COMPANY DISBAND.— The Chocolate Soldier Company, that played in Charlottetown recently disbanded after their production in Calais last week. The company met with financial difficulties all through their tour and according to reports from Calais, the manager was held up for back salary by one of the members of the company just after his arrival there from Woodstock. The manager did not arrive in Calais with the other members of the company, but came on the evening train. He was met at the station by the unpaid member, who was accompanied by a police officer, armed with a warrant for the manager's arrest, and after some discussion the manager handed over the unpaid salary.

WELCOME VISITORS.— Among the visitors to the city yesterday was Mr. A. McDonald of Cambridge, Mass., who left by the afternoon train to visit former relatives and friends in St. Peters. Mr. McDonald is a leading spirit in the P. E. Islanders Club in his adopted city and takes a lively interest in everything pertaining to its welfare. He was accompanied as far as Summerside by another enthusiastic Islander. Dr. Christopher who is visiting in Tignish. Dr. Christopher is a lover of good horse flesh and in the past has owned several fast records. Although he now rides a fast motor car he is yet undecided which he likes the best a good horse or an automobile. Their friends hope their holidays of several weeks will be thoroughly enjoyed.

ACCIDENT AVERTED.—Just at the finish of the Patriotic parade last evening, as the procession was entering the Market Building, a black horse standing by Messrs Moore & McLeod's became frightened at the noise of the band and the large crowd and tried rearing in the shafts. The reinsman, in close quarters, could not control the beast, which turned towadrs the paraders and was just rearing, with the prospect of falling into the crowd, when Mr Ernest Heartz, of the Home Guard, with quick presence of mind, rushed to the beast and catching him by the bridle brought him down on all fours, and at the same time gave him the needed turn away from the people. Mr Heartz's promptness certainly averted an accident which might have been serious.

ENLISTED.—Mr Harry Bowness has joined the 63rd Battalion in Calgary. He was for four years in the United States Marine Corps, was previously a member of the 82nd Infantry of P.E.I. and later was in the 103rd. His term in the U.S. Marine Corps having expired, he came especially through to Calgary to join one of the Empire's battalions, although strong overtures were made to him to remain in the United States. He is a splendid example of sturdy manhood and is a son of Mr and Mrs H. B. Bowness, Montrose, P.E. Island.

SAD FATALITY — A sad fatality occurred in Charlottetown yesterday morning when little Haszard, the five year-old son of Mr. and Mrs. Thomas Bulbasse, Weymouth St., was burned to death as the result of an accident. About 8 o'clock the child was playing around the house, clad in his night dress only and was told to go upstairs and awake the other children. On his way upstairs he found some matches and while fooling with them set fire to his dress. His terrified cries brought his parents to his side and the fire was immediately put out, not, however, before the child had been hopelessly burnt. He was taken to the Charlottetown Hospital at abou 10 o'clock, having been seen by Dr. Ledwell, and at noon he died.

EARNSCLIFFE NOTES— Miss Florrie Shaw, Uigg, spent the week end very enjoyably with her friend, Miss Grace Cavanagh.— The school house has been nicely painted red and white by Mr. John Doyle, which makes it look like a new building. Inside, the ceiling has been whitened, and new tops have been put on all the desks. This last job has been done by Mr. James Crane. —Residents are pleased to note that road master, Mr. Ings, has placed railings on the bridges at Huggan's and Pudson's, to which reference was made in a former item; so that now there is no danger in driving over those bridges on a dark night. Mr. Ings is to be commended for this good work.— Mr. Wendelin Morrisey is improving his home by the addition of a new kitchen. His sister, Miss Flossie, Boston, is spending her holidays at her old home.

OF LOCAL INTEREST.— A Sydney boy writing home from France says: —Getting back to the dug out I was given a most pleasant surprise in the shape of a message from the battery containing the information that Dr. Pringle was up to the battery and was asking for me. Shortly after the Rev. Dr. came to the 'phone, and it was with a feeling of delight that I heard the hearty voice and bantering words of the Dr. He told me that he was feeling fine, and anxiously enquired for my father ("that grand old man" he put it) and some of my close friends home, whom he knew I would have word of. Dr. Pringle is at present attached to the 3rd Ambulance Corps, and has his hands full. His headquarters are not far distant from this battery, and although I was very much disappointed in missing him, I am going to make it a point to get down to see him. The boys were all more than pleased to see the Dr. and he made a great impression on those newcomers in the battery with whom he had not come in contact before. The only excitement during the day took place shortly after dinner when a German aeroplane was brought down by our anti-air craft guns. Unfortunately the enemy was able to land well within his own lines.

