HOPES

The News Chronicle found it "regrettable but not astonishing that the first reception of the note was cool rather than hostile."

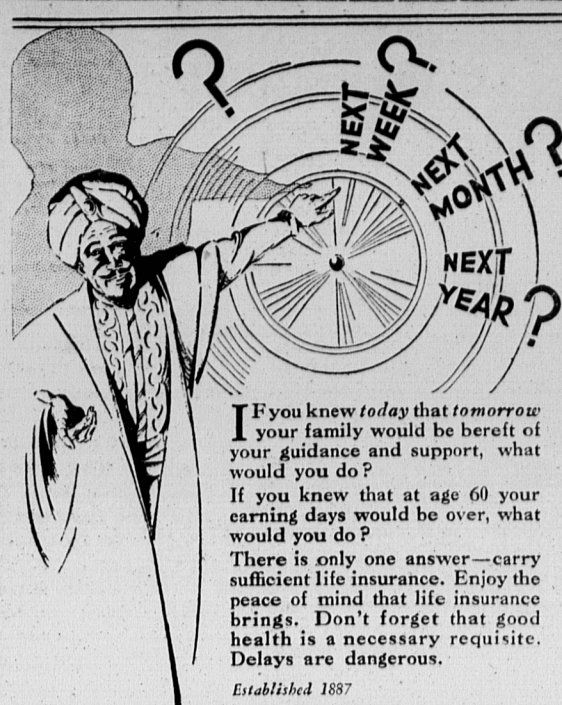

N. B. Museum Enriched By Gifts From Dr. Webster

ST. JOHN, Dec. 4.—The New Brunswick Museum described in the report made for the Carnegie Corporation of New York, as the "finest of its size in the whole world" now has displayed upon its walls the pictorial section of the Canadian collection of Dr. J. Clarence Webster, of Shediac, a unique collection which is both the largest and by far the most valuable ever presented to any museum or institution in the Dominion of Canada.

reproduced and which were held in either Government or private collections and could not be purchased. He says of his collections: "They do not cover the entire field of Canadian history, but the periods in which I am particularly interested. The mid-eighteenth century period, which relates to the conflict between the French and English, has been that period to which I have perhaps given the most attention, though I have been equally interested in Acadian history. The collection which is now in the museum is that part which is pictorial. Later, my collection of books, manuscripts and other similar material which is very important, will also come to the museum."

Continues Writing

Dr. Webster is at present continuing his historical writings. He is the president of the Historic Sites and Monuments Board of Canada and is the author of several very valuable works on historical subjects.

If you knew today that tomorrow your family would be bereft of your guidance and support, what would you do?

If you knew that at age 60 your earning days would be over, what would you do?

There is only one answer—carry sufficient life insurance. Enjoy the peace of mind that life insurance brings. Don't forget that good health is a necessary requisite. Delays are dangerous.

SUMMERSIDE

And Prince County

—CONDITION UNCHANGED—

The condition of Mr. H. M. Downing, Summerside, whose serious illness was referred to in Saturday's Guardian, remains unchanged.

—COMMITTEES APPOINTED—

At the recent meeting of the new Mount Allison Alumni Society in Summerside, the following committees were appointed: Placement Committee, George Sheen, Summerside; Secondary Schools Committee, Roscoe Walker, Kensington and Kenneth Muttart, Summerside; Entertainment Committee, James Wells, Summerside.—S.

—THE FUNERAL OF Mrs. Thomas McNutt, wife of the Hon. Thomas McNutt was held yesterday afternoon from her late residence at Malpeque to the United Church. The services were very largely attended by friends from all parts of the province. Among them were many friends from Summerside. The services were conducted by Rev. Mr. McMillan, assisted by Rev. Mr. Williamson. The pall bearers were: Leigh Owen, Robert McNutt, Peter McNutt, Charles Stewart, John Keir and George Riley. Interment was in the Malpeque Cemetery. Members of the government present were: Hon. W. J. P. McMillan, Hon. G. Shelton Sharp, Hon. Frank McPhee, Hon. Adrien Arsenault, Heath Strong, M.L.A., Walter McKenzie, M.L.A., Thomas Wigmore, M.L.A., and A. E. McLean, M.P.—S.

PERSONALS

—Mr. Irving Ramsay was a visitor to Summerside on Friday last.—S.

