A HARMLESS WAY TO DARKEN THE HAIR

A Little Sage and Sulphur Makes Gray Hair Vanish—A Remedy for all Hair Trouble

Who does not know the value of Sage and Sulphur for keeping the hair dark, soft and glossy and in good condition? As a matter of fact, Sulphur is a natural element of hair, and a deficiency of it in the hair is held by many scalp specialists to be connected with loss of color and vitality of the hair.

The Wyeth Chemical Company of New York put out an ideal preparation of this kind, called Wyeth's Sage and Sulphur Hair Remedy, in which Sage and Sulphur are combined with other valuable remedies for keeping the hair and scalp in clean, healthy condition.

If your hair is losing its color or constantly coming out, or if you are troubled with dandruff or dry, itchy scalp, get a fifty cent bottle of Wyeth's Sage and Sulphur from your druggist, use it according to simple directions, and see what a difference a few days' treatment will make in the appearance of your hair.

ADDRESS AND PRESENTATION. A number of the people of Nine Mile Creek and surrounding districts met at the home of A. A. McNeill on the evening of June third. This gathering had been arranged for some time, but owing to the sad and sudden bereavement in the family of Mr. McNeill it was necessarily and fittingly of a quiet nature. It was felt, however, that such a useful and popular citizen, and such a respected family should not be allowed to leave this part of the Island without some expression of regret and of good wishes, and also as recent circumstances call for, an expression of sympathy. After a sumptuous repast Mr. T. A. Stewart was called to the chair. Speeches were made by the chairman and Donald McIsaac, John McMillan, John McLean, George Wilson, Malcolm McNeill, and Arch. McDonald. The Rev. A. C. Craige also spoke, and read the following address. MR. A. A. McNEILL.