PATRIOTIC SERVICE.— A large congregation assembled in Victoria Methodist Church on Sunday evening, Aug. 1st and listened to an able and eloquent sermon by the pastor, Rev. G. M. Young. Mr. Young took his text from Detromony 7th Chap. and 6th verse and refered especially to those closing days, of the first year of the great war now raging, the position the British Empire and the Anglo-Saxon race now occupies in the world and their prospects for the future. Mr. Kenneth Dawson of Charlottetown sang two solos very acceptably and the choir was ably assisted by two old members. Mrs. Thomas B. Bell of Cape Traverse and Mrs. Jack Dixon, DeSable.

WEDDING BELLS — On July 20th there took place a pretty wedding in St. Peter's Bay Church when Mr. John J. McDonald of Pisquid was united in marriage to Miss Annie Gillis daughter of Mr. and Mrs. Duncan Gillis of St. Peters. Rev. A. McAuley performed the ceremony. The bride was attended by her cousin, Miss Regena Gillis,. whilst Mr. Aeneas A. McKinnon acted as groomsman. After the marriage the bridal party proceeded to the bride's home where a sumptuous breakfast had been provided for and which was partaken of in company with the nearest of kin. At 9.30 the happy couple took the morning train to Souris where a very pleasing dinner awaited them in Mrs. McInnis best style, after which they returned by the afternoon train back to St. Peters. In the evening the wedding party dove to the home of the groom where a number of invited guests had assembled to welcome the happy bride and groom. Mr. Lemuel Jay furnished the voilin music for the occasion and needless to say it was O.K. Dancing was indulged in till the wee small hours of the morning. Many and costly were the presents they received, showing the esteem in which they were held. Menjion must be made for the well behaved cheverie crowd whose various costumes supplied amusement to those present. After which all departed to their homes wishing Mr. and Mrs. McDonald a long and happy wedded life.

PLEASANT OUTING. — With pennants flying and gay with bunting, the combination of pleasure sloop Carrie O, Capt. Jos. Hiscott of Stanley Bridge presented a festive appearance. The occasion being an excursion and picnic to New London Harbor of about thirty Kensington and New Londoners. After making a detour outside the party landed and a camp fire was soon built the culinary end being in the hands of James Pendergast and Ed. Urch, both old timers of the trail and out door life. A real picnic spread was disposed of and later bathing parties made up, Mrs. Urch appearing in a novel though beautiful costume. When all had re-assembled on the smooth beach an athletic program was arranged by "Jim" Pendergast in which all took part. While interest was evidenced in the men's classes, which included handicap race, broad and high jump, etc. in which E. Pigeon, Stirling McKay, Ed. Urch, Dr. Simpson and others shone, the real excitement was furnished in the events for ladies. Mrs. (Dr.) Fred Jardine captured the 100 yard dash, well chased out by Gerturde McArthur, Mrs. Goss and Carrie Easter, the latter winning the broad and high jump and scoring highest all round athlete. Putting the shot was a very close contest between Miss Woodside of Vancouver, Mrs. Walter Found and Mrs. Margaret Wickens of Lawrence, the latter winning in the finals. Miss Beatrice Hughes, Charlottetown, Glen Leslie, Lottie Sims, Addie Howard and Mrs. Dr. Lockhart, contested in the obstacle race, Miss Leslie being the winner. Luncheon was then served and the Carrie O cast off, the Rounders Quartette, rendering plantation songs on the trip up the Bay.

CONDITIONS IN PRINCE EDWARD ISLAND. THE MARITIME Merchant says.—A bank inspector who had just returned from Prince Edward Island tells the "Merchant" of remarkably good conditions in that province. Eighty-six per cent., of the total land area of the Island is under cultivation and the crop prospects on that area for the coming fall are most excellent. In some quarters, owing to excessive wet weather, they are not as good as others, but on the whole the output will be very large if the remaining part of the season continues favorable. And of course agriculture is the backbone of the Island commercially. As for the fisheries, the lobster season was a short one this year, but the catch was good while it lasted. As a consequence of this plentitude the packers were able to buy lobsters at a price which promises to yield them to a profitable return. In other fisheries the Island fishermen have also done well. In agriculture and fishing together the Island will have quite the usual production of fifteen million dollars in value, which is a remarkable output for one hundred thousand people, practically all rural population. As a consequence of the good conditions prevailing there have been no failures on the Island lately. The fox industry, of course, is not in the highly prosperous state it was a year or two ago. Last year the Island government raised $37,000 taxes on the value of the increase in this industry—1 p.c. on $3,700,000. There will be nothing like that increase this year. Pelts instead of unborn pups will have to be sold now, and the market for the high class pelts will not likely be as good as it was a couple of years ago. But as a large part of the capital invested in fox companies—there were 277 of them last year—came from outside of the Island, the people over there are not as badly affected by the depression in this likely. Indeed, they do not appear to be affected much at all, and the opinion expressed by the Inspector in question is that in all probability there is no other part of the Empire that is so little affected by the present upheaval. For all that the Island is responding very well to the call for men: already seven hundred have gone to the front from this little province.
