

Going for Chamberlain's Colic, Cholera and Diarrhoea Remedy.

Don't put yourself in this man's place, but keep a bottle of this remedy in your home. There is nothing so good for Colic, Cholera Morbus, Dysentery, and Diarrhoea. It is equally valuable for Summer Complaint and Cholera Infantum and has saved the lives of more children than any other medicine in use.

NO CURE NO PAY

If MacNeill's Eczema Lotion fails to cure any case of eczema it will cost you nothing; if it cures only 25c. It has cured hundreds of cases. Why not try a bottle. Good for any skin trouble. Sold only by

CLOSING EXERCISES AT MOUNT ALLISON UNIVERSITY

The Closing Exercises of that Seat of Learning in New Brunswick.—The Excellent Work Done by the Students During the Past Year.—The Different Events of the Week.

(From our Special Correspondent.) SACKVILLE, N. B., May 31 Tonight Mt. Allison closed in many ways

DISFIGURED WITH ECZEMA

Under Physicians Five Months. Went from Bad to Worse.

CURED BY CUTICURA

Wonderful Change in One Night. In a Month Face Was Clean as Ever.

"I was troubled with eczema on the face for five months during which time I was in the care of physicians. My face was in such a condition that I could not go out. It was going from bad to worse and I gave up all hope, when a friend of mine highly recommended Cuticura Remedies. The first night after I washed my face with Cuticura Soap and used Cuticura Ointment and Cuticura Resolvent it changed wonderfully, and continuing the treatment it removed all scales and scabs. From that day I was able to go out, and in a month my face was as clean as ever."

THE ABOVE LETTER WAS RECEIVED IN 1893 and he again writes us Feb. 19, 1903, "I have not been troubled with eczema since."

The agonizing itching and burning of the skin as in eczema; the frightful scaling, as in psoriasis; the loss of hair and crusting of scalp, as in scalded head; the facial disfigurement, as in pimples and ringworm; the awful suffering of infants, and anxiety of worried parents, as in milk crust, tetter and salt rheum—all demand remedy of almost superhuman virtues to successfully cope with them.

That Cuticura Soap, Ointment and Resolvent are such stands proven beyond all doubt. No statement is made regarding them that is not justified by the strongest evidence. The purity and sweetness, the power to afford immediate relief, the certainty of speedy and permanent cure, the absolute safety and great economy have made them the standard skin cures of the civilized world.

BOWELS, Digestive Organs. Regulated and rendered healthy and active by an occasional dose of MCGALE'S BUTTERNUT PILLS. For Sick headache, Bilious attacks, Constipation; Feul and Disordered Stomachs they have no equal. FOR SALE EVERYWHERE, 25c PER BOX. OR BY MAIL ON RECEIPT OF PRICE.

Glenaladale Farm for Sale. THIS FIRST CLASS FARM, late the residence of John Archibald McDonald, Esquire, deceased is situated at the head of Tracadie Bay quite near to Tracadie Railway station. It contains 522 acres, of which about 200 acres are under cultivation. The soil is of excellent quality and eminently suitable for grazing purposes. It is distant from Charlottetown by road about 13 miles and fronts on the St. Peter's and Mill Cove Roads and Tracadie Bay. On the premises are a large brick residence, stables and barns, etc., under one roof, connected with the residence by a large covered passage way, giving ample accommodation for everything connected with extensive farming operations. A good carriage road extends from the ground to the lot of the barn. A large soil and manure shed adjoin the barn. These buildings are all comparatively new and of the best construction. Pure water from a never failing spring is brought to the residence and stables by underground pipes, laid by an engineer from Montreal. The wooded part of the farm lying east of the Sandhills Road will be sold if desired in lots to suit purchasers. For further particulars apply to H. J. GUNDALL, Trustee. Charlottetown April 25th, 1904. 4-27 fri & w t

the most successful year of her history. It is true she has not shone during the past year in athletics as she has done so often heretofore but of her athletic year she has no need to be ashamed. When the season for chasing the pig skin took enthusiasts into the football arena some hard work was seen upon the Mt. Allison athletic field. On the date of the annual game with U. N. B. the laurels of victory were not for Mt. Allison but she took defeat gracefully, always willing, yea always eager, to see the best men win. The yearly game with our old friendly rivals of Acadia caused much excitement. It was not thought that Mount Allison was equal in either strength or skill to former years but under the leadership of Captain Hume the team worked well and the score stood 3-3 and those so confident of victory had to return to Acadia without the victors' laurels.

