

THE EASTERN GUARDIAN

..*IT PAYS to buy in this Province.
..*T. GORDON IVES is Guardian agent in Montague.
..*GEORGETOWN— Services at Holy Trinity Church, Georgetown next Sunday at 11 and 7. Bible Class at 3 p. m. Mr. A. G. Crabb to officiate.

..*Mr. Ed. Feehan, Principal of Souris High School was in Charlottetown Saturday attending a meeting of the Executive of the Teachers' Association.—L.

..*BRISTOL AND VICINITY.— The farmers are busily engaged cutting their supply of firewood. Many of the young folks of Bristol are busily embarked in smelt fishing; they report smelts very scarce. St. Peter's Harbor School is progressing favorably under the skilful management of the teacher, Miss Mary Leslie. Some of the jolly folks of Bristol and vicinity, are practicing for a concert, which they intend holding in Morell Hall in the near future. Miss Laura McVarish paid a flying visit to St. Peter's Harbor Saturday. The central part of the island was visited on Monday and Tuesday last by one of the heaviest rain falls that has been known, but owing to the bad condition of the roads, it did not hinder Mr. McEwen, the mail driver, from enduring his regular routes. Mr. McEwen is the right man in the right place.—

..*NOTICE—A concert will take place in Souris on Wednesday evening, Feb. 3rd. Proceeds in aid of Red Cross Society. 8351-23mf

..*M. Maurice Maeterlinck, the celebrated Belgian author, is naturally, no lover of the Germans. He stated the other day that he had irrefutable evidence that the Huns had made up their minds to blow up Brussels, Antwerp, Ghent and Bruges.

..*SICKNESS AMONG CANADIANS LONDON, Jan. 24.—A visit to-day to Levington, a Wiltshire village, where the Canadian field artillery is billeted, shows that the sickness which has prevailed on the south side of Salisbury Plains, is equally rife on the north. Spinal meningitis has among its latest victims Jack Kennedy, of the Fifth Battalion, formerly the Twenty-First Westmount Battery.

..*A spacious manor house has been converted into a hospital (No. 2 General) under Lt. Col. D. W. McPherson, which, though full, only takes less serious or non-surgical cases. About 150 horses are also in hospitals, but the Canadian veterinary service is doing good work, and has restored several animals which had been condemned to slaughter.

..*All anticipations are directed to an early move, which is expected and favoured from a medical standpoint, as likely to stamp out meningitis. The fact that the Second Brigade, Seventh Battery, started firing for the first time yesterday is also of this nature, as a medico gave lectures on how to deal drinking water on active service.

..*The experiences of the contingent at Salisbury Plains may mean the selection of another camp for the second contingent, and on this subject, your correspondent gathers, urgent representations are being made from several quarters.

..*An inevitable result of the system adopted at Salisbury Plains regarding newspaper reports was seen when Colonel Heard, chief of staff, summoned the scribes to discuss important matters. Representatives of the Globe, the Mail and Empire and the Star, from Canada, attended and Col. Heard complained of mis-statements communicated to the three newspapers mentioned.

..*Specific exception was taken to stories of alleged differences between General Alderson and the Minister of Militia, and of the former's likely retirement; the reported accident to Col. Victor Williams in the trenches; the report that Canadian engineers were leaving for France to build huts for Sir John Jackson.

..*As the newspaper men involved had received honorary commissions, they had rendered themselves liable to court martial, but warning was sufficient this time, Col. Heard hoped.

..*It is only fair to point out that representatives of Canadian papers cannot get any news from official quarters now, either at Salisbury Plains or London. Even the news of deaths from disease or accident filters through Ottawa, except when it is obtained privately.

THE STEPHANO WILL NOT GO SEALING THIS SEASON.

HALIFAX, Jan. 25.—The Red Cross line steamer Stephano will remain on the Halifax, New York and Newfoundland route this winter, and not go on a sealing trip as she has been doing each winter up to the present. This resolves by the company is due to the scarcity of boats for charter and the high rates prevailing.

..*The steamer Florizel, of the same line, will prosecute the sealing industry as usual during the coming season. The Florizel is admirably suited for this work, being well able to cope with the ice conditions.

..*Last year the Black Diamond steamer Morwenna was chartered by the Red Cross line for the Halifax, New York and Newfoundland route. She is only a small vessel, and finding the freight trade very poor this winter the company will be able to use the Stephano's capacity with ease.

