of the Admiralty, expressed, on behalf of the admiralty and navy, keen sorrow for the Zeppelin disaster. He proceeded to comment on the diatribe occasioned by the expenditure on naval armaments which, he said, was higher than ever. While next year it will be higher still, it is the intention to keep within the narrow limits the serious misdirection of human energy involved in this and other countries in preparation for war. But if existing burdens were to be relieved there must be an international agreement. Our relations with Germany are greatly improved, said the speaker, and the moment ought not to be unfavorable for taking up a friendly reference of the question of a naval holiday. The proposal I put forward in the name of His Majesty's government is quite simple. Apart from the Canadian ships or their equivalent for anything that will be required by new developments, we should lay down four great ships and Germany two. Now we say in all friendship to Germany, "If you will postpone building two ships for twelve months we shall postpone four ships for the same time."

NEW JERSEY TOWN 200 YEARS OLD

HADDONFIELD, N. J., Oct. 18.—Haddonfield, one of the most historic towns of New Jersey and the seat of the State government for a short period during the Revolution, today celebrated the 200th anniversary of its founding. As a feature of the programme a tablet was placed near the grave of Elizabeth Haddon, an English Quakeress who was one of the first settlers here and in honor of whom the town was named.

RAILROADS LOADED WITH EXPORT CATTLE

TORONTO, Oct. 18.—With the free entrance of cattle to the United States, the railroads are feeling the effect of the Wilson tariff bill, and the officials are happy. "I don't know where all the cattle is coming from," said a Grand Trunk traffic man today. "All the farmers are hustling their live stock over the border. Business has nearly doubled. The farmers are shipping anything with skin on, even if there is hardly any beef on them." "We have handled 420 cars of cattle through Toronto since Sunday, and they were all headed for the border. Sunday 210 cars were handled, Monday 85 cars were shipped, and yesterday we took care of 125." teacher and interpreter of religious truth. If we drift away from the Spiritual we lose our grip upon the supernatural.

REV. R. O. MORSE, SUMMERSIDE, OPENED THE DISCUSSION.

He contended that the membership of our churches should be spiritual as well as the ministers. Like members, like ministrations was a fact. The subject was thoroughly discussed by the ministers. The large and beautiful auditorium was filled with people for the evening service. A large choir rendered fine music, accompanied by a rich-toned Cassavant organ. Rev. F. S. Porter, M. A., B. D., Pastor of the German St. Baptist Church, St. John, N. B., gave the address of the evening. His subject was a timely one, "The Church and the Changing Era." He referred to the sign seen over a church door, "This is the Gate of Heaven," and underneath in larger letters, "Go around the Other Way." "Too many regard the church to-day. The church is the organized 'Christianity' today. Where does the church stand the midst of modern revolution and turmoil? What is her permanent labor and function? It is a biological subject because it deals with life. If the church is to survive she must conform to the new environment. It is a correspondence of method. The root problem is the old-fashioned one of sin. There has been a breakdown in the old-fashioned doctrine of individualism. Collectivism holds sway to-day. Jesus Christ is the key to the complex situation. The church never had such a glorious opportunity. If in her golden age, if she will use the name of Jesus as she should for the uplift and salvation of men. Rev. A. F. Newcomb spoke a few words for the British and Foreign Bible Society. He is soon to retire from the secretaryship of the Bible Society to become pastor of the Brunswick St. Baptist Church, Fredericton, N. B., and he took this occasion to thank the Baptists of the Maritime Convention for their help in distributing the word of God. The Maritime Baptist Convention proper had its first session. All meetings before this were preparatory to this great meeting. Rev. W. C. Goucher, D. D., St. Stephen's, N. B., President, occupied the chair. After devotional exercises the rules of order were read and the Nominating Committee was appointed. Minard's Liniment Cures Distemper.