Hockey in its season received considerable attention at Mount Allison during the past year great interest being taken in both the inter class and winter collegiate games. The principal game of the season was that with the team from the college in "the valley". Much interest was taken in the game with Acadia. Both teams played well but the victory lay with the Mount Allison players. The score was 11-1.

Not only have the supporters of Mt. Allison placed the score of many games to her credit but in intellectual pursuits she was shown that she is second to no college in the Provinces. In the intercollegiate debate with the U. N. B. Mount Allison downed her opponents making the debate score between these two colleges 2 to 1 in favor of Mount Allison.

The closing exercises of the different branches of the institutions of the classic Mount passed off without a hitch. The weather for the most of the time was all that could be desired. On Friday the visitors began to gather and each train brought new arrivals. The first event was the lecture by Rev. Mark Guy Pearce on Friday evening. Mr. Pearce delighted a crowded house with his tales of the quaint old Cornish people and captivated them by his eloquence.

On Saturday afternoon the annual sports of the Mt. Allison Amateur Athletic Association were held on the college field. An interesting game of base ball with the Trojans of Moncton which was won by Mt. Allison by a score of 9 to 7 was the centre of attraction. Other events were:

- 1 mile run
Pole Vault
High Jump
Hurdle Race.

A thoroughly good time was spent by all the lovers of sport who witnessed the events from the tank.

At 7.30 on Saturday evening there gathered amid the strains of music of the Sackville Cornet Band at the Ladies College, a gay crowd of youth and beauty and stately old age. The event was the annual closing reception, commonly known in Mt. Allison circles as the "Grand." Dr. and Mrs. Borden are to be congratulated on the success of their efforts to make the evening pass pleasantly. A short but spicy and well rendered program was carried out. Between the parts the band interspersed selections and all who attended spent a most enjoyable evening.

The closing Sunday of the year was auspiciously opened by the annual sermon before the Theological Union preached by Rev. David Hickey of Barrington, N. S. At 3 p. m. the farewell meeting of Y. M. & Y. W. C. A. was held at which the retiring presidents of the Association gave addresses. In the evening the Baccalaureate sermon was preached by Mark Guy Pearce, who in a short but eloquent and impressive address gave the graduating class and the rest of his hearers some practical advice by which to guide their lives.

The lawn of the Ladies' College presented a gay scene on Monday morning when at 9 o'clock about 100 girls dressed completely in white emerged from the precincts of the College to go through their physical culture drill. Many new features had been introduced by Miss Carver during the year and at many points the work of the students called forth the admiration of the spectators in loud and prolonged applause.

On Monday afternoon the Academy closed a very successful year. Principal Palmer had many interesting things to tell about the work of the year all of which pointed to success and prosperity. There were six graduates in the commercial department while ten obtained diplomas in Shorthand and Typewriting and one in penmanship. This branch of the Mount Allison institutions has been well attended during the past year and has upheld its wide reputation as a preparatory school of their set order.

In the evening the Anniversary exercises of the Ladies' College were held and passed off with the usual marked degree of success. The exercises this year were particularly pleasing to the crowded assembly which gathered to hear the farewells of the six graduates in Arts, M. L. A., one in Eloquence, four in piano, one in organ and one in violin. The ough whole program was a good one some of

the numbers deserve special mention. The essay by Miss Nina R. Bellon of St. John is worthy of note not only for its contents but for the delivery. "The Value of the Ideal" was well set before the audience to uplift and to inspire to better things. During the reading by Miss Helen Perley, "Aux Italiens," the crowd was held spellbound. The playing of the orchestra, which under the able direction of Dr. Archibald has attained a high degree of proficiency, was splendid. Probably the greatest drawing card on the program was the cantata "The Holy City" by Gaul rendered by the choral class of some 50 voices. The solo and chorus parts showed much hard work in preparation and reflect great credit not only on the participants but on Prof. Wilson who has done so much for music at Mt. Allison during the past two years.