—Mr. and Mrs. James McArthur of Elmisdale were visitors to Summerside last week.—S.

—Mrs. G. A. Bennett, of Charlottetown, has been visiting her parents, Mr. and Mrs. Alexander Lockhart, of St. Eleanors.—S.

—Dr. A. B. and Mrs. Takles of Sussex, N. B., who attended the fur auction sale at Summerside last week, remained over for the week-end, visiting friends. They were registered at the Clifton Hotel.—S.

FEDERAL MIN.

(Continued from Page 1)

tion an invitation was extended to the federal minister by Dr. G. Ennis Smith to meet prominent citizens at his residence on the Experimental Station where about fifty of the business men of the town were present. Yesterday, accompanied by Hon. Mr. Sharp and Mr. Arnett, the federal minister visited the fox ranches of Messrs. Milligan and Morrison, Northam, Urban Gillis, Miscouche, the Dominion Experimental Ranch at Summerside and the ranch of Mr. George Calbeck. A visit was also made to the farms of Mr. J. H. Myers, M. P., Hampton, and Mr. W. M. Lea, Victoria. Mr. Weir arrived in Charlottetown yesterday afternoon and will be guest of the Provincial Government at a luncheon in his honour today. Other functions include an inspection of the Dominion Experimental Farm, where he will dine informally with Dr. J. A. Clark, the superintendent, and a public meeting in Rochford Square Hall this evening, at which Mr. Weir will speak. He will leave tomorrow morning to attend meetings of fruit growers at Kentville, N. S.

DISCUSSES PROSPECTS

The object of Mr. Weir's visit, is to get first hand information on agriculture and agricultural conditions in Prince Edward Island. With general reference to Imperial Conference trade agreements in connection with agriculture Mr. Weir said: "When currency is re-established, and when our money will be more on a parity with the currency of the United Kingdom, there will not only be a direct benefit to the markets in the Maritime Provinces, but also an indirect benefit, as the markets of the United Kingdom will take off the surplus products of other parts of Canada and prevent them entering into competition with the products of the Maritimes." Mr. Weir cited the competition

RETURNS TO N. B.

He returned to New Brunswick but for some time spent his winters abroad, travelling extensively in Europe and spending much time in London and Paris, pursuing his historical studies, scanning original documents in such notable public collections as the British Museum and the Records Office in London, and the Archives in Paris. Always he was collecting Canadiana, including pictures, engravings, sketches, manuscripts, pamphlets and early books. He had copies made of pictures which had never before been

of beef cattle as an outstanding example of this principle. The minister expressed pleasure on noting that the price of potatoes had increased over what it was last year, and remarked that potatoes shipped from here to Toronto by water were competing on an even footing with the product grown one hundred miles from that city. Regarding the effect of the Imperial Conference agreements on agriculture, the minister remarked that the price of apples is one dollar a barrel more than it was last year. "The greatest care must be taken to prevent the export of fruit in any way diseased, or we will lose the benefits we have gained. As far as fruit is concerned there is a different demand this year. At the fruit growers meeting the subject of apple maggot will be discussed. The Dominion Entomologist and Fruit Commissioner will be present. "After the Imperial Conference all Ministers of Agriculture were called together to eliminate duplication of Federal, Provincial and other institutional services, and to combine in confronting problems which it was agreed were common. Those questions will be discussed further while I am on the island, and in Nova Scotia."

It is interesting to note that today is Mr. Weir's birthday. The Guardian wishes the hon. gentleman many happy returns of the day.

The Product back of THIS INVESTMENT has been proven in more than 250 municipalities

After thorough investigation, Montreal City Authorities have installed "Electro-Matic" signals at 49 street intersections. The efficient operation of these signals and the increased safety resulting from their use are being proved day and night in Montreal as they have been proved in 250 other municipal corporations.

The market for "Electro-Matic" signals is constantly increasing because of the growing demand for greater public safety. This market is exclusively controlled by the Automatic Signal Corporation through its ownership of sole rights for the manufacture, sale and lease of "Electro-Matic" signal equipment.

Having demonstrated the efficiency of "Electro-Matic" signals, this Corporation is now offering the investing public a participating opportunity in a limited number of shares at \$3.50 per share.

A demonstration of this remarkable signal system may be seen at the offices of our financial representatives: Messrs. Johnston and Ward.