..*Kidneys Wrong?— If they are you are in danger. When through weakness or disease the kidneys fail to filter the impurities from the blood, trouble comes at once. Backache, Rheumatism, Sciatica, Gravel, Diabetes, Gall Stones and the deadly Bright's Disease are some of the results of neglected kidneys. Dr. Morse's Indian Root Pills contain a most effective diuretic which strengthens and stimulates the kidneys so that they do their work thoroughly and well. Try Dr. Morse's Indian Root Pills

THE SIMPLEST WAY.

Sir Oliver Lodge, the famous scientist, stated the other day that the present war is "the holiest war that we were ever engaged in."

Sir Oliver is a man of very plain speech and he hates affectation of any kind. On one occasion he administered a sharp rebuke to a student of chemistry. Strolling through the physics laboratory one day, Sir Oliver saw a young man performing an experiment in which he had to cause the water in a basin to rise in a tube.

"How are you going to do that?" he asked.
The student, wishing to show off his knowledge before so great a scientist thereupon entered into a long explanation in which technical terms were mixed up by the dozen.

"Um," said Sir Oliver dryly when the youth had finished, "if I were you I should just suck it!" Which was what the student really intended to do, only he didn't like to say so.

VALESKA SURRATT AT B. F. KEITH'S THEATRE, BOSTON.

Valeska Surra, the late star of "The Red Rose," "Belle of the Boulevard" and "Varieties" and other big musical comedies, and the most gorgeously gowned woman on the American stage, will come to B. F. Keith's Theatre the week of February 1st at the head of a splendidly mounted bill. Miss Surra will offer her dramatic review, "Black Crope and Diamonds," a wonderfully staged affair, with sensational dancing, singing, tangling and gorgeousness run riot. Miss Surra has expended thousands of dollars upon her production. It is by far the most beautiful and expensive offering of its kind ever staged. Miss Surra will be assisted by a large company of expert dancers. The surrounding bill includes George Rolland and his company, including that funny little assistant, "Felix the Furnace." Mr. Rolland appears as the steamfitter called in to revive the drooping spirits of a furnace that refuses to work properly. He and his helper proceed to make things miserable for everyone during their campaign in the cellar. Bert Errol, with the Tetraxini voice, and the beautiful gowns, will be another big attraction, and other features include Four Volunteers in a novel singing act; Tosca Four, famous acrobats; Irene and Bobbie Smith, with original song hits; and Farrell in a new specialty; Torelli, the one man band and Charles Thompson, the European juggler.

CHILDREN HATE PILLS, CALOMEL AND CASTOR OIL

IF CROSS, FEVERISH, CONSTIPATED, GIVE "CALIFORNIA SYRUP OF FIGS."

Look back at your childhood days. Remember the "doses" mother insisted on—castor oil, calomel, cathartics. How you hated them, how you fought against taking them.

With our children it's different. Mothers who cling to the old form of physic simply don't realize what they are doing. The children's revolt is understandable. Their tender little "insides" are injured by them.

If your child's stomach, liver and bowels need cleansing, give only delicious "California Syrup of Figs." Its action is positive, but gentle. Millions of mothers keep this harmless "fruit laxative" handy; they know children love to take it; that it never fails to clean the liver and bowels and sweeten the stomach, and that a teaspoonful given today saves a sick child tomorrow.

Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which has full directions for babies, children of all ages and grown-ups plainly on each bottle. Beware of counterfeits sold here. See that it is made by "California Fig Syrup Company." Refuse any other kind with contempt.

Acid Stomachs are Dangerous

Common Sense Advice by a Distinguished Specialist.

"Acid" stomachs are dangerous because acid irritates and inflames the delicate lining of the stomach, thus hindering and preventing the proper action of the stomach, and leading to stomach trouble from which people suffer. Ordinary medicines and medicinal treatments are useless in such cases, for they leave the sources of the trouble, the acid in the stomach, as dangerous as ever. The acid must be neutralized, and its formation prevented, and the best thing for this purpose is a teaspoonful of bisaturated magnesia, a simple antacid, taken in a little warm water or cold water after eating, which not only neutralizes the acid, but also prevents the fermentation from which acidity is developed. Foods which ordinarily causes distress may be eaten with impunity if the meal is followed with a little bisaturated magnesia, which can be obtained from any druggist, and should always be kept handy.