On Monday and Tuesday mornings concerts were given by the students of the Conservatory of Music in Beethoven Hall. Each of these was excellent but the one on Tuesday was of the greater interest since the more advanced pupils were the entertainers.

On Monday evening at 9.30 the annual reunion banquet of the Alumni and Alumnae societies was held in the Ladies' College. More than 150 were seated at the tables to participate in the dinner and to listen to the speeches which followed. If Mount Allison has one thing more than another for which she is justly proud it is of her Alumni and her Alumnae. The speeches of the evening were made by Pres. of the Alumni Society, Wesley R. McCoy of Halifax, Mrs. W. W. Andrews, Cecil Killam, A. C. Borden, Dr. Andrew S. D. Scott and Mark Guy Pearce. Each of these pointed to the great extension of the work at Mt. Allison and looked forward to the greater Mount Allison of the future.

The University Convocation took place this evening. The graduating class numbered 22. Probably there has been no class in the History of the College which has had a more varied group of students. But though many branches of College life were well represented, the qualities of the student predominated. This was shown by the ably delivered valedictory address by W. P. Bell of Halifax. We are safe in saying that never before has the farewell address of an class excelled that of the class of 1904. Honors are not lavishly bestowed at Mount Allison and the diploma always signifies hard and persistent work. This year four of the class obtained honors in science, six in English, there being three first class, two second and one third in this subject, one in Philosophy and one in Mathematics. Four degrees of M. A. were conferred on R. S. Baker B. A. '00, D. M. Colpitts B. A. '03, R. G. Gates B. A. '03, G. J. Trueman B. A. '02.

One degree of B. A. (ad eundem) and B. S. (ad eundem) was conferred on Prof. Watson and Prof. Sweetser respectively. To R. O. Armstrong (M. A. '98) the degree of B. D. was given while Rev. J. A. Rogers and Geo. Johnson received D. D. and D. C. L. respectively.

With the closing of convocation their passed from the Halls of learning at Mount Allison another class to do battle with the hardships of this "wide wide world," and as other classes have done in the past we feel sure that the graduates of 1904 will do honor to their Alma Mater.

THE MARRIAGE QUESTION.

The professor who announced that "love and romance die out with the sound of the wedding bells" was the first to start the ball rolling. It would seem a brave woman who marries with this echo in her ears, yet we have not heard that there were fewer marriages during the year. There are many happy married lives, but a large percentage of these unhappy homes are due to the illness of the wife, mother or daughter.

During a long period of practice, Doctor Pierce found that a prescription made up entirely of roots and herbs, without the use of alcohol, cured ninety-eight per cent. of such cases. After using this remedy for many years in his private practice he put it up in a form that he had at any store where medicines are handled.

Backed up by over a third of a century of remarkable and uniform cures, a record such as no other remedy for the diseases and weaknesses peculiar to women ever attained, the proprietors and makers of Dr. Pierce's Favorite Prescription now feel fully warranted in offering to pay \$500 in legal money of the United States, for any case of Leucorrhoea, Female Weakness, Protrusion, or Falling of Womb which they cannot cure. All they ask is a fair and reasonable trial of their means of cure.

"FORCE" does please your palate, but it treats your stomach right, too.

Money fine. If you're going up a "dot," it probably won't be necessary to make a treaty of friendship. Just eat out a few of the stomachs and you'll try it for one week.

ALL through house-cleaning. If so, now is a good time to have your photo taken at GAUVIN, GENTZEL & Co. Photographers.

This is The Label That Proves Quality. Remember, a clerk's say-so does not make it so. Always look for the label shown above, with price as fixed by the makers; and INSIST that your suit or overcoat PROVE ITS IDENTITY, by bearing the Fit-Reform label. \$12 to \$30. FIT-REFORM FROWSE BROS., CHARLOTTETOWN.
